OF THE STATE OF MISSOURI**

In the Matter of the Application of Union)	
Electric Company d/b/a Ameren Missouri)	
Company for a Certificate of Convenience)	File No. EA-2026-0058
and Necessity to Construct, Own, Operate)	
and Maintain Upgrades to the Transmission)	
System in Montgomery and Callaway)	
Counties, Missouri)	

APPLICATION TO INTERVENE
OF THE MISSOURI JOINT MUNICIPAL ELECTRIC UTILITY COMMISSION

The Missouri Joint Municipal Electric Utility Commission (“MJMEUC”) hereby respectfully moves and files its Application to Intervene in this matter pursuant to Commission Rule 4 CSR 4240-2.075. In support of this Application, MJMEUC states as follows:

1. On November 10, 2025, Union Electric Company d/b/a Ameren Missouri (“Ameren Missouri”) filed an “Application for a Certificate of Convenience and Necessity to Construct, Own, Operate and Maintain Upgrades to the Transmission System in Montgomery and Callaway Counties, Missouri” (“CCN Application”) authorizing Ameren Missouri to (1) construct, install, own, operate, control, manage and maintain approximately 28 miles of new 345 kV transmission line and any associated necessary facilities to connect the Burns substation in Callaway County to the Montgomery substation in Montgomery County, (2) because the new double-circuit line is required to connect Grain Belt Express, LLC’s Tiger Connector Transmission Line to the Burns substation. On November 18, 2025, the Commission issued its Order setting a deadline of December 12, 2025, for filing Applications for Intervention.

2. MJMEUC is a body corporate and politic of the State of Missouri, organized as a joint municipal utility commission pursuant to Section 393.700 *et seq.* Revised Statutes of

Missouri, to construct, operate, and maintain jointly owned transmission and generation facilities for the production and transmission of electric power for its members, to purchase and sell electric power and energy, and to enter into agreements with any person for the transmission of electric power. MJMEUC is organized on a state-wide basis to promote efficient wheeling, pooling, generation, and transmission arrangements to meet the power and energy requirements of the municipal electric utilities in the State of Missouri. MJMEUC's membership includes seventy-two municipal entities in Missouri and four advisory members in Arkansas. Together, MJMEUC's members serve over 500,000 electric customers, over 350,000 of which are Missourians.

3. Correspondence, communications, orders, and the decision in this matter should be addressed to:

Peggy A. Whipple

Springfield, MO 65804
Telephone: (417) 864-7018
Facsimile: (417) 864-7018
Email: peggy@healylawoffices.com

4. MJMEUC has an interest that is different from that of the general public in that it represents the interest of municipal electrical systems throughout the state, as well as having entered into a transmission service agreement to utilize the Grain Belt Express, which is a subject of the CCN Application, to deliver power to MJMEUC's members that this Commission found in EA-2016-0358 to be needed and in the public interest. MJMEUC thus has a direct and immediate interest in this proceeding that is not currently represented in this matter.

5. MJMEUC takes a position in support of the CCN Application.

WHEREFORE, MJMEUC respectfully requests that the Commission grant its Application to Intervene on its behalf and on behalf of its members, entitling it to fully participate in this case.

Dated: November 25, 2025

Respectfully submitted,
