Colleagues,

Please see the attached application being sent to you according to 4 CSR 240-13.065, which requires us to provide a copy of applications regarding Chapter 13 waivers to parties in the utility's last rate case.

Please see the highlighted portion for the initiative we are hoping to enable through this waiver request. My apologies for the oversight in not sending this to you sooner.

If you have any questions, please let me know.

Thanks,

Paula

RE: **Regulatory Requirement:** Ameren Missouri Variance Request for Pick Your Due Date Option

Dear Media Member:

Attached, please find a copy of an application and accompanying tariffs submitted to the Missouri Public Service Commission ("Commission") by Union Electric Company d/b/a Ameren Missouri.

Ameren Missouri is requesting a variance from a Commission rule to enable it to more easily offer customers within its service territory the option to choose their own billing due dates. We are excited about being able to offer customers this option. We believe customers want more freedom to establish a due date that aligns with their budgets, and we want to provide them the ability to do so.

This Pick Your Due Date option must be approved by the Commission and requires a variance from the Commission's Service and Billing Practices rules (4 CSR 240 Chapter 13) regarding notice requirement for billing due date revisions (4 CSR 240-13.020(6)).

We are providing this information in compliance with 4 CSR 240-13.065, **which requires us to provide a copy of this application to the "newspaper with the largest circulation in each county within the utility's service area affected by the variance..."** for any requested variance from 4 CSR 240 Chapter 13 rules.

If you have any questions, please let us know.
