Cc: Dietrich, Natelle***Subject:** Follow-up to MoPSC DSM Potential Study Roundtable Discussion

In the Roundtable this morning, Janet Wheeler posed some questions on behalf of Commissioner Jarrett. I indicated I would follow-up the discussion with an email seeking input from all interested stakeholders. I will place the article and all responses in the working docket. Natelle
<http://online.wsj.com/article/SB10001424052748704259704576033890595565026.html>

According to the attached article, California has learned, that "it is hard to accurately predict and tricky to measure energy savings" when reviewing evaluation reports and field studies related to the use of CFLs. The article goes on to say, "Staff of the state utilities commission said utilities missed their overall-energy savings targets, partly because of disappointing results from light bulbs."

Do you have any comments or observations about these statements?

Should the MoPSC DSM Potential Study be adjusted to acknowledge these statements?
