To: "Kumar, Jason" <jkumar@ameren.com>, tperry2@ameren.com

As I am a party to this case please provide me the following information.

Did ATXI or its consultants go to Devnetwedge.com between the dates of January 1, 2024 and July 5, 2024 for the purpose of acquiring landowner information or parcel information or any other parcel specific information about any Worth County landowners who are impacted by either DCO 27 or DCO 28? Did ATXI or its consultants successfully acquire parcel specific information from the Devnet Wedge website including mailing addresses of landowners. If the answer to the above is yes, please provide the information acquired and also provide what date(s) the information was acquired. Please describe how many (if any) landowners were then notified using the information gained from the above mentioned website for the April 9th Open House in Grant City and separately how many (if any) landowners were mailed the July 5th dated letter announcing the intent to file a CCN using the information acquired from Devnetwedge.com.

Respectfully,
Mark Harding

Ameren Transmission Company of Illinois
Response to Intervenor's Data Request
EA-2024-0302

Application of ATXI for a Certificate of Convenience and Necessity under Section
393.170.1, RSMo. relating to Transmission Investments in Northwest and Northeast
Missouri

No.: Harding 2

[(1)] Did ATXI or its consultants go to Devnetwedge.com between the dates of January 1, 2024 and July 5, 2024 for the purpose of acquiring landowner information or parcel information or any other parcel specific information about any Worth County landowners who are impacted by either DO 27 or DO 28? [(2)] Did ATXI or its consultants successfully acquire parcel specific information from the Devnet Wedge website including mailing addresses of landowners. [(3)] If the answer to the above is yes, please provide the information acquired and also provide what date(s) the information was acquired. [(4)] Please describe [(a)] how many (if any) landowners were then notified using the information gained from the above mentioned website for the April 9th Open House in Grant City and [(b)] separately how many (if any) landowners were mailed the July 5th dated letter announcing the intent to file a CCN using the information acquired from Devnetwedge.com.

RESPONSE:

Prepared By: Leah Dettmers
Title: Manager, Stakeholder Relations and Training
Phone No.: 314.366.1848

ATXI objects to this data request on the grounds that it seeks information related to matters which are beyond the scope of the grant of intervention to Mr. James Harding which was limited per the Order Regarding Applications To Intervene and Directing Filing Of Procedural Schedule issued May 7, 2025, to "the issue of routing concerns affecting [his] property," and as such asks for information that is not relevant and is unlikely to lead to the discovery of admissible evidence. ATXI also objects to this data request on the grounds and to the extent that it requests ATXI to create data or information which does not exist and/or is not maintained in the form requested in the normal course of business.

Subject to and without waiving the foregoing objections, ATXI responds as follows:

1. ATXI consultants were pointed to the worthmo.devnetwedge.com website by personnel from the Worth County Assessor's office and utilized that website to obtain assessor's office records and information, including landowner information, between the dates of May 21, 2024 and July 5, 2024 for tax parcels in Worth County, Missouri. The purposes for which ATXI's consultants utilized the worthmo.devnetwedge.com website included obtaining Worth County Assessor information for tax parcels identified as being directly

- impacted by the transmission line route proposed by ATXI in its application (also referred to as route DO-28) for the notice of application filing sent to landowners on July 5, 2024.
2. ATXI consultants acquired parcel specific information from the worthmo.devnetwedge.com website, including mailing addresses of landowners, for the tax parcels in Worth County, Missouri.
 3. Please see the file **Harding DR 2 Attach (CONFIDENTIAL)** for the Worth County Assessor's office tax parcel information that was downloaded by ATXI's consultant from the worthmo.devnetwedge.com website and uploaded to the consultant's property data system on the dates indicated for parcels where the owner(s) were identified as Mark Harding, Mark and Laurice Harding, James Mark Harding, and/or James Mark Harding and Laurice M. Harding. The exact date such data was downloaded from the worthmo.devnetwedge.com website is not available (except for the tax cards with a date in the document header), but that date was typically the same date as the upload date.
 4. Please see ATXI Responses to Staff Data Requests MPSC 0022.0 and 0022.1 for the methods and sources of landowner information that ATXI relied upon for the open house notifications and notice of application filing to landowners regarding the Projects at issue in this proceeding.
 - a. Assessor's office records and information from the worthmo.devnetwedge.com website were not used to obtain the names and mailing addresses of owners of tax parcels within the study area notified of the April 9, 2024 open houses in Grant City.
 - b. Assessor's office records and information from the worthmo.devnetwedge.com website were used to obtain the names and mailing addresses of owners of tax parcels directly impacted by the route proposed by ATXI in its application, including for the notice of application filing sent to landowners on July 5, 2024.
