Subject: Solar Definition/Renewable Energy Standard

Brenda

Here is the definition I would like to see for "Solar".

Section 1 (H) 2. Solar, including solar thermal sources utilized to generate electricity, Photovoltaics, Solar Water Heat, Solar Air Heaters.

Products must have SRCC rating.

Here is the info on SRCC.
ref: SRCC <http://www.solar-rating.org/>

If you have any questions don't hesitate to call or email.
