

change of local service is not received. On a schedule to be determined by Embarq, Embarq will perform a comparison of requests for CPNI to service orders received for the change of Local Service to TCG. Embarq will produce a report of unmatched requests for CPNI, and may require an LOA from TCG for each unmatched request. TCG agrees to provide evidence of end user permission for receipt of CPNI for all end users in the request by Embarq within three (3) Business Days of receipt of a request from Embarq. Should Embarq determine that there has been a substantial percentage of unmatched LOA requests, Embarq reserves the right to immediately disconnect the preordering Electronic Interface.

71.11.2.4. If TCG is not able to provide the LOA for ninety-five percent (95%) of the end users requested by Embarq, or if Embarq determines that an LOA is inadequate, TCG will be considered in breach of the agreement. TCG can cure the breach by submitting to Embarq evidence of an LOA for each inadequate or omitted LOA within three (3) Business Days of notification of the breach.

71.11.2.5. Should TCG not be able to cure the breach in the timeframe noted above, Embarq will discontinue processing new service orders until, in Embarq's determination, TCG has corrected the problem that caused the breach.

71.11.2.6. Embarq will resume processing new service orders upon Embarq's timely review and acceptance of evidence provided by TCG to correct the problem that caused the breach.

71.11.2.7. If TCG and Embarq do not agree that TCG requested CPNI for a specific end user, or that Embarq has erred in not accepting proof of an LOA, the Parties may immediately request dispute resolution in accordance with Part B. Embarq will not disconnect the preordering Electronic Interface during the Alternate Dispute Resolution process.

71.12. TCG may use Embarq's ordering process (IRES) to:

- 71.12.1. to assign telephone number(s) (if the subscriber does not already have a telephone number or requests a change of telephone number) at Parity.
 - 71.12.1.1. to schedule dispatch and installation appointments at Parity.
 - 71.12.1.2. to access Embarq subscriber information systems which will allow TCG to determine if a service call is needed to install the line or service at Parity.
 - 71.12.1.3. to access Embarq information systems which will allow TCG to provide service availability dates at Parity.
 - 71.12.1.4. transmit status information on service orders, including acknowledgement, firm order confirmation, and completion at Parity.

71.13. Standards

- 71.13.1. General Requirements. TCG and Embarq shall agree upon the appropriate ordering and provisioning codes to be used for UNEs. These codes shall apply to all aspects of the unbundling of that element and shall be known as data elements as defined by the Telecommunications Industry Forum Electronic Data Interchange Service Order Subcommittee (TCIF-EDI-SOSC).

72. BILLING

- 72.1. Embarq shall comply with various industry, OBF, and other standards referred to throughout this Agreement. Embarq will review any changes to industry standards, and implement the changes within the industry-defined window. Embarq will notify TCG of any deviations to the standards.
- 72.2. Embarq shall bill TCG for each service supplied by Embarq to TCG pursuant to this Agreement at the rates set forth in this Agreement.
- 72.3. Embarq shall provide to TCG a single point of contact for interconnection and collocation at the National Access Service Center (NASC), and Network Elements and resale at Embarq's NEAC, to handle any Connectivity Billing questions or problems that may arise during the implementation and performance of the terms and conditions of this Agreement.
- 72.4. Embarq shall provide a single point of contact for handling of any data exchange questions or problems that may arise during the implementation and performance of the terms and conditions of this Agreement.
 - 72.4.1. Subject to the terms of this Agreement, TCG shall pay Embarq within thirty (30) Days from the Bill Date. If the payment due date is a Saturday, Sunday or has been designated a bank holiday payment shall be made the next business day.

- 72.5. Bill disputes shall not be submitted by either party for any charge on or after one (1) year following the bill date of the bill on which the charge first appears. Notwithstanding this limitation, both parties recognize that situations exist that may require that a dispute be submitted beyond the one year limit. These exceptions include charges for jointly provided services for which meet point billing guidelines require either Party to rely on records from a third Party, and charges which are incorrectly billed due to error or omission of TCG-provided data, such as PLU or PIU factors or other ordering data.
- 72.6. Billed amounts for which written, itemized disputes or claims have been filed shall be handled in accordance with the Dispute Resolution procedures set forth in Part B of this Agreement.
- 72.7. Embarq will assess late payment charges to TCG in accordance with Part B, Section 7.4 of this Agreement.
- 72.8. Embarq shall credit TCG for incorrect Connectivity Billing charges including without limitation: overcharges, services ordered or requested but not delivered, interrupted services, services of poor quality and installation problems if caused by Embarq. Such reimbursements shall be set forth in the appropriate section of the Connectivity Bill pursuant to CABS, or SECAB standards.
- 72.9. Where Parties have established interconnection, Embarq and TCG agree to conform to MECAB and MECOD guidelines. They will exchange Billing Account Reference and Bill Account Cross Reference information and will coordinate Initial Billing Company/Subsequent Billing Company billing cycles. Embarq and TCG will exchange the appropriate records to bill exchange access charges to the IXC. Embarq and TCG agree to capture EMI records for inward terminating and outward originating calls and send them to the other, as appropriate, in a daily or other agreed upon interval, via and agreed upon media (e.g.: Connect Direct or cartridge).
- 72.9.1. Embarq will bill TCG for message provisioning and, if applicable, data tape charges related to exchange access records. Embarq will bill TCG for the records at the rates on Table One. If TCG requests additional copies of the monthly invoice, Embarq may also bill TCG for the additional copies.
- 72.10. Revenue Protection. Embarq shall make available to TCG, at Parity with what Embarq provides to itself, its Affiliates and other local telecommunications CLECs, all present and future fraud prevention or revenue protection features, including prevention, detection, or control functionality embedded within any of the Network Elements. These features include, but are not limited to screening codes, information digits assigned such as information digits '29' and '70' which indicate prison and COCOT pay phone originating line types respectively, call blocking of domestic, international, 800, 888, 900, NPA-976, 700, 500 and specific line numbers, and the capability to require end-user entry of an authorization code for dial tone. Embarq shall, when technically capable and consistent with the implementation schedule for Operations Support Systems (OSS), additionally provide partitioned access to fraud prevention, detection and control functionality within pertinent OSS.

73. PROVISION OF USAGE DATA

73.1. This Section sets forth the terms and conditions for Embarq's provision of Recorded Usage Data (as defined in this Part) to TCG and for information exchange regarding long distance and access billing. The parties agree to record call information for interconnection in accordance with this Section. To the extent technically feasible, each party shall record all call detail information associated with completed calls originated by or terminated to the other Party's local exchange subscriber, and long distance calls transited through one Party's network to the terminating provider. Embarq shall record for TCG the messages that Embarq records for and bills to its end users and records for billing of interexchange carriers. These records shall be provided at a party's request and shall be formatted pursuant to Telcordia's EMI standards and the terms and conditions of this Agreement. These records shall be transmitted to the other party on non-holiday Business Days in EMI format via CDN, or provided on a cartridge. Embarq and TCG agree that they shall retain, at each party's sole expense, copies of all EMI records transmitted to the other party for at least forty-five (45) calendar days after transmission to the other party.

73.2. General Procedures

73.2.1. Embarq shall comply with various industry and OBF standards referred to throughout this Agreement.

73.2.2. Embarq shall comply with OBF standards when recording and transmitting Usage Data.

73.2.3. Embarq shall record all usage originating from TCG end users using resold services ordered by TCG, where Embarq records those same services for Embarq end users. Recorded Usage Data includes, but is not limited to, the following categories of information:

73.2.3.1. Use of CLASS/LASS/Custom Features that Embarq records and bills for its end users on a per usage basis.

73.2.3.2. Calls to Information Providers (IP) reached via Embarq facilities will be provided in accordance with Section

73.2.3.2. Calls to Directory Assistance where Embarq provides such service to an TCG end user.

73.2.3.3. Calls completed via Embarq-provided Operator Services where Embarq provides such service to TCG's local service end user and where Embarq records such usage for its end users using Industry Standard Telcordia EMI billing records.

73.2.3.4. Access records related to long distance calling.

73.2.3.5. For Embarq-provided Centrex Service, station level detail.

73.2.4. Retention of Records. Embarq shall maintain a machine readable back-up copy of the message detail provided to TCG for a minimum of forty-five

(45) calendar days. During the forty-five (45) day period, Embarq shall provide any data back-up to TCG upon the request of TCG. If the forty-five (45) day period has expired, Embarq may provide the data back-up at TCG's expense.

73.2.5. Embarq shall provide to TCG Recorded Usage Data for TCG end users. Embarq shall not submit other TCG local usage data as part of the TCG Recorded Usage Data.

73.2.6. Embarq shall not bill directly to TCG subscribers any recurring or non-recurring charges for TCG's services to the end user except where explicitly permitted to do so within a written agreement between Embarq and TCG.

73.2.7. Embarq will record 976/N11 calls and transmit them to the IP for billing. Embarq will not bill these calls to either TCG or the TCG's end user.

73.2.8. Embarq shall provide Recorded Usage Data to TCG billing locations as agreed to by the Parties.

73.2.9. Embarq shall provide a single point of contact to respond to TCG call usage, data error, and record transmission inquiries.

73.2.10. Embarq shall provide TCG with a single point of contact and remote identifiers (IDs) for each sending location.

73.2.11. TCG shall provide a single point of contact responsible for receiving usage transmitted by Embarq and receiving usage tapes from a courier service in the event of a facility outage.

73.2.12. Embarq shall bill and TCG shall pay the charges for Recorded Usage Data. Billing and payment shall be in accordance with the applicable terms and conditions set forth herein.

73.3. Charges

- 73.3.1. Access services, including revenues associated therewith, provided in connection with the resale of services hereunder shall be the responsibility of Embarq and Embarq shall directly bill and receive payment on its own behalf from an IXC for access related to interexchange calls generated by resold or rebranded customers.
- 73.3.2. Embarq will be responsible for returning EMI records to IXCs with the proper EMI Return Code along with the Operating Company Number (OCN) of the associated ANI, (i.e., Billing Number).
- 73.3.3. Embarq will deliver a monthly statement for Wholesale Services in the medium (e.g.: NDM, paper, or CD-ROM) requested by TCG as follows:
 - 73.3.3.1. Invoices will be provided in a standard Carrier Access Billing format or other such format as Embarq may determine;
 - 73.3.3.2. Where local usage charges apply and message detail is created to support available services, the originating local usage at the call detail level in standard EMI industry format will be exchanged daily or at other mutually agreed upon intervals, and TCG will pay Embarq for providing such call detail;
 - 73.3.3.3. The Parties will work cooperatively to exchange information to facilitate the billing of in and out collect and inter/intra-region alternately billed messages;
 - 73.3.3.4. Embarq agrees to provide information on the end-user's selection of special features where Embarq maintains such information (e.g.: billing method, special language) when TCG places the order for service;
 - 73.3.3.5. Monthly recurring charges for Telecommunications Services sold pursuant to this Agreement shall be billed monthly in advance.
 - 73.3.3.6. Embarq shall bill for message provisioning and, if applicable data tape charges, related to the provision of usage records. Embarq shall also bill TCG for additional copies of the monthly invoice.
- 73.3.4. For billing purposes, and except as otherwise specifically agreed to in writing, the Telecommunications Services provided hereunder are furnished for a minimum term of one month. Each month is presumed to have thirty (30) days.

73.4. Central Clearinghouse and Settlement

- 73.4.1. Embarq and TCG shall agree upon Clearinghouse and Incollect/Outcollect procedures.
- 73.4.2. Embarq shall settle with TCG for both intra-region and inter-region billing

exchanges of calling card, bill-to-third party, and collect calls under separately negotiated settlement arrangements.

73.5. Lost Data

- 73.5.1. Loss of Recorded Usage Data. TCG Recorded Usage Data determined to have been lost, damaged or destroyed as a result of an error or omission by Embarq in its performance of the recording function shall be recovered by Embarq at no charge to TCG. In the event the data cannot be recovered by Embarq, Embarq shall estimate the messages and associated revenue, with assistance from TCG, based upon the method described below. This method shall be applied on a consistent basis, subject to modifications agreed to by Embarq and TCG. This estimate shall be used to adjust amounts TCG owes Embarq for services Embarq provides in conjunction with the provision of Recorded Usage Data.
- 73.5.2. Partial Loss. Embarq shall review its daily controls to determine if data has been lost. When there has been a partial loss, actual message and minute volumes shall be reported, if possible through recovery as discussed in Section 73.5.1 above. Where actual data are not available, a full day shall be estimated for the recording entity, as outlined in the following paragraphs. The amount of the partial loss is then determined by subtracting the data actually recorded for such day from the estimated total for such day.
- 73.5.3. Complete Loss. When Embarq is unable to recover data as discussed in Section 73.5.1 above estimated message and minute volumes for each loss consisting of an entire AMA tape or entire data volume due to its loss prior to or during processing, lost after receipt, degaussed before processing, receipt of a blank or unreadable tape, or lost for other causes, shall be reported.
- 73.5.4. Estimated Volumes. From message and minute volume reports for the entity experiencing the loss, Embarq shall secure message/minute counts for the four (4) corresponding days of the weeks preceding that in which the loss occurred and compute an average of these volumes. Embarq shall apply the appropriate average revenue per message ("arpm") agreed to by TCG and Embarq to the estimated message volume for messages for which usage charges apply to the subscriber to arrive at the estimated lost revenue.
- 73.5.5. If the day of loss is not a holiday but one (1) (or more) of the preceding corresponding days is a holiday, use additional preceding weeks in order to procure volumes for two (2) non-holidays in the previous two (2) weeks that correspond to the day of the week that is the day of the loss.
- 73.5.6. If the loss occurs on a weekday that is a holiday (except Christmas and Mother's day), Embarq shall use volumes from the two (2) preceding Sundays.
- 73.5.7. If the loss occurs on Mother's day or Christmas day, Embarq shall use volumes from that day in the preceding year multiplied by a growth factor derived from an average of TCG's most recent three (3) month message volume growth. If a previous year's message volumes are not available, a

settlement shall be negotiated.

73.6. Testing, Changes and Controls

73.6.1. The Recorded Usage Data, EMI format, content, and transmission process shall be tested as agreed upon by TCG and Embarq.

73.6.2. Control procedures for all usage transferred between Embarq and TCG shall be available for periodic review. This review may be included as part of an Audit of Embarq by TCG or as part of the normal production interface management function. Breakdowns which impact the flow of usage between Embarq and TCG must be identified and jointly resolved as they occur. The resolution may include changes to control procedures, so similar problems would be avoided in the future. Any changes to control procedures would need to be mutually agreed upon by TCG and Embarq.

73.6.3. Embarq Software Changes

73.6.3.1. When Embarq plans to introduce any software changes which impact the format or content structure of the usage data feed to TCG, designated Embarq personnel shall notify TCG no less than ninety (90) calendar days before such changes are implemented.

73.6.3.2. Embarq shall communicate the projected changes to TCG's single point of contact so that potential impacts on TCG processing can be determined.

73.6.3.3. TCG personnel shall review the impact of the change on the entire control structure. TCG shall negotiate any perceived problems with Embarq and shall arrange to have the data tested utilizing the modified software if required.

73.6.3.4. If it is necessary for Embarq to request changes in the schedule, content or format of usage data transmitted to TCG, Embarq shall notify TCG.

73.6.4. TCG Requested Changes:

73.6.4.1. TCG may submit a purchase order to negotiate and pay for changes in the content and format of the usage data transmitted by Embarq.

73.6.4.2. When the negotiated changes are to be implemented, TCG and/or Embarq shall arrange for testing of the modified data.

73.7. Information Exchange and Interfaces

73.7.1. Product/Service Specific. Embarq shall provide a Telcordia standard 42-50-01 miscellaneous charge record to support the Special Features Star Services if these features are part of Embarq's offering and are provided

for Embarq's subscribers on a per usage basis.

73.7.2. Rejected Recorded Usage Data

73.7.2.1. Upon agreement between TCG and Embarq, messages that cannot be rated and/or billed by TCG may be returned to Embarq via CDN or other medium as agreed by the Parties. Returned messages shall be sent directly to Embarq in their original EMI format utilizing standard EMI return codes.

73.7.2.2. Embarq may correct and resubmit to TCG any messages returned to Embarq. Embarq will not be liable for any records determined by Embarq to be billable to an TCG end user. TCG will not return a message that has been corrected and resubmitted by Embarq. Embarq will only assume liability for errors and unguideables caused by Embarq.

74. GENERAL NETWORK REQUIREMENTS

- 74.1. Embarq shall provide repair, maintenance and testing for all resold Telecommunications Services and such UNEs that Embarq is able to test, in accordance with the terms and conditions of this Agreement.
- 74.2. During the term of this Agreement, Embarq shall provide necessary maintenance business process support as well as those technical and systems interfaces at Parity. Embarq shall provide TCG with maintenance support at Parity.
- 74.3. Embarq shall provide on a regional basis, a point of contact for TCG to report vital telephone maintenance issues and trouble reports twenty four (24) hours and seven (7) days a week.
- 74.4. Embarq shall provide TCG maintenance dispatch personnel on the same schedule that it provides its own subscribers.
- 74.5. Embarq shall cooperate with TCG to meet maintenance standards for all Telecommunications Services and unbundled network elements ordered under this Agreement. Such maintenance standards shall include, without limitation, standards for testing, network management, call gapping, and notification of upgrades as they become available.
- 74.6. All Embarq employees or contractors who perform repair service for TCG end users shall follow Embarq standard procedures in all their communications with TCG end users. These procedures and protocols shall ensure that:
 - 74.6.1. Embarq employees or contractors shall perform repair service that is equal in quality to that provided to Embarq end users; and
 - 74.6.2. Trouble calls from TCG shall receive response time priority that is equal to that of Embarq end users and shall be handled on a "first come first served" basis regardless of whether the end user is an TCG end user or an

Embarq end user.

- 74.7. Embarq shall provide TCG with scheduled maintenance for resold lines, including, without limitation, required and recommended maintenance intervals and procedures, for all Telecommunications Services and network elements provided to TCG under this Agreement equal in quality to that currently provided by Embarq in the maintenance of its own network. TCG shall perform its own testing for UNEs.
- 74.8. Embarq shall give maximum advanced notice to TCG of all non-scheduled maintenance or other planned network activities to be performed by Embarq on any network element, including any hardware, equipment, software, or system, providing service functionality of which TCG has advised Embarq may potentially impact TCG end users.
- 74.9. Notice of Network Event. Each party has the duty to alert the other of any network events that can result or have resulted in service interruption, blocked calls, or negative changes in network performance.
- 74.10. On all misdirected calls from TCG end users requesting repair, Embarq shall provide such TCG end user with the correct TCG repair telephone number as such number is provided to Embarq by TCG. Once the Electronic Interface is established between Embarq and TCG, Embarq agrees that TCG may report troubles directly to a single Embarq repair/maintenance center for both residential and small business end users, unless otherwise agreed to by TCG.
- 74.11. Upon establishment of an Electronic Interface, Embarq shall notify TCG via such electronic interface upon completion of trouble report. The report shall not be considered closed until such notification is made. TCG will contact its end user to determine if repairs were completed and confirm the trouble no longer exists.
- 74.12. Embarq shall perform all testing for resold Telecommunications Services.
- 74.13. Embarq shall provide test results to TCG, if appropriate, for trouble clearance. In all instances, Embarq shall provide TCG with the disposition of the trouble.
- 74.14. If Embarq initiates trouble handling procedures, it will bear all costs associated with that activity. If TCG requests the trouble dispatch, and either there is no trouble found, or the trouble is determined to be beyond the end user demarcation point, then TCG will bear the cost.

75. MISCELLANEOUS SERVICES AND FUNCTIONS

75.1. General

- 75.1.1. To the extent that Embarq does not provide the services described in this Section 75 to itself, TCG must contract directly with the service provider for such services.

75.1.2. Basic 911 and E911 General Requirements

75.1.2.1. Basic 911 and E911 provides a caller access to the appropriate emergency service bureau by dialing a 3-digit universal telephone number (911).

75.1.2.2. Basic 911 and E911 functions provided to TCG for unbundled local switching and resale shall be at Parity with the support and services that Embarq provides to its subscribers for such similar functionality.

In a resale situation, where it may be appropriate for Embarq to update the ALI database, Embarq shall update such database with TCG data in an interval at Parity with that experienced by Embarq end users.

Embarq shall transmit to TCG daily all changes, alterations, modifications, and updates to the emergency public agency telephone numbers linked to all NPA NXXs. This transmission shall be electronic and be a separate feed from the subscriber listing feed.

75.1.2.3. In government jurisdictions where Embarq has obligations under existing agreements as the primary provider of the 911 System to the county (Host Embarq), TCG shall participate in the provision of the 911 System as follows:

Each party shall be responsible for those portions of the 911 System for which it has control, including any necessary maintenance to each party's portion of the 911 System.

Host Embarq shall be responsible for maintaining the E-911 database. Embarq shall be responsible for maintaining the E-911 routing database.

75.1.2.4. If a third party is the primary service provider to a government agency, TCG shall negotiate separately with such third party with regard to the provision of 911 service to the agency. All relations between such third party and TCG are totally separate from this Agreement and Embarq makes no representations on behalf of the third party.

75.1.3. The following are Basic 911 and E911 Database Requirements

75.1.3.1. The ALI database shall be managed by Embarq, but is the property of Embarq and TCG for those records provided by TCG.

75.1.3.2. To the extent allowed by the governmental agency, and where available, copies of the SIG shall be provided within three business days from the time requested and provided on diskette, or in a format suitable for use with desktop computers.

75.1.3.3. TCG shall be solely responsible for providing TCG database records to Embarq for inclusion in Embarq's ALI database on a timely basis.

75.1.3.4. Embarq and TCG shall arrange for the automated input and periodic updating of the E911 database information related to TCG end users. Embarq shall work cooperatively with TCG to ensure the accuracy of the data transfer by verifying it against the SIG. Embarq shall accept electronically transmitted files that conform to NENA Version #2 format.

75.1.3.5. TCG shall assign an E911 database coordinator charged with the responsibility of forwarding TCG end user ALI record information to Embarq or via a third-party entity, charged with the responsibility of ALI record transfer. TCG assumes all responsibility for the accuracy of the data that TCG provides to Embarq.

75.1.3.6. TCG shall provide information on new subscribers to Embarq within one (1) business day of the order completion. Embarq shall update the database within two (2) business days of receiving the data from TCG. If Embarq detects an error in the TCG provided data, the data shall be returned to TCG within two (2) business days from when it was provided to Embarq. TCG shall respond to requests from Embarq to make corrections to database record errors by uploading corrected records within two (2) business days. Manual entry shall be allowed only in the event that the system is not functioning properly.

75.1.3.7. Embarq agrees to treat all data on TCG subscribers provided under this Agreement as confidential and to use data on TCG subscribers only for the purpose of providing E911 services.

75.2. Directory Listings Service Requests

75.2.1. These requirements pertain to Embarq's Listings Service Request process that enables TCG to (a) submit TCG subscriber information for inclusion in Directory Listings databases; (b) submit TCG subscriber information for inclusion in published directories; and (c) provide TCG subscriber delivery address information to enable Embarq to fulfill directory distribution obligations.

75.2.2. When implemented by the Parties, Embarq shall accept orders on a real-time basis via electronic interface in accordance with OBF Directory

Service Request standards within three (3) months of the effective date of this Agreement. In the interim, Embarq shall create a standard format and order process by which TCG can place an order with a single point of contact within Embarq.

75.2.3. Embarq will provide to TCG the following Directory Listing Migration Options, valid under all access methods, including but not limited to, Resale, UNEs and Facilities-Based:

75.2.3.1. Migrate with no Changes. Retain all white page listings for the subscriber in both DA and DL. Transfer ownership and billing for white page listings to TCG.

75.2.3.2. Migrate with Additions. Retain all white page listings for the subscriber in DL. Incorporate the specified additional listings order. Transfer ownership and billing for the white page listings to TCG.

75.2.3.3. Migrate with Deletions. Retain all white page listings for the subscriber in DL. Delete the specified listings from the listing order. Transfer ownership and billing for the white page listings to TCG.

75.2.3.4. To ensure accurate order processing, Embarq or its directory publisher shall provide to TCG the following information, with updates promptly upon changes:

75.2.3.5. A matrix of NXX to central office;

75.2.3.6. Geographical maps if available of Embarq service area;

75.2.3.7. A description of calling areas covered by each directory, including but not limited to maps of calling areas and matrices depicting calling privileges within and between calling areas;

75.2.3.8. Listing format rules;

75.2.3.9. Standard abbreviations acceptable for use in listings and addresses;

75.2.3.10. Titles and designations; and

75.2.3.11. A list of all available directories and their Business Office close dates

75.2.4. Based on changes submitted by TCG, Embarq shall update and maintain directory listings data for TCG subscribers who:

75.2.4.1. Disconnect Service;

75.2.4.2. Change CLEC;

- 75.2.4.3. Install Service;
 - 75.2.4.4. Change any service which affects DA information;
 - 75.2.4.5. Specify Non-Solicitation; and
 - 75.2.4.6. Are Non-Published, Non-Listed, or Listed.
- 75.2.5. Embarq shall not charge for storage of TCG subscriber information in the DL systems.
- 75.2.6. TCG shall not charge for storage of Embarq subscriber information in the DL systems.
- 75.3. Directory Listings General Requirements. TCG acknowledges that many directory functions including but not limited to yellow page listings, enhanced white page listings, information pages, directory proofing, and directory distribution are not performed by Embarq but rather are performed by and are under the control of the directory publisher. TCG acknowledges that for an TCG subscriber's name to appear in a directory, TCG must submit a Directory Service Request (DSR). Embarq shall use reasonable efforts to assist TCG in obtaining an agreement with the directory publisher that treats TCG at Parity with the publisher's treatment of Embarq.
- 75.3.1. This Section 75.3 pertains to listings requirements published in the traditional white pages.
 - 75.3.2. Embarq shall include in its master subscriber system database all white pages listing information for TCG subscribers in Embarq territories where TCG is providing local telephone exchange services and has submitted a DSR.
 - 75.3.3. Embarq agrees to include one basic White pages listing for each TCG customer located within the geographic scope of its White Page directories, at no additional charge to TCG. A basic White Pages listing is defined as a customer name, address and either the TCG assigned number for a customer or the number for which number portability is provided, but not both numbers. Basic White Pages listings of TCG customers will be interfiled with listings of Embarq and other LEC customers.
 - 75.3.4. TCG agrees to provide TCG customer listing information, including without limitation directory distribution information, to Embarq, at no charge. Embarq will provide TCG with the appropriate format for provision of TCG customer listing information to Embarq. The parties agree to adopt a mutually acceptable electronic format for the provision of such information as soon as practicable. In the event OBF adopts an industry-standard format for the provision of such information, the parties agree to adopt such format.
 - 75.3.5. Embarq agrees to provide White Pages database maintenance services to TCG. TCG will be charged a Service Order entry fee upon

submission of Service Orders into Embarq's Service Order Entry (SOE) System, which will include compensation for such database maintenance services. Service Order entry fees apply when Service Orders containing directory records are entered into Embarq's SOE System initially, and when Service Orders are entered in order to process a requested change to directory records.

75.3.6. TCG customer listing information will be used solely for the provision of directory services, including the sale of directory advertising to TCG customers.

75.3.7. In addition to a basic White Pages listing, Embarq will provide, tariffed White Pages listings (e.g.: additional, alternate, foreign and non-published listings) for TCG to offer for resale to TCG's customers.

75.3.8. Embarq, or its directory publisher, agree to provide White Pages distribution services to TCG customers within Embarq's service territory at no additional charge to TCG. Embarq represents that the quality, timeliness, and manner of such distribution services will be at Parity with those provided to Embarq and to other TCG customers.

75.3.9. Embarq agrees to include critical contact information pertaining to TCG in the "Information Pages" of those of its White Pages directories containing information pages, if TCG meets criteria established by its directory publisher. Critical contact information includes TCG's business office number, repair number, billing information number, and any other information required to comply with applicable regulations, but not advertising or purely promotional material. TCG will not be charged for inclusion of its critical contact information. The format, content and appearance of TCG's critical contact information will conform to applicable Embarq directory publisher's guidelines and will be consistent with the format, content and appearance of critical contact information pertaining to all CLECs in a directory.

75.3.10. Embarq will accord TCG customer listing information the same level of confidentiality that Embarq accords its own proprietary customer listing information. Embarq shall ensure that access to TCG customer proprietary listing information will be limited solely to those of Embarq and Embarq's directory publisher's employees, agents and contractors that are directly involved in the preparation of listings, the production and distribution of directories, and the sale of directory advertising. Embarq will advise its own employees, agents and contractors and its directory publisher of the existence of this confidentiality obligation and will take appropriate measures to ensure their compliance with this obligation. Notwithstanding any provision herein to the contrary, the furnishing of White Pages proofs to TCG that contains customer listings of both Embarq and TCG will not be deemed a violation of this confidentiality provision.

- 75.3.11. Embarq will sell or license TCG's customer listing information to any third parties unless TCG submits written requests that Embarq refrain from doing so. Embarq and TCG will work cooperatively to share any payments for the sale or license of TCG customer listing information to third parties. Any payments due to TCG for its customer listing information will be net of administrative expenses incurred by Embarq in providing such information to third parties. The parties acknowledge that the release of TCG's customer listing to Embarq's directory publisher will not constitute the sale or license of TCG's customer listing information causing any payment obligation to arise pursuant to this Section 75.3.11.
- 75.4. Other Directory Services. Embarq will exercise reasonable efforts to cause its directory publisher to enter into a separate agreement with TCG which will address other directory services desired by TCG as described in this Section 75.4. Both parties acknowledge that Embarq's directory publisher is not a party to this Agreement and that the provisions contained in this Section 75.4 are not binding upon Embarq's directory publisher.
- 75.4.1. Embarq's directory publisher will negotiate with TCG concerning the provision of a basic Yellow Pages listing to TCG customers located within the geographic scope of publisher's Yellow Pages directories and distribution of Yellow Pages directories to TCG customers.
- 75.4.2. Directory advertising will be offered to TCG customers on a nondiscriminatory basis and subject to the same terms and conditions that such advertising is offered to Embarq and other TCG customers. Directory advertising will be billed to TCG customers by directory publisher.
- 75.4.3. Directory publisher will use commercially reasonable efforts to ensure that directory advertising purchased by customers who switch their service to TCG is maintained without interruption.
- 75.4.4. Information pages, in addition to any information page or portion of an information page containing critical contact information as described above in Section 75.3.9 may be purchased from Embarq's directory publisher, subject to applicable directory publisher guidelines, criteria, and regulatory requirements.
- 75.4.5. Directory publisher maintains full authority as publisher over its publishing policies, standards and practices, including decisions regarding directory coverage area, directory issue period, compilation, headings, covers, design, content or format of directories, and directory advertising sales.
- 75.5. Directory Assistance Data. This Section refers to the residential, business, and government subscriber records used by Embarq to create and maintain databases for the provision of live or automated operator assisted Directory Assistance. Directory Assistance Data is information that enables telephone exchange CLECs to swiftly and accurately respond to requests for directory information, including, but not limited to

name, address and phone numbers. Under the provisions of the Act and the FCC's Interconnection order, Embarq shall provide unbundled and non-discriminatory access to the residential, business and government subscriber records used by Embarq to create and maintain databases for the provision of live or automated operator assisted Directory Assistance. This access shall be provided under separate contract.

75.6. Systems Interfaces and Exchanges

75.6.1. Directory Assistance Data Information Exchanges and Interfaces

75.6.1.1. Subscriber List Information

75.6.1.2. Embarq shall provide to TCG, at TCG's request, all published Subscriber List Information (including such information that resides in Embarq's master subscriber system/accounts master file for the purpose of publishing directories in any format as specified by the Act) via an electronic data transfer medium and in a mutually agreed to format, on the same terms and conditions and at the same rates that the Embarq provides Subscriber List Information to itself or to other third parties. All changes to the Subscriber List Information shall be provided to TCG pursuant to a mutually agreed format and schedule. Both the initial List and all subsequent Lists shall indicate for each subscriber whether the subscriber is classified as residence or business class of service.

75.6.1.3. TCG shall provide directory listings to Embarq pursuant to the directory listing and delivery requirements in the approved OBF format, at a mutually agreed upon timeframe. Other formats and requirements shall not be used unless mutually agreed to by the parties.

75.7. Listing Types

| | |
|---------------|---|
| LISTED | The listing information is available for all directory requirements. |
| NON-LISTED | The listing information is available to all directory requirements, but the information does not appear in the published street directory. |
| NON-PUBLISHED | A directory service may confirm, by name and address, the presence of a listing, but the telephone number is not available. The listing information is not available in either the published directory or directory assistance. |

PART K - REPORTING STANDARDS

76. GENERAL

- 76.1. Embarq shall satisfy all service standards, intervals, measurements, specifications, performance requirements, technical requirements, and performance standards and will pay any penalties for violation of the performance standards that are required by law or regulation. In addition, Embarq's performance under this agreement shall be provided to TCG at parity with the performance Embarq provides itself for like service(s).

PART K – COLLOCATION

77. SCOPE OF COLLOCATION TERMS

- 77.1. Embarq will provide Collocation to TCG in accordance with this Agreement for the purposes of Interconnection to Embarq pursuant to the Act (including 47 U.S.C. § 251(c)(2)) and for obtaining access to Embarq's UNEs pursuant to the Act (including 47 U.S.C. § 251(c)(3)). Collocation shall be provided on a nondiscriminatory basis, on a "first-come, first-served" basis, and otherwise in accordance with the requirements of the Act (including 47 U.S.C. § 251(c)(6)).
- 77.2. Prices and fees for collocation and other services under this Agreement are contained in Table Two.
- 77.3. This Agreement states the general terms and conditions upon which Embarq will grant to TCG the non-exclusive right to gain access to and occupy the Collocation Space, and other associated facilities as may be necessary, for the sole and exclusive purpose of providing telecommunications service upon submission of an approved and provisioned Application for collocation service. Such service will be provided by installing, maintaining and operating TCG's equipment, which will interconnect with Telecommunications Services and facilities provided by Embarq or others in accordance with this Agreement.

78. TERMINATION OF COLLOCATION SPACE

- 78.1. TCG may terminate occupancy in a particular Collocation Space upon thirty (30) Days prior written notice to Embarq. Upon termination of such occupancy, TCG at its expense shall remove its equipment and other property from the Collocation Space. TCG shall have thirty (30) Days from the termination date to complete such removal, including the removal of all equipment and facilities of TCG's Guests; provided, however, that TCG shall continue payment of monthly fees to Embarq until such date as TCG has fully vacated the Collocation Space. TCG will surrender the Collocation Space to Embarq in the same condition as when first occupied by TCG, except for ordinary wear and tear.
- 78.2. TCG shall be responsible for the cost of removing any enclosure, together with all supporting structures (e.g., racking, conduits), of an Adjacent Collocation arrangement at the termination of occupancy and restoring the grounds to their original condition.
- 78.3. Upon termination of TCG's right to possession of a Collocation Space, TCG shall surrender possession and vacate the Collocation Space within thirty (30) Days. Failure to surrender the Collocation Space within thirty (30) Days shall be considered abandonment and Embarq will have the right to remove the equipment and other property of TCG or TCG's Guest at TCG's expense and with no liability for damage or injury to TCG's property.
- 78.4. Should Embarq under any section of this Agreement remove any of TCG's equipment from its collocation space, Embarq will deliver to TCG any equipment removed by Embarq only upon payment by TCG of the cost of removal, storage and delivery, and all

other amounts due Embarq under this Agreement. Should TCG fail to remove any of its equipment deemed abandoned, title thereto shall pass to Embarq under this Agreement as if by a Bill of Sale. Nothing herein shall limit Embarq from pursuing, at its option, any other remedy in law, equity, or otherwise related to TCG's occupancy in the Collocation Space, including any other remedy provided in this Agreement.

- 78.5. TCG shall surrender all keys, access cards and Embarq-provided photo identification cards to the Collocation Space and the Building to Embarq, and shall make known to Embarq the combination of all combination locks remaining on the Collocation Space.
- 78.6. If it becomes necessary in Embarq's reasonable judgment, and there are no other reasonable alternatives available, Embarq shall have the right, for good cause shown, and upon thirty (30) Days prior notice, to reclaim the Collocation Space or any portion thereof, any Inner Duct, Outside Cable Duct, Cable Vault space or other Embarq-provided facility in order to fulfill its common carrier obligations, any order or rule of the state commission or the FCC, or Embarq's tariffs to provide Telecommunications Services to its end user customers. In such cases, Embarq will reimburse TCG for reasonable direct costs and expenses in connection with such reclamation.
- 78.7. If it becomes necessary in Embarq's reasonable judgment, and there are no other reasonable alternatives, to require TCG to move to equivalent space in the Premises upon receipt of sixty (60) Days written notice from Embarq, in which event, Embarq shall pay all moving costs, and the Collocation License Fee provided for herein shall remain the same.

79. COLLOCATION OPTIONS

- 79.1. Embarq will offer Collocation Space to allow TCG to collocate its equipment and facilities, and without requiring the construction of a cage or similar structure. Embarq shall make cageless collocation available in single bay increments. For equipment requiring special technical considerations, TCG must provide the equipment layout, including spatial dimensions for such equipment pursuant to generic requirements contained in Telcordia GR-63-Core and shall be responsible for constructing all special technical requirements associated with such equipment pursuant to this Agreement.
- 79.2. Embarq will authorize the enclosure of TCG's equipment and facilities at TCG's option. Embarq will provide guidelines and specifications upon request. Based on TCG's request, space and cage enclosures in amounts as small as that sufficient to house and maintain a single rack or bay or equipment will be made available. At TCG's option, Embarq will permit TCG to arrange with a third party vendor to construct a Collocation Arrangement enclosure at TCG's sole expense. TCG's third party vendor will be responsible for filing and receiving any and all necessary permits and/or licenses for such construction. The third party vendor shall bill TCG directly for all work performed for TCG and Embarq will have no liability for nor responsibility to pay such charges imposed by the third party vendor. TCG must provide the local Embarq building contact with one Access key used to enter the locked enclosure. Except in case of emergency, Embarq will not access TCG's locked enclosure prior to notifying TCG and obtaining authorization.

- 79.2.1. Embarq has the right to review TCG's plans and specifications prior to allowing construction to start. Embarq will complete its review within fifteen (15) Days of receipt of such plans. Embarq has the right to inspect the enclosure after construction to make sure it is constructed according to the submitted plans and specifications. Embarq can require TCG to remove or correct, at its cost, any structure that does not meet these plans.
- 79.3. TCG may allow other telecommunications carriers to share its caged collocation arrangement pursuant to terms and conditions agreed to by TCG ("Host") and other telecommunications carriers ("Guests"). TCG will notify Embarq in writing upon execution of any agreement between the Host and its Guest within twelve (12) calendar days of its execution. Further, such notice shall include the name of the Guest(s) and their term of agreement, and shall contain a certification by TCG that said agreement imposes upon the Guest(s) the same terms and conditions (excluding rates) for collocation space as set forth in this Agreement.
- 79.3.1. As Host, TCG will be the sole interface and responsible party to Embarq for the purpose of submitting applications for initial and additional equipment placements of Guest (to the extent required under other sections of this Agreement); for assessment and payment of rates and charges applicable to the Collocations space; and for the purposes of ensuring that the safety and security requirements of this Agreement are fully complied with by the Guest, its employees and agents. In making shared cage arrangements, Embarq will not increase the cost of site preparation or nonrecurring charges above the cost of provisioning a similar caged arrangement to TCG.
- 79.3.2. Embarq will not place unreasonable restrictions on TCG's use of a cage, and as such will allow TCG to contract with other TCGs to share the cage in a sublease type arrangement. If two (2) or more TCGs that have interconnection agreements with Embarq utilize a shared collocation cage, Embarq will permit each TCG to order UNEs and provision service from the shared collocation space, regardless of which TCG was the original collocater.
- 79.3.3. If Host terminates a Collocation Arrangement, Host will provide Guest thirty (30) days notice. Guest will assume all obligations and rights of Host as to that Collocation Arrangement if Guest remains in the Collocation Space, including payment of all charges.
- 79.4. Embarq will provide adjacent collocation arrangements ("Adjacent Arrangement") where space within the Premises is legitimately exhausted, subject to technical feasibility. Both Parties will mutually agree on the location of the designated space on the Embarq property where the adjacent structure (such as a CEV or similar structure) will be placed. If a mutual agreement cannot be reached, Embarq will decide the location, subject to zoning or other state and local regulations and future use by Embarq or other requesting Telecommunications Carriers pursuant to an application submitted under Section 81.

- 79.4.1. TCG will provide a concrete pad, the structure housing the arrangement, HVAC, lighting, and all facilities that connect the structure (i.e. racking, conduits, etc.) to the Embarq point of interconnection. Should TCG elect such an option, TCG must arrange with a third party vendor to construct an Adjacent Arrangement structure in accordance with this Agreement.
- 79.4.2. Embarq maintains the right to review TCG's plans and specifications prior to construction of an Adjacent Arrangement(s). Embarq will complete its review within thirty (30) calendar days of site selection and receipt of plans. Except that such time period may be extended if any delay is due to the actions of TCG. Embarq may inspect the Adjacent Arrangement(s) following construction and prior to commencement to ensure the design and construction comply with submitted plans. Embarq may require TCG to correct any deviations from approved plans found during such inspection(s).
- 79.4.3. Embarq will provide AC power, as requested, subject to being technically feasible. At its option, TCG may choose to provide its own AC power to the adjacent structure as long as the AC power source is from the same provider as Embarq's.
- 79.4.4. Subject to TCG being on the waiting list, in the event that space in an Embarq Premises becomes available, Embarq will provide the option to the TCG to relocate its equipment from an Adjacent Facility into the Embarq Premises. In the event TCG chooses to relocate its equipment, appropriate charges will apply, including charges to vacate the adjacent collocation arrangement and charges applicable for collocation within the Embarq Premises.
- 79.5. To the extent possible, Embarq will provide TCG with contiguous space for any subsequent request for physical collocation space, but makes no assurances that contiguous space will be available.
- 79.6. Embarq will provide virtual collocation, subject to being technically feasible, if physical collocation is not practical for technical reasons or because of space limitations and in accordance with the Act (including 47 U.S.C. § 251(c)(6) and 47 C.F.R. § 51.321).

- 79.6.1. TCG may lease to Embarq, at no cost to Embarq, equipment that meets applicable FCC requirements and in accordance with this Agreement, for the sole purpose of having Embarq install and maintain the equipment in accordance with terms and conditions mutually agreed upon by the Parties.
- 79.6.2. Virtually collocated equipment shall be purchased by TCG. Embarq does not assume any responsibility for the design, engineering, testing or performance for the end-to-end connection of TCG's equipment, arrangement or facilities.
- 79.6.3. Embarq will install, maintain, and repair TCG's collocated equipment within the same time periods and with failure rates that are no greater than those that apply to the performance of similar functions for comparable equipment of Embarq, Embarq's affiliates or third parties. The following services are not covered by this Agreement:
- 79.6.3.1. services to resolve software or hardware problems resulting from products provided by parties other than Embarq or causes beyond the control of Embarq;
- 79.6.3.2. service of attached, related, collateral or ancillary equipment or software not covered by this Section;
- 79.6.3.3. repairing damage caused to TCG's collocated equipment by persons other than Embarq, or its authorized contractors, or
- 79.6.3.4. repairing damage to other property or equipment caused by operation of TCG's collocated equipment and not caused by the sole negligence of Embarq.
- 79.6.4. TCG warrants that Embarq shall have quiet enjoyment of the equipment. Embarq will be entitled to the benefit of any applicable manufacturer's warranties and indemnities and, to the extent assignable, such warranties and indemnities are hereby assigned by TCG for the benefit of Embarq and TCG shall take all reasonable action to enforce such warranties and indemnities where available to Embarq. TCG shall execute, upon presentation, such documents and instruments as may be required to allow Embarq manufacturer's warranty coverage for any equipment. TCG warrants that it has full authority to lease the equipment under the terms and conditions set forth herein and that there are no restrictions, legal or otherwise, which would preclude it from so doing.
- 79.6.4.1. In the event Embarq's right to quiet enjoyment is breached, either by TCG's failure to make or cause to be made payment to the equipment manufacturer of the full purchase price for the equipment when such payment becomes due, or otherwise, Embarq may give written notice to TCG and all of Embarq's obligations relating to the affected equipment shall terminate immediately.

- 79.6.5. Embarq's preparation, if any, of the Premises (e.g., Power, environmental, etc.) for the Virtual Collocation equipment will be charged to TCG at rates on Table Two or as filed in a tariff and approved by the Commission.

80. DEMARCATION POINT

- 80.1. Embarq will designate the point of demarcation, unless otherwise mutually agreed to by the Parties, in or adjacent to its Collocation Space. At TCG's request, Embarq will identify the location(s) of other possible demarcation points available to TCG, and TCG will designate from these location(s) the point(s) of demarcation between its collocated equipment and Embarq's equipment. Embarq will use its best efforts to identify the closest demarcation point to TCG's equipment that is available.
- 80.2. Each Party will be responsible for maintenance and operation of all equipment/facilities on its side of the demarcation point.
- 80.3. At TCG's option and expense, a point of termination (POT) bay, frame or digital cross-connect may be placed in or adjacent to the Collocation Space that may, at TCG's option, serve as the demarcation point. If TCG elects not to provide a POT frame, Embarq will agree to handoff the interconnection cables to TCG at its equipment, at TCG's designated demarcation point. When TCG elects to install its own POT frame/cabinet, Embarq must still provide and install the required DC power panel.

81. APPLICATION PROCESS

- 81.1. Upon TCG's selection of a Premises in which it desires to collocate its Equipment, Embarq will provide a then current collocation application form (the "Application") to TCG. TCG will submit an Application when initially requesting Collocation Space, or modifying the use of the Collocation Space. The Application shall contain a detailed description and schematic drawing of the equipment to be placed in TCG's Collocation Space(s), the amount of square footage required (or, in the case of Cageless Collocation, bay space) for the current year plus the next calendar year from the date of application, as well as the associated power requirements, floor loading, and heat release of each piece.
- 81.1.1. TCG will complete the Application, and return it, along with the appropriate Application Fee, to Embarq. The Application shall include complete details of the collocation and interconnection requested, including, but not limited to, specific floor space, power, and environmental conditioning requirements. Embarq will not process an Application until both the Application and the applicable Application fee are received.
- 81.1.2. In the event TCG desires to modify or decommission the use of the Collocation Space in a manner that requires additional engineering or preparation work by Embarq, TCG will complete a subsequent Application detailing all information regarding the modification to the Collocation Space together with payment of the appropriate Application Augment Fee. Such modifications to the Premises may include but are not

limited to, floor loading changes, changes necessary to meet HVAC requirements, changes to power plant requirements, and equipment additions.

81.1.3. Where TCG modifies the use of the Collocation Space or adds equipment that requires no additional engineering or preparation work on the part of Embarq, Embarq will not impose additional charges or additional intervals that would delay TCG's operation. TCG will notify Embarq of the modifications or additional equipment prior to installation.

81.1.4. If Collocation Space is unavailable or TCG withdraws its request, the Application fee, less the costs incurred by Embarq (e.g. engineering record search and administrative activities required to process the Application) will be refunded.

81.2. If TCG wishes Embarq to consider multiple methods for collocation on a single Application, TCG will need to include in each Application a prioritized list of its preferred methods of collocating, e.g., caged, shared, or other, as well as adequate information, (e.g., specific layout requirements, cage size, number of bays, requirements relative to adjacent bays, etc.) for Embarq to process the Application for each of the preferred methods. If TCG provides adequate information and its preferences with its Application, Embarq may not require an additional Application, nor would TCG be required to restart the quotation interval should its first choice not be available in a requested Premises. Only one collocation arrangement will be provisioned per Application. Embarq will not select for TCG the type of collocation to be ordered.

81.3. Within ten (10) Days after receiving TCG's Application for collocation, Embarq will inform TCG whether the Application meets each of Embarq's established collocation standards. Should TCG submit a revised Application curing any deficiencies in an Application for collocation within ten days after being informed of them, TCG shall retain its original position within any collocation queue that Embarq maintains. If Embarq informs TCG that there is a deficiency in an Application, Embarq will provide sufficient detail so that TCG has a reasonable opportunity to cure each deficiency.

81.4. All revisions to an initial request for a Physical Collocation Arrangement submitted by TCG must be in writing. A new interval for the Physical Collocation Arrangement will be established which shall not exceed two months beyond the originally established date. TCG will be required to pay any applicable Application fees.

81.5. Embarq shall provide confirmation of space availability within ten (10) Days of receipt of a complete and accurate Application and applicable Application fee for one (1) to five (5) Applications submitted. Space availability response will be increased by five (5) Days for every five (5) additional Applications received.

81.5.1. Embarq will notify TCG in writing as to whether its request for Collocation Space has been granted or denied due to lack of space. The notification will also include a possible future space relief date, if applicable.

- 81.5.2. In order to increase the amount of space available for collocation, Embarq will, upon request, remove obsolete unused equipment, from its Premises to increase the amount of space available for collocation.
- 81.6. After notifying TCG that Embarq has no available space for Physical Collocation in the requested Central Office ("Denial of Application"), Embarq will allow TCG, upon request, to tour the entire Central Office within ten (10) Days, or other mutually agreeable timeframe, of such Denial of Application. In order to schedule said tour the request for a tour of the Central Office must be received by Embarq within five (5) Days of the Denial of Application.
- 81.6.1. If TCG contests Embarq's notice that there is not sufficient space for Physical Collocation in the Central Office, the parties agree to seek expedited resolution of the dispute at the Commission pursuant to Section 251(c)(6) of the Act. If the Commission determines that space is not available, Embarq will not be required to conduct a review of floor space availability in the same central office more frequently than once every six months.
- 81.6.2. On a first come, first serve basis, Embarq will maintain a waiting list of requesting carriers who have either received a Denial of Application or, where it is publicly known that the Premises is out of space, have submitted a Letter of Intent to collocate.
- 81.6.3. Embarq will simultaneously notify the telecommunications carriers on the waiting list when space becomes available if there is enough space to accommodate additional collocation. Subsequent to the granting of a Petition for Waiver, if TCG has been denied Physical Collocation space at an Embarq Premises and challenges Embarq on space availability at said Premises, TCG will be given priority for space assignment if, as a result of the challenge, space is found to be available. TCG will reaffirm its collocation request within thirty (30) Days of such notification; otherwise, it will be dropped to the bottom of the list. Upon request, Embarq will advise TCG as to its position on the list.
- 81.6.4. If TCG's Application for Physical Collocation is denied due to lack of space, Embarq will place TCG on the waiting list for collocation in particular Premises according to the date TCG submitted its Application and not the date of denial for lack of space.
- 81.6.5. Embarq will maintain on its Website a notification document that will indicate all Premises that are without available space. Embarq will update such document within ten (10) Days of the date at which a Premises runs out of physical collocation space.
- 81.7. Embarq will provide a price quote within thirty (30) Days of receipt of a complete and accurate Application and applicable Application fee for one (1) to five (5) Applications. Price quote response will be increased by five (5) Days for every five (5) additional Applications received. The quotation will include the applicable nonrecurring and

recurring rates.

- 81.8. TCG has thirty (30) Days from receipt of the quotation to accept the quotation in writing. The quotation expires after thirty (30) Days. After thirty (30) Days, a new Application and Application fee are required. Collocation Space is not reserved until the quotation is accepted. Embarq need not meet the deadlines for provisioning Physical Collocation if, after receipt of any price quotation provided by Embarq, TCG does not notify Embarq that physical collocation should proceed.
- 81.9. TCG will indicate its intent to proceed with equipment installation in an Embarq Premises by accepting the price quote, which constitutes a Bona Fide Firm Order ("BFFO"). If TCG makes changes to its Application in light of Embarq's written Application Response, Embarq may be required to re-evaluate and respond to the change(s). In this event, TCG's Application will be treated as a Revision.
- 81.10. Space preparation for the Collocation Space will not begin until Embarq receives the BFFO and all applicable fees, including all non-recurring charges required by Embarq at the time of the BFFO.

82. SPACE RESERVATION

- 82.1. The parties may reserve physical collocation space for their own specific uses for the remainder of the current year, plus twelve (12) months in accordance with Section 81. Neither Embarq, nor any of its affiliates, will reserve space for future use on terms more favorable than those that apply to other telecommunications carriers seeking to reserve collocation space for their own future use.

83. PROVISIONING INTERVALS

- 83.1. Embarq will complete construction of Caged Physical (including Shared Caged), Cageless Physical, and Virtual Collocation arrangements within ninety (90) Days of receipt of a BFFO. Embarq will complete construction of Adjacent Collocation arrangements (as defined in 79.4) within one hundred-twenty (120) Days of receipt of a BFFO. If Embarq is unable to complete construction as provided herein, the parties may agree to a mutually acceptable interval or Embarq may petition the Commission for waiver.

84. CONSTRUCTION AND COMMENCEMENT OF BILLING

- 84.1. Embarq shall permit TCG or its designated subcontractor to perform the construction of physical collocation space, provided however, that any such TCG subcontractor shall be subject to Embarq's security standards. Embarq reserves the right to reject any TCG subcontractor upon the same criteria that Embarq would use on its own subcontractors. TCG will notify Embarq in writing when construction of physical collocation space is complete.
- 84.2. Embarq shall have the right to inspect TCG's completed installation of equipment and facilities prior to TCG turning up such equipment and facilities. TCG shall provide written notification to Embarq when TCG has completed its installation of equipment and

facilities in the Collocation space, and Embarq shall, within five (5) Business Days of receipt of such notice, either (i) inspect such Collocation space or (ii) notify TCG that Embarq is not exercising its right to inspect such Collocation space at that time and that TCG may turn up its equipment and facilities. Failure of Embarq to either inspect the Collocation space or notify TCG of its election not to inspect such space within the foregoing five (5) Business Day period shall be deemed an election by Embarq not to inspect such Collocation space. TCG shall have the right to be present at such inspection, and if TCG is found to be in non-compliance with the terms and conditions of this Agreement that relate to the installation and use of TCG's Collocated equipment and facilities, TCG shall modify its installation to achieve compliance prior to turning up its equipment and facilities.

- 84.3. To the extent Embarq performs the construction of the Physical Collocation Arrangement, Embarq shall construct the Collocated Space in compliance with a mutually agreed to collocation request. Any deviation to TCG's order must thereafter be approved by TCG. The Parties acknowledge that TCG approved deviations may require additional construction time and may incur additional TCG expenses. TCG shall pay the incremental cost incurred by Embarq as the result of any Revision to the Collocation request. TCG will pay all applicable fees, including any nonrecurring charges required by Embarq, prior to Embarq commencing construction of the collocation space.
- 84.4. TCG will be responsible for all extraordinary costs, as determined in accordance with the Act, incurred by Embarq to prepare the Collocation space for the installation of TCG's equipment and for extraordinary costs to maintain the Collocation space for TCG's equipment on a going-forward basis. Extraordinary costs may include costs for such items as asbestos removal, fire suppression system or containment, modifications or expansion of cable entry facility, increasing the DC power system infrastructure capacity, increasing the capacity of the standby AC system (if available) or the existing commercial power facility, conversion of non-Collocation space, compliance with federal and state requirements, or other modifications required by local ordinances. Embarq will charge for these extraordinary costs on a time-sensitive or time-and-materials basis and will allocate the costs fairly among itself, TCG and other collocators. An estimate of such costs, as determined in accordance with the Act, will be provided to TCG prior to commencing such work. Extraordinary costs will only be billed to TCG if such costs have been authorized by TCG. Embarq must advise TCG if extraordinary costs will be incurred.
- 84.5. Each Party or its agents will diligently pursue filing for the permits required for the scope of work to be performed by that Party or its agents.
- 84.6. Embarq will notify TCG when construction of a Collocation Space is complete. The Parties will complete an acceptance walk through of each provisioned Collocation Space. Embarq will commence to correct any deviations to TCG's original or jointly amended requirements within five (5) Days after the walk through. If TCG does not conduct an acceptance walk through within fifteen (15) Days of the notification that the Collocation Space construction is complete, TCG will be deemed to have accepted the Collocation Space and billing will commence.

- 84.7. TCG must submit a written request to cancel its order for Physical, Caged, Shared Cage, Adjacent Space, or Virtual Collocation. TCG will reimburse Embarq for any actual expenses incurred and not already paid, which may include incidental equipment costs, material ordered, provided or used; labor; transportation, DS0, DS1 and DS3 cable and all other associated costs.

85. EQUIPMENT

- 85.1. TCG may only locate equipment necessary for interconnection to Embarq and accessing Embarq's unbundled network elements in accordance with Applicable Rules, including but not limited to 47 U.S.C. 251 (C) (3), 47 U.S.C. 251 (C) (2), and 47 C.F.R. 51.323(b-c).
- 85.2. TCG's equipment and facilities shall not be placed or operated in such a manner that creates hazards or causes physical harm to any individual or the public.
- 85.3. All equipment to be collocated must meet Level 1 safety requirements as set forth in Telcordia Network Equipment and Building Specifications ("NEBS"), but Embarq will not impose safety requirements on TCG that are more stringent than the safety requirements it imposes on its own equipment. If Embarq denies collocation of TCG's equipment, citing safety standards, Embarq must provide to TCG within five (5) Business Days of the denial a list of all equipment that Embarq locates within the Premises in question, together with an affidavit attesting that all of that equipment meets or exceeds the safety standard that Embarq contends the competitor's equipment fails to meet. In the event that Embarq believes that the collocated equipment is not necessary for interconnection or access to unbundled network elements or determines that TCG's equipment does not meet NEBS Level 1 safety requirements, TCG will be given ten (10) Days to comply with the requirements or remove the equipment from the collocation space. If the parties do not resolve the dispute, the Parties may file a complaint at the Commission seeking a formal resolution of the dispute. While the dispute is pending, Embarq will not prevent or otherwise delay installation of the disputed equipment in the Collocation space; however, TCG will not activate the equipment during the pendency of the dispute.
- 85.4. TCG must notify Embarq in writing that collocation equipment installation is complete and is operational with Embarq's network. If TCG fails to place operational telecommunications equipment in the collocated space and connect with Embarq's network within one-hundred-eighty (180) Days of TCG's acceptance of Embarq's price quote, or other time period mutually agreed to by TCG and Embarq, Embarq may terminate the applicable Collocation Space upon written notice. TCG will reimburse Embarq for any actual expenses incurred and not already paid, which may include incidental equipment costs, material ordered, provided or used; labor; transportation, DS0, DS1 and DS3 cable and all other associated costs.

86. AUGMENTS AND ADDITIONS

- 86.1. When TCG modifies the Collocation Arrangement or adds equipment that requires no additional space preparation work on the part of Embarq, Embarq may not impose

additional charges or additional intervals that would delay TCG's operation. TCG will notify Embarq of the modifications or additional equipment prior to installation.

- 86.2. In the event TCG desires to modify or decommission the use of the Collocation Space in a manner that requires additional engineering or preparation work by Embarq, TCG will complete a subsequent Application (augment request) detailing all information regarding the modification to the Collocation Space. Such modifications to the Premises may include but are not limited to, floor loading changes, changes necessary to meet HVAC requirements, changes to power plant requirements, and equipment additions.
- 86.3. TCG must submit an Application and applicable Application fee to obtain a price quote. The price quote will contain the charges and the construction interval for that application. The construction interval for augments will not exceed ninety (90) Days from BFFO. If special or major construction is required, Embarq will work cooperatively with TCG to negotiate mutually agreeable construction intervals for augments.

87. USE OF COMMON AREAS

- 87.1. TCG, its employees, agents and invitees shall have a non-exclusive right to use those portions of the common area of the Building as are designated by Embarq from time to time, including, but not limited to, the right to use rest rooms in proximity to the Collocation Space, corridors and other access ways from the entrance to the Building, the Collocation Space, and the parking areas for vehicles of persons while working for or on behalf of TCG at the Collocation Space; provided, however, that Embarq shall have the right to reserve parking spaces for Embarq's exclusive use or use by other occupants of the Building. Embarq does not guarantee that there is or will be sufficient parking spaces in parking areas to meet TCG's needs. Embarq does not guarantee that restroom facilities or water will be available. All common areas shall remain under the exclusive control and management of Embarq, and Embarq shall have the right to change the level, location and arrangement of parking areas and other common areas, as Embarq may deem necessary. Use of all common areas shall be subject to such reasonable rules and regulations as Embarq may from time to time impose, consistent with TCG's right to access its Collocation Space.
- 87.2. Embarq, where water is available for its own use, shall furnish running water from regular Building outlets for drinking, lavatory and toilet purposes drawn through fixtures installed by Embarq, for the non-exclusive use of TCG, Embarq and any other building occupant. TCG shall not waste or permit the waste of water.
- 87.3. Embarq shall furnish Building and Premises security in accordance with its normal business practices. Other than the locks on the entrances to the Collocation Space, Embarq shall provide no security specific to TCG's Collocation Space. Embarq shall not be liable to TCG or any other party for loss of or damage to the Collocation Space or TCG equipment unless Embarq has failed to provide Building and Premises security in accordance with its normal business practices.
- 87.4. Embarq shall furnish passenger elevator service as necessary to reach the Collocation Space or common areas to which TCG has access pursuant to the terms of this

Agreement 24 hours a day, seven days a week. Freight elevator service when used by TCG's contractors, employees or agents shall be provided in a non-discriminatory manner as reasonably determined by Embarq.

88. CO-CARRIER CROSS CONNECTION

88.1. Co-carrier cross-connects ("CCXCs") are connections between TCG and another collocated telecommunications carrier other than Embarq, and are only available when both collocation arrangements (either caged, cageless, and/or virtual) being interconnected are within the same Embarq premises, provided that the collocated equipment is also used for interconnection with Embarq and/or for access to Embarq's unbundled network elements. Embarq shall provide such CCXCs from TCG's collocation arrangement to the collocation arrangement of another telecommunications carrier in the same Embarq premises under the terms and conditions of this Agreement. CCXC is provided at the same transmission level from TCG to another telecommunications carrier.

88.1.1. Embarq will provide such CCXCs for non-adjacent collocation arrangements at the expense of TCG per TCG's request. Embarq will provide connections between TCG's own non-adjacent virtual and/or physical collocation arrangements within the same central office at the expense of TCG and provisioned per TCG's order.

88.1.2. Embarq, at its sole discretion, shall permit TCG to self-provision CCXCs to interconnect its network with that of another adjacently collocated telecommunications carrier in the same Embarq premises without application.

88.1.3. In those cases where TCG's virtual and/or physical collocation space is adjacent in the central office, TCG may have the option, at Embarq's sole discretion, of using TCG's own technicians to deploy direct connections ("DCs") using either electrical or optical facilities between the collocation spaces and constructing its own dedicated cable support structure according to Embarq's technical and safety standards.

- 88.2. The term "Adjacent" in this Section 88 refers to collocation arrangements in the same Premises that have a common border; and is not referring to the form of Physical Collocation as described in 47 C.F.R. 51.323(k)(3).

89. RATES

- 89.1. The rates for collocation are listed on Table Two.
- 89.2. If TCG is the first collocater in the Embarq premises, TCG will not be responsible for the entire cost of site preparation and security. However, ancillary charges for unique collocater requests for collocation options directly attributable to the requesting collocater will not be prorated. Examples include power arrangements, remote switch module related options and POT bay-related options.
- 89.3. The rates and charges in this Agreement do not include costs for any Americans with Disability Act (ADA) construction generated or caused by the physical collocation space request. If required, ADA construction will be provided on an ICB. If Embarq is required to upgrade a Premises, or portion of the Premises to comply with the ADA which arises as a direct result of TCG's Collocation Arrangement, Embarq will prorate the total forward-looking economic cost of the upgrade, and allocate the charge to each TCG collocated within the Premises, based on the total space utilized by each collocated TCG. Should Embarq benefit in any way whatsoever from the ADA upgrades, it shall share in the proration of costs. Should Embarq be the sole beneficiary of an upgrade (e.g., an upgrade would have had to be made regardless of whether or not TCG was collocated in the Premises), Embarq shall absorb all of the costs related to such an upgrade.
- 89.4. Facility Modifications
- 89.4.1. To the extent that a modification is made for the specific benefit of any particular party, costs of modification are to be proportionately born by those who directly benefit including the ILEC. The cost is allocated using the proportion of the new space occupied to the total new space made available.
- 89.4.2. If a non-requesting party benefits from the modification, e.g. using the opportunity to bring their equipment or arrangement into compliance with certain standards, or making adjustments leading to improvement, then the party will be deemed to be sharing. This party will be responsible for its share of the modification costs.
- 89.4.3. None of the costs will be allocated to a third party that gains incidental benefit, but did not cause the modification or modify their facilities.
- 89.4.4. If a current user of space subsequently initiates new uses of the modified facility by other parties to avoid modification costs or if new entrants use the facility, they will share in the modification costs. The modifying party(s) may recover a proportionate share of the modification costs from parties that later are able to obtain access as a result of the modification. If

measurable depreciation has occurred as a result of the modification, the subsequent party may pay a lower cost.

89.4.5. Parties requesting or joining in a modification also will be responsible for resulting costs to maintain the facility on an ongoing basis.

90. EMBARQ SERVICES AND OBLIGATIONS

90.1. Embarq shall furnish air conditioning and/or other environmental controls for the area in which the Collocation Space is located in a manner consistent with those provided elsewhere in the Building. Embarq shall furnish air conditioning and/or other environmental controls for the Collocation Space based on information provided by TCG to Embarq in its Application which TCG hereby represents to Embarq is sufficient to allow TCG equipment to function without risk of harm or damage to the Collocation Space, the Building or any equipment or facilities of Embarq or any other occupant of the Building. These environmental conditions shall adhere to Telcordia Network Equipment Building System (NEBS) standards GR-63-CORE Issue 2 or other mutually agreed upon standards.

90.1.1. If TCG locates equipment or facilities in the Collocation Space which Embarq determines, in the exercise of its sole discretion, affect the temperature or other environmental conditions otherwise maintained by Embarq in the Building, Embarq reserves the right to provide and install supplementary air conditioning units or other environmental control devices in the Collocation Space, and the cost of providing, installing, operating and maintaining any such supplementary air conditioning units or other environmental control devices made necessary solely by TCG's equipment or facilities shall be paid by TCG to Embarq. If supplementary air conditioning units or other environmental control devices are required for more than one CLEC each CLEC will pay a pro-rata share of such costs, in proportion to the space occupied by each as compared to the total space available for collocation.

90.2. If Embarq, in the exercise of its reasonable business judgment, determines that the electricity provided to TCG pursuant to this Section is insufficient to support the activity being carried on by TCG in the Collocation Space, Embarq may require the installation of additional electrical circuits to provide TCG with additional electricity and TCG shall reimburse Embarq for any expenses incurred in making such additional electrical circuits available to TCG's Collocation Space. TCG shall also pay for additional electricity provided via these circuits.

90.2.1. TCG covenants and agrees that Embarq shall not be liable or responsible to TCG for any loss, damage or expense which TCG may sustain or incur if either the quality or character of electrical service is changed or is no longer suitable for TCG's requirements.

90.2.2. TCG agrees to request in writing, via a complete and accurate Application, all electrical needs to power its equipment. The Application shall contain

the total power needs, the date needed, and the exact location where termination of the electrical power shall occur. Actual power usage of the TCG's equipment shall not exceed the requested capacity.

90.2.3. Central office power supplied by Embarq into the TCG equipment area shall be supplied in the form of power feeders (cables) on cable racking into the designated TCG equipment area. The power feeders (cables) shall efficiently and economically support the requested quantity and capacity of TCG equipment. The termination location shall be as agreed by the parties.

90.2.4. Embarq shall provide power as requested by TCG to meet TCG's need for placement of equipment, interconnection, or provision of service.

90.2.5. Embarq power equipment supporting TCG's equipment shall:

90.2.5.1. Comply with applicable industry standards (e.g., Telcordia, NEBS and IEEE) or manufacturer's equipment power requirement specifications for equipment installation, cabling practices, and physical equipment layout or at minimum, at parity with that provided for similar Embarq equipment;

90.2.5.2. Have redundant power feeds with physical diversity and battery back-up as required by the equipment manufacturer's specifications for TCG equipment, or, at minimum, at parity with that provided for similar Embarq equipment;

90.2.5.3. Provide, upon TCG's request and at TCG's expense, the capability for real time access to power performance monitoring and alarm data that impacts (or potentially may impact) TCG traffic;

90.2.5.4. Provide central office ground, connected to a ground electrode located within the Collocated Space, at a level above the top of TCG equipment plus or minus 2 feet to the left or right of TCG's final request; and

90.2.5.5. Provide feeder cable capacity and quantity to support the ultimate equipment layout for TCG's equipment in accordance with TCG's collocation request.

90.2.6. Embarq shall provide cabling that adheres to Telcordia Network Equipment Building System (NEBS) standards GR-63-CORE Issue 2;

90.2.7. Embarq shall provide Lock Out-Tag Out and other electrical safety procedures and devices in conformance with the most stringent of OSHA or industry guidelines.

90.2.8. Embarq will provide TCG with written notification within ten (10) business days of any scheduled AC or DC power work or related activity

in the collocated facility that will or might cause an outage or any type of power disruption to TCG equipment located in Embarq facility. Embarq shall provide TCG immediate notification by telephone of any emergency power activity that would impact TCG's equipment.

- 90.3. Subject to the provisions of Section 90.3.3 hereof, Embarq may furnish an existing Halon 1301 Fire Suppression System, or may, but is not obligated to, provide its equivalent, to provide fire protection in the Collocation Space designed to comply with the National Fire Protection Association ("NFPA") 12A Standard on Halon 1301 Fire Extinguishing Systems or with NFPA standard 2001 dealing with alternative fire suppression agents. Embarq shall furnish fire and smoke detection systems designed to comply with the NFPA 72E Standard on Automatic Fire Detectors in effect as of the collocation date.

90.3.1. Stand alone fire extinguishers will be provided in and about the Building and the Collocation Space by Embarq as required by applicable fire codes.

90.3.2. Embarq and Embarq's insurance carriers will perform regular inspections of fire protection systems, and TCG hereby agrees to provide Embarq and Embarq's insurance carriers access to the Collocation Space for purposes of such inspections, via pass key or otherwise. Embarq agrees to provide TCG with notice of its intent to access TCG's Collocation Space where, in Embarq's sole discretion, such notice is practicable; provided, however, that no failure of Embarq to give such notice will affect Embarq's right of access or impose any liability on Embarq. Embarq will, at its expense, maintain and repair the fire and smoke detection systems unless maintenance or repair is required due to the act or omission of TCG, its employees, agents or invitees, in which case TCG shall reimburse Embarq for the cost of such repair or replacement. If a Halon or alternative fire suppression system is in place, TCG shall, if at fault, and at Embarq's option, replace Halon or other fire extinguishing material discharged as a result of TCG's act or omission. TCG shall have no duty to inspect fire protection systems outside the Collocation Space; provided, however, if TCG is aware of damage to the fire protection systems it shall promptly notify Embarq.

90.3.3. TCG is aware the Collocation Space will contain a fire detection system and may contain a fire suppression system. In the event of discharge, Embarq is relieved of all liability for damage to equipment or personal injury except in cases where such damage to equipment or personal injury is due to the gross negligence or willful misconduct of Embarq, its officers, agents or employees.

- 90.4. Embarq shall, at its sole expense, except as hereinafter provided, provide repair and maintenance of heating, cooling and lighting equipment and regularly scheduled refurbishment or decorating to the Collocation Space, Building and Premises, in a manner consistent with Embarq's normal business practices.

90.4.1. Embarq shall not be obligated to inspect the Collocation Space, make any repairs or perform any maintenance unless first notified of the need in

writing by TCG. If Embarq shall fail to commence the repairs or maintenance within twenty (20) Days after written notification, provided that the delay is not caused by TCG, TCG's sole right and remedy shall be, after further notice to Embarq, to make such repairs or perform such maintenance and to deduct that cost and expenses from the physical collocation fees payable; provided, however, that the amount of such deduction shall not exceed the reasonable value of such repairs or maintenance.

90.4.2. Embarq shall, where practical, provide TCG with twenty-four (24) hours prior notice before making repairs and/or performing maintenance on the Collocation Space; provided, however, that Embarq shall have no obligation to provide such notice if Embarq determines, in the exercise of its sole discretion, that such repair or maintenance must be done sooner in order to preserve the safety of the Building or the Collocation Space, or if required to do so by any court or governmental authority. Work shall be completed during normal working hours or at other times identified by Embarq. TCG shall pay Embarq for overtime and for any other expenses incurred if such work is done during other than normal working hours at TCG's request. TCG shall have the right, at its sole expense, to be present during repair or maintenance of the Collocation Space.

90.4.3. The cost of all repairs and maintenance performed by or on behalf of Embarq to the Collocation Space which are, in Embarq's reasonable judgment, beyond normal repair and maintenance, or are made necessary as a result of misuse or neglect by TCG or TCG's employees, invitees or agents, shall be paid by TCG to Embarq within ten (10) Days after being billed for the repairs and maintenance by Embarq.

90.5. Embarq shall provide TCG with notice via email three (3) Business Days prior to those instances where Embarq or its subcontractors perform work which is known to be a service affecting activity. Embarq will inform TCG by e-mail of any unplanned service outages. Notification of any unplanned service outages shall be made as soon as practicable after Embarq learns that such outage has occurred.

90.6. Embarq reserves the right to stop any service when Embarq deems such stoppage necessary by reason of accident or emergency, or for repairs, improvements or otherwise; however, Embarq agrees to use its best efforts not to interfere with TCG's use of Collocation Space. Embarq does not warrant that any service will be free from interruptions caused by labor controversies, accidents, inability to obtain fuel, water or supplies, governmental regulations, or other causes beyond the reasonable control of Embarq.

90.6.1. No such interruption of service shall be deemed an eviction or disturbance of TCG's use of the Collocation Space or any part thereof, or render Embarq liable to TCG for damages, by abatement of TCG Fees or otherwise, except as set forth in the Tariff, or relieve TCG from performance of its obligations under this Agreement. TCG hereby waives

and releases all other claims against Embarq for damages for interruption or stoppage of service.

- 90.7. For physical collocation, subject to reasonable building rules and any applicable Security Arrangements, TCG shall have the right of entry twenty-four (24) hours per day seven (7) days a week to the Building, common areas, Collocation Space and common cable space.

90.7.1. Embarq reserves the right to close and keep locked all entrance and exit doors of the Premises during hours Embarq may deem advisable for the adequate protection of the Premises. Use of the Premises at any time it is unattended by appropriate Embarq personnel, or on Sundays and state and federal or other holidays recognized by Embarq, or, if TCG's Collocation Space is not fully segregated from areas of the Premises containing Embarq equipment, shall be subject to such reasonable rules and regulations as Embarq may from time to time prescribe for its own employees and third party contractors.

90.7.2. To require all persons entering or leaving the Premises during such hours as Embarq may from time to time reasonably determine to identify themselves to a watchman by registration or otherwise and to establish their right to leave or enter, and to exclude or expel any solicitor or person at any time from the Collocation Space or the Premises. Embarq is not responsible and shall not be liable for any damage resulting from the admission or refusal to admit any unauthorized person or from the admission of any authorized person to the Premises, unless the damage is the result of gross negligence or willful misconduct on the part of Embarq.

- 90.8. Embarq shall have access to TCG's Physical Collocation Space at all times, via pass key or otherwise, to allow Embarq to react to emergencies, to maintain the space (not including TCG's equipment), and to monitor compliance with the rules and regulations of the Occupational Health and Safety Administration or Embarq, or other regulations and standards including but not limited to those related to fire, safety, health, and environmental safeguards. If a secure enclosure defining the location of TCG's Collocation Space has been established, and if conditions permit, Embarq will provide TCG with notice (except in emergencies) of its intent to access the Collocation Space, thereby providing TCG the option to be present at the time of access. TCG shall not attach, or permit to be attached, additional locks or similar devices to any door or window, nor change existing locks or the mechanism thereof.

90.8.1. To enter the Collocation Space for the purposes of examining or inspecting same and of making such repairs or alterations as Embarq deems necessary. TCG hereby waives any claim for damage, injury, interference with TCG's business, any loss of occupancy or quiet enjoyment of the Collocation Space, and any other loss occasioned by the exercise of Embarq's access rights, except in the event such damages result solely from the gross negligence or willful misconduct of Embarq.

90.8.2. To use any means Embarq may deem proper to open Collocation Space doors or enclosures in an emergency. Entry into the Collocation Space

obtained by Embarq by any such means shall not be deemed to be forcible or unlawful entry into or a detainment of or an eviction of TCG from the Collocation Space or any portion thereof.

91. TCG'S OBLIGATIONS

91.1. shall regularly inspect the Collocation Space to ensure that the Collocation Space is in good condition. shall promptly notify Embarq of any damage to the Collocation Space or of the need to perform any repair or maintenance of the Collocation Space, fixtures and appurtenances (including hardware, heating, cooling, ventilating, electrical, and other mechanical facilities in the Collocation Space). shall provide regular janitorial service to its Collocation Space and keep the Collocation Space clean and trash free.

91.2. TCG agrees to abide by all of Embarq's security practices for non-Embarq employees with access to the Building, including, without limitation:

91.2.1. TCG must obtain non-employee photo identification cards for each TCG employee or vendor. Temporary identification cards may otherwise be provided by Embarq for employees or agents, contractors and invitees of TCG who may require occasional access to the Collocation Space.

91.2.2. TCG will supply to Embarq the completed access form for employees or approved vendors who require access to the Premises. Embarq may reasonably deny access to any person into the building. Embarq's objections will be consistent with the grounds for denying access to personnel of its own contractors or for denying employment directly with Embarq. Embarq may issue security cards, codes, or keys to TCG's listed employees or vendors where such systems are available and their use by TCG will not otherwise compromise building security. The rate for the issuance of security cards is listed on Table Two.

91.2.3. TCG is responsible for returning identification and security cards, codes, or keys of its terminated employees or its employees who no longer require access to the Collocation Space. All cards, codes, or keys must be returned upon termination of the applicable Collocation Space. TCG will reimburse Embarq actual costs due to unreturned or replacement cards, codes, or keys.

91.2.4. In the event that a key is lost, TCG is responsible for costs associated with recoring locks and reissuing keys to Embarq and other parties authorized to access the Premise.

91.2.5. TCG's employees, agents, invitees and vendors must display identification cards at all times.

91.2.6. TCG will assist Embarq in validation and verification of identification of its employees, agents, invitees and vendors by providing a telephone contact available twenty-four (24) hours a day, seven (7) days a week to verify identification.

- 91.2.7. Removal of all furniture, equipment or similar articles will be based on local Embarq security practices. These security practices will not be more stringent for TCG than Embarq requires for its own employees or Embarq's contractors.
- 91.2.8. Before leaving the Collocation Space unattended, TCG shall close and securely lock all doors and windows and shut off unnecessary equipment in the Collocation Space. Any injury to persons or damage to the property of Embarq or any other party with equipment in the Building resulting from TCG's failure to do so shall be the responsibility of TCG. TCG will defend and indemnify Embarq from and against any claim by any person or entity resulting in whole or in part from TCG's failure to comply with this section.
- 91.2.9. TCG agrees that Embarq may provide a security escort for physical collocation, at no cost or undue delay to TCG, to TCG personnel while on Embarq Premises. While such escort shall not be a requirement to TCG's entry into the Building, TCG must allow the security escort to accompany TCG personnel at all times and in all areas of the Building, including the Collocation Space, if so requested.
- 91.2.10. TCG shall post in a prominent location visible from the common Building area, the names and telephone numbers of emergency contact personnel along with names and telephone numbers of their superiors for 24 hour emergency use by Embarq. TCG shall promptly update this information as changes occur.
- 91.3. TCG will provide Embarq with written notification within ten (10) business days of any scheduled AC or DC power work or related activity in the collocated facility that will or might cause an outage or any type of power disruption to Embarq equipment located in TCG facility. TCG shall provide Embarq immediate notification by telephone of any emergency power activity that would impact Embarq equipment.
- 91.4. TCG shall not provision and/or install Uninterruptible Power Supply ("UPS") systems within the Embarq premises. The customer is permitted to install Inverted Power Systems if and only if documented compliance with National Equipment Building Standards (NEBS) III and Listing by Underwriters Laboratory (UL) has been met.
- 91.5. TCG shall not place Electro-Chemical Storage Batteries of any type inside the collocation space.
- 91.6. TCG shall provide Embarq with written notice three (3) Business Days prior to those instances where TCG or its subcontractors perform work, which is to be a known service affecting activity. TCG will inform Embarq by e-mail of any unplanned service outages. The parties will then agree upon a plan to manage the outage so as to minimize customer interruption. Notification of any unplanned service outage shall be made as soon as practicable after TCG learns that such outage has occurred so that Embarq can take any action required to monitor or protect its service.

91.7. TCG may, at its own expense, install and maintain regular business telephone service in the Collocation Space. If requested by TCG and at TCG's expense, Embarq will provide basic telephone service with a connection jack in the Collocation Space.

91.8. TCG shall, with the prior written consent of Embarq, have the right to provide additional fire protection systems within the Collocation Space; provided, however, that TCG may not install or use sprinklers or carbon dioxide fire suppression systems within the Building or the Collocation Space.

91.8.1. If any governmental bureau, department or organization or Embarq's insurance carrier requires that changes or modifications be made to the fire protection system or that additional stand alone fire extinguishing, detection or protection devices be supplied within that portion of the Building in which the Collocation Space of TCG in general is located, such changes, modifications, or additions shall be made by Embarq and TCG shall reimburse Embarq for the cost thereof in the same proportion as the size of TCG's Collocation Space as compared to the total available collocation space in the affected portion of the Building.

91.9. TCG shall identify and shall notify Embarq in writing of any Hazardous Materials TCG may bring onto the Premises, and will provide Embarq copies of any inventories or other data provided to State Emergency Response Commissions ("SERCs"), Local Emergency Planning Committees ("LEPCs"), or any other governmental agencies if required by the Emergency Planning and Community Right to Know Act (41 U.S.C. 11001, *et seq.*). TCG, its agents and employees shall transport, store and dispose of Hazardous Materials in accordance with all applicable federal, state or local laws, ordinances, rules and regulations. TCG will promptly notify Embarq of any releases of Hazardous Materials and will copy Embarq on any notification of or correspondence with any governmental agency which may be required by any environmental law as a result of such release.

91.9.1. TCG shall provide Embarq copies of all Material Safety Data Sheets ("MSDSs") for materials or chemicals regulated under the OSHA Hazard Communication Standard (29 C.F.R. 1910.1200) that are brought onto the property. All such materials shall be labeled in accordance with 29 C.F.R. 1910.1200 and applicable state regulations if such regulations are more stringent.

91.9.2. If Embarq discovers that TCG has brought onto Embarq's Premises Hazardous Materials without notification, or is storing or disposing of such materials in violation of any applicable environmental law, Embarq may, at Embarq's option and without penalty, terminate the applicable Collocation Space or, in the case of pervasive violation, this Agreement or suspend performance hereunder. TCG shall be responsible for, without cost to Embarq, the complete remediation of any releases or other conditions caused by its storage, use or disposal of Hazardous Materials. TCG shall also be responsible for removing and disposing of all Hazardous Materials on its Collocation Space at the termination of the applicable Collocation Space or this Agreement. If Embarq elects to

terminate the applicable Collocation Space or this Agreement or discontinue the performance of services hereunder due to the storage, use or disposal of Hazardous Materials contrary to the terms of this Agreement, TCG shall have no recourse against Embarq and shall be responsible for all costs and expenses associated with such termination or suspension of service in addition to being responsible for any remedies available to Embarq for defaults under this Agreement.

91.9.3. TCG shall indemnify and hold harmless Embarq, its successors and assigns against, and in respect of, any and all damages, claims, losses, liabilities and expenses, including, without limitation, all legal, accounting, consulting, engineering and other expenses, which may be imposed upon, or incurred by, Embarq or asserted against Embarq by any other party or parties (including, without limitation, Embarq's employees and/or contractors and any governmental entity) arising out of, or in connection with, TCG's use, storage or disposal of Hazardous Materials.

91.9.4. For purposes of this Section, "Hazardous Materials" shall mean any toxic substances and/or hazardous materials or hazardous wastes (including, without limitation, asbestos) as defined in, or pursuant to, the OSHA Hazard Communication Standard (29 C.F.R. Part 1910, Subpart Z), the Resource Conservation and Recovery Act of 1976 (42 U.S.C. Section 6901, et seq.), or regulations adopted pursuant to those statutes, the Toxic Substances Control Act (15 U.S.C. Section 2601, et seq.), the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. Section 9601, et seq.) or any other federal, state or local environmental law, ordinance, rule or regulation. The provisions of this Section shall survive the termination, cancellation, modification or recession of this Agreement.

91.10. TCG shall not do or permit anything to be done upon the Collocation Space, or bring or keep anything thereon which is in violation of any federal, state or local laws or regulations (including environmental laws or regulations not previously described), or any rules, regulations or requirements of the local fire department, Fire Insurance Rating Organization, or any other similar authority having jurisdiction over the Building. TCG shall not do or permit anything to be done upon the Collocation Space which may in any way create a nuisance, disturb, endanger, or otherwise interfere with the Telecommunications Services of Embarq, any other occupant of the Building, their patrons or customers, or the occupants of neighboring property, or injure the reputation of the Premises.

91.10.1. TCG shall not exceed the Uniformly Distributed Live Load Capacity. Embarq shall evaluate and determine Live Load Capacity rating on a site specific basis prior to equipment installation. TCG agrees to provide Embarq with equipment profile information prior to installation authorization.

91.10.2. TCG shall not paint, display, inscribe or affix any sign, trademark,

picture, advertising, notice, lettering or direction on any part of the outside or inside of the Building, or on the Collocation Space, without the prior written consent of Embarq.

91.10.3. TCG shall not use the name of the Building or Embarq for any purpose other than that of the business address of TCG, or use any picture or likeness of the Building on any letterhead, envelope, circular, notice, or advertisement, without the prior written consent of Embarq.

91.10.4. TCG shall not exhibit, sell or offer for sale, rent or exchange in the Collocation Space or on the Premises any article, thing or service except those ordinarily embraced within the use of the Collocation Space specified in Sections 3 and 11 of this Agreement without the prior written consent of Embarq.

91.10.5. TCG shall not place anything or allow anything to be placed near the glass of any door, partition or window which Embarq determines is unsightly from outside the Collocation Space; take or permit to be taken in or out of other entrances of the Building, or take or permit to be taken on any passenger elevators, any item normally taken through service entrances or elevators; or whether temporarily, accidentally, or otherwise, allow anything to remain in, place or store anything in, or obstruct in any way, any passageway, exit, stairway, elevator, or shipping platform. TCG shall lend its full cooperation to keep such areas free from all obstruction and in a clean and neat condition, move all supplies, furniture and equipment directly to the Collocation Space as soon as received, and move all such items and waste, other than waste customarily removed by employees of the Building.

91.10.6. TCG shall not, without the prior written consent of Embarq install or operate any lead-acid batteries, refrigerating, heating or air conditioning apparatus or carry on any mechanical business in the Collocation Space. Embarq may, in its sole discretion, withhold such consent, or impose any condition in granting it, and revoke its consent at will.

91.10.7. TCG shall not use the Collocation Space for housing, lodging or sleeping purposes.

91.10.8. TCG shall not permit preparation or warming of food, presence of cooking or vending equipment, sale of food or smoking in the Collocation Space.

91.10.9. TCG shall not permit the use of any fermented, intoxicating or alcoholic liquors or substances in the Collocation Space or permit the presence of any animals except those used by the visually impaired.

91.11. TCG, its employees, agents, contractors, and business invitees shall:

91.11.1. comply with all rules and regulations which Embarq may from time to time adopt for the safety, environmental protection, care,

cleanliness and/or preservation of the good order of the Building, the Premises and the Collocation Space and its tenants and occupants, and

91.11.2. comply, at its own expense, with all ordinances which are applicable to the Collocation Space and with all lawful orders and requirements of any regulatory or law enforcement agency requiring the correction, prevention and abatement of nuisances in or upon the Collocation Space during the Term of this Agreement or any extension hereof.

91.12. TCG shall not make installations, alterations or additions in or to the Collocation Space without submitting plans and specifications to Embarq and securing the prior written consent of Embarq in each instance. Embarq's consent shall not be unreasonably withheld or unduly delayed for non-structural interior alteration to the Collocation Space that do not adversely affect the Building's appearance, value, structural strength and mechanical integrity. Such work shall be done at the sole expense of TCG.

91.12.1. All installations, alterations and additions shall be constructed in a good and workmanlike manner and only new and good grades of material shall be used, and shall comply with all insurance requirements, governmental requirements, and terms of this Agreement. Work shall be performed at such times and in such manner as to cause a minimum of interference with Embarq's transaction of business. TCG shall permit Embarq to inspect all construction operations within the Collocation Space.

91.12.2. All installations, alterations and additions which take the form of fixtures, except trade fixtures, placed in the Collocation Space by and at the expense of TCG or others shall become the property of Embarq, and shall remain upon and be surrendered with the Collocation Space. Upon termination of this Agreement, however, Embarq shall have the right to require TCG to remove such fixtures and installations, alterations or additions at TCG's expense, and to surrender the Collocation Space in the same condition as it was prior to the making of any or all such improvements, reasonable wear and tear excepted.

91.12.3. All fixtures and other equipment to be used by TCG in, about or upon the Collocation Space shall be subject to the prior written approval of Embarq, which shall not be unreasonably withheld.

91.13. Fireproofing Policy. TCG shall not cut or drill into, drive nails or screws into, install conduit or wires, or in any way deface any part of the Collocation Space or the Building, outside or inside, without the prior written consent of Embarq. If TCG desires signal, communications, alarm or other utility or service connections installed or changed, the same shall be made by and at the expense of TCG. Embarq shall have the right of prior approval of such utility or service connections, and shall direct where and how all connections and wiring for such service shall be introduced and run. In all cases, in order to maintain the

integrity of the Halon space for proper Halon concentration, and to ensure compliance with Embarrq's fireproofing policy, any penetrations by TCG, whether in the Collocation Space, the Building or otherwise, shall be sealed as quickly as possible by TCG with Embarrq-approved fire barrier sealants, or by Embarrq at TCG's cost.

91.14. Equipment Grounding. TCG equipment shall be connected to Embarrq's grounding system.

91.15. Representations and Warranties. TCG hereby represents and warrants that the information provided to Embarrq in any Application or other documentation relative to TCG's request for telecommunications facility interconnection and Central Office Building collocation as contemplated in this Agreement is and shall be true and correct, and that TCG has all necessary corporate and regulatory authority to conduct business as a telecommunications carrier. Any violation of this Section shall be deemed a material breach of this Agreement.

92. BUILDING RIGHTS

92.1. Embarrq may, without notice to TCG:

92.1.1. Change the name or street address of the Premises;

92.1.2. Install and maintain signs on the exterior and interior of the Premises or anywhere on the Premises;

92.1.3. Designate all sources furnishing sign painting and lettering, ice, mineral or drinking water, beverages, foods, towels, vending machines or toilet supplies used or consumed in the Collocation Space;

92.1.4. Have pass keys or access cards with which to unlock all doors in the Collocation Space, excluding TCG's safes;

92.1.5. Reduce heat, light, water and power as required by any mandatory or voluntary conservation programs;

92.1.6. Approve the weight, size and location of safes, computers and all other heavy articles in and about the Collocation Space and the Building, and to require all such items and other office furniture and equipment to be moved in and out of the Building or Collocation Space only at such times and in such a manner as Embarrq shall direct and in all events at TCG's sole risk and responsibility;

92.1.7. At any time, to decorate and to make, at its own expense, repairs, alterations, additions and improvements, structural or otherwise, in or to the Collocation Space, the Premises, or any part thereof (including, without limitation, the permanent or temporary relocation of any existing facilities such as parking lots or spaces), and to perform any acts related to the safety, protection or preservation thereof, and during such operations to take into and through the Collocation Space or any part of the Premises

all material and equipment required, and to close or suspend temporarily operation of entrances, doors, corridors, elevators or other facilities. Embarq shall limit inconvenience or annoyance to TCG as reasonably possible under the circumstances;

92.1.8. Do or permit to be done any work in or about the Collocation Space or the Premises or any adjacent or nearby building, land, street or alley;

92.1.9. Grant to anyone the exclusive right to conduct any business or render any service on the Premises, provided such exclusive right shall not operate to exclude TCG from the use expressly permitted by this Agreement, unless Embarq exercises its right to terminate this Agreement with respect to all or a portion of the Collocation Space;

92.1.10. Close the Building at such reasonable times as Embarq may determine, under such reasonable regulations as shall be prescribed from time to time by Embarq subject to TCG's right to access.

92.2. If the owner of the Building or Embarq sells, transfers or assigns any interest in the Building, or there is any material change in the Lease to which the Building is subject, and such sale, transfers assignment or material change in the Lease gives rise to an obligation which is inconsistent with this Agreement, Embarq's performance under this Agreement shall be excused to the extent of the inconsistency. Embarq hereby agrees that it will use its reasonable efforts to avoid any such inconsistency; provided, however, that this obligation shall in no way obligate Embarq to incur any out of pocket expenses in its efforts to avoid such inconsistencies.

92.3. This Agreement shall at all times be subject and subordinate to the lien of any mortgage (which term shall include all security instruments) that may be placed on the Collocation Space and TCG agrees, upon demand, to execute any instrument as may be required to effectuate such subordination.

93. INSURANCE

93.1. During the term of this Agreement, TCG shall carry, and shall cause any subcontractors to carry, with financially reputable insurers which are licensed to do business in all jurisdictions where any Property is located, not less than the following insurance:

93.1.1. Commercial General Liability with limits of not less than \$1,000,000 combined single limit per occurrence and aggregate for bodily injury, property damage and personal and advertising injury liability insurance to include coverage for contractual and products/completed operations liability, naming Embarq as additional insured;

93.1.2. Business Auto liability, including all owned, non-owned and hired automobiles, in an amount of not less than \$1,000,000 combined single limit per accident for bodily injury and property damage liability, naming Embarq as additional insured;

93.1.3. Workers Compensation as provided for in the jurisdiction where the

Property is located, with an Employer's Liability limit of not less than \$500,000 per accident or disease; and

93.1.4. Umbrella or excess liability in an amount not less than \$5,000,000 per occurrence and aggregate in excess of the above-referenced Commercial General, Business Auto and Employer's Liability, naming Embarq as additional insured; and

93.1.5. "All Risk" property insurance on a full replacement cost basis insuring TCG's property situated on or within the Property, naming Embarq as loss payee. TCG may elect to insure business interruption and contingent business interruption, as it is agreed that Embarq has no liability for loss of profit or revenues should an interruption of service occur.

93.2. Nothing contained in this Section shall limit TCG's liability to Embarq to the limits of insurance certified or carried.

93.3. All policies required of the TCG shall contain evidence of the insurer's waiver of the right of subrogation against Embarq for any insured loss covered thereunder. All policies of insurance shall be written as primary policies and not contributing with or in excess of the coverage, if any, that Embarq may carry.

93.4. TCG shall furnish to Embarq a certificate or certificates of insurance, satisfactory in form and content to Embarq, evidencing that the above coverage is in force and has been endorsed to guarantee that the coverage will not be cancelled or materially altered without first giving at least 30 days prior written notice to Embarq.

93.5. Embarq will carry not less than the insurance coverages and limits required of TCG.

94. INDEMNIFICATION

94.1. TCG shall indemnify and hold Embarq harmless from any and all claims arising from:

94.1.1. TCG's use of the Collocation Space;

94.1.2. the conduct of TCG's business or from any activity, work or things done, permitted or suffered by TCG in or about the Collocation Space or elsewhere;

94.1.3. any and all claims arising from any breach or default in the performance of any obligation on TCG's part to be performed under the terms of this Agreement; and

94.1.4. any negligence of the TCG, or any of TCG's agents, and fees, expenses and liabilities incurred in the defense of any such claim or any action or proceeding brought thereon.

94.2. If any action or proceeding is brought against Embarq by reason of any such claim, TCG, upon notice from Embarq, shall defend same at TCG's expense employing counsel satisfactory to Embarq.

94.3. TCG shall at all times indemnify, defend, save and hold harmless Embarq from any claims, liens, demands, charges, encumbrances, litigation and judgments arising directly or indirectly out of any use, occupancy or activity of TCG, or out of any work performed, material furnished, or obligations incurred by TCG in, upon or otherwise in connection with the Collocation Space. TCG shall give Embarq written notice at least ten (10) Business Days prior to the commencement of any such work on the Collocation Space in order to afford Embarq the opportunity of filing appropriate notices of non-responsibility. However, failure by Embarq to give notice does not reduce TCG's liability under this Section.

94.3.1. If any claim or lien is filed against the Collocation Space, or any action or proceeding is instituted affecting the title to the Collocation Space, TCG shall give Embarq written notice thereof as soon as TCG obtains such knowledge.

94.3.2. TCG shall, at its expense, within thirty (30) Days after filing of any lien of record, obtain the discharge and release thereof or post a bond in an amount sufficient to accomplish such discharge and release. Nothing contained herein shall prevent Embarq, at the cost and for the account of TCG, from obtaining such discharge and release if TCG fails or refuses to do the same within the thirty-day period.

94.3.3. If TCG has first discharged the lien as provided by law, TCG may, at TCG's expense, contest any mechanic's lien in any manner permitted by law.

95. LIMITATION OF LIABILITY

95.1. EMBARQ SHALL BE LIABLE FOR DAMAGE TO OR DESTRUCTION OF TCG'S EQUIPMENT AND OTHER PREMISES ONLY IF SUCH DAMAGE OR DESTRUCTION IS CAUSED BY EMBARQ'S SOLE NEGLIGENCE OR WILLFUL MISCONDUCT.

95.2. EMBARQ WILL NOT BE LIABLE FOR (A) ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES, (B) ANY COMMERCIAL LOSS OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, LOSS OF BUSINESS OR PROFITS), OR (C) ANY LOSS, DAMAGE OR EXPENSE DIRECTLY OR INDIRECTLY ARISING FROM USE OF OR INABILITY TO USE THE COLLOCATION SPACE EITHER SEPARATELY OR IN COMBINATION WITH OTHER EQUIPMENT OR SOFTWARE, BASED UPON BREACH OF WARRANTY, BREACH OF CONTRACT, NEGLIGENCE, STRICT TORT OR ANY OTHER LEGAL THEORY, WHETHER OR NOT EMBARQ HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR LOSS.

96. PARTIAL DESTRUCTION

96.1. If the Collocation Space or a portion thereof sufficient to make the Collocation Space substantially unusable shall be destroyed or rendered unoccupiable by fire or other

casualty, Embarq may, at its option, restore the Collocation Space to its previous condition. TCG's rights to the applicable Collocation Space shall not terminate unless, within ninety (90) Days after the occurrence of such casualty, Embarq notifies TCG of its election to terminate TCG's rights to the applicable Collocation Space. If Embarq does not elect to terminate TCG's rights to the applicable Collocation Space, Embarq shall repair the damage to the Collocation Space caused by such casualty.

- 96.2. Notwithstanding any other provision of this Agreement to the contrary, if any casualty is the result of any act, omission or negligence of TCG, its agents, employees, contractors, CLECs, customers or business invitees, unless Embarq otherwise elects, TCG's rights to the applicable Collocation Space shall not terminate, and, if Embarq elects to make such repairs, TCG shall reimburse Embarq for the cost of such repairs, or TCG shall repair such damage, including damage to the Building and the area surrounding it, and the License Fee shall not abate.
- 96.3. If the Building shall be damaged by fire or other casualty to the extent that portions are rendered unoccupiable, notwithstanding that the Collocation Space may be directly unaffected, Embarq may, at its election within ninety (90) Days of such casualty, terminate TCG's rights to the applicable Collocation Space by giving written notice of its intent to terminate TCG's rights to the applicable Collocation Space. The termination as provided in this paragraph shall be effective thirty (30) Days after the date of the notice.

97. EMINENT DOMAIN

- 97.1. If the Premises, or any portion thereof which includes a substantial part of the Collocation Space, shall be taken or condemned by any competent authority for any public use or purpose, TCG's rights to the applicable Collocation Space shall end upon, and not before, the date when the possession of the part so taken shall be required for such use or purpose. If any condemnation proceeding shall be instituted in which it is sought to take or damage any part of the Premises, or if the grade of any street or alley adjacent to the Premises is changed by any competent authority and such change of grade makes it necessary or desirable to remodel the Premises to conform to the changed grade, Embarq shall have the right to terminate TCG's rights to the applicable Collocation Space upon not less than 30 days notice prior to the date of cancellation designated in the notice. No money or other consideration shall be payable by Embarq to TCG for such cancellation, and TCG shall have no right to share in the condemnation award or in any judgment for damages caused by such eminent domain proceedings.

98. BANKRUPTCY

- 98.1. If any voluntary or involuntary petition or similar pleading under any section or sections of any bankruptcy act shall be filed by or against TCG, or any voluntary or involuntary proceeding in any court or tribunal shall be instituted to declare TCG insolvent or unable to pay TCG's debts, or TCG makes an assignment for the benefit of its creditors, or a trustee or receiver is appointed for TCG or for the major part of TCG's property, Embarq may, if Embarq so elects but not otherwise, and with or without notice of such election or other action by Embarq, forthwith terminate this Agreement.

99. ASBESTOS

- 99.1. TCG is aware the Premises in which the Collocation Space is located may contain or have contained asbestos or asbestos containing building materials, and TCG is hereby notified that the Premises in which the Collocation Space is located may contain asbestos or asbestos containing building material (ACBM). TCG agrees that it is responsible for contacting the appropriate Embarq manager responsible for the Premises to determine the presence, location and quantity of asbestos or ACBM that TCG's employees, agents, or contractors may reasonably expect to encounter while performing activities in the Premises. TCG shall not have responsibility or liability for any damages, expenses, costs, fees, penalties of any kind arising out of, or in connection with, or resulting from the disturbance of asbestos or ACBM in the Premises unless such disturbance arises out of or in connection with, or results from TCG's use of the Collocation Space or placement of equipment onto ACBM or into areas containing asbestos identified by Embarq. Embarq agrees to provide TCG reasonable notice prior to undertaking any asbestos control, abatement, or other activities which may disturb asbestos or ACBM that could potentially affect TCG's equipment or operations in the Collocation Space, including but not limited to the contamination of such equipment. Embarq will not have responsibility or liability for any damages, expenses, costs, fees, penalties of any kind arising out of, or in connection with the presence of asbestos in Embarq Premises.

100. MISCELLANEOUS

- 100.1. TCG warrants that it has had no dealings with any broker or agent in connection with this Agreement, and covenants to pay, hold harmless and indemnify Embarq from and against any and all cost, expense or liability for any compensation, commissions and charges claimed by any broker or agent with respect to this Agreement or the negotiation thereof.
- 100.2. Submission of this instrument for examination or signature by Embarq does not constitute a reservation of or option for license and it is not effective, as a license or otherwise, until execution and delivery by both Embarq and TCG.
- 100.3. Neither Embarq nor its agents have made any representation or warranties with respect to the Collocation Space of this Agreement except as expressly set forth herein; no rights, easements, or licenses shall be acquired by TCG by implication or otherwise unless expressly set forth herein.
- 100.4. In the event of work stoppages, Embarq may establish separate entrances for use by

personnel of TCG. TCG shall comply with any emergency operating procedures established by Embarq to deal with work stoppages.

100.5. The individuals executing this Agreement on behalf of TCG represent and warrant to Embarq they are fully authorized and legally capable of executing this Agreement on behalf of TCG.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year first above written.

| | LC003 | Conditioning Trip Charge - per loop | | \$18.05 |
| | | The following charges apply to all loops of any length that require Bridged Tap or Repeater removal. | | |
| | | Load Coil Removal: Loops 18kft or longer | | |
| | LC004 | Unload cable pair, per Underground location | | \$183.35 |
| | LC005 | Unload Addtl cable pair, UG same time, same location and cable | | \$1.12 |
| | LC006 | Unload cable pair, per Aerial Location - First Pair | | \$75.83 |
| | LC007 | Unload Addtl cable pair, AE or BU, same time, location and cable | | \$1.12 |
| | | Unload cable pair, per Buried Location - First Pair | | \$107.67 |
| | | Bridged Tap or Repeater Removal - Any Loop Length | | |
| | LC012 | Remove Bridged Tap or Repeater, per Underground Location | | \$183.66 |
| | LC013 | Remove each Addtl Bridged Tap or Repeater, UG same time, location and cable | | \$1.42 |
| | LC014 | Remove Bridged Tap or Repeater, per Aerial Location - First Pair | | \$76.14 |
| | LC015 | Remove each Addtl Bridged Tap or Repeater, AE or BU same time, location and cable | | \$1.42 |
| | | Remove Bridged Tap or Repeater, per Buried Location - First Pair | | \$107.97 |
| | | SUB LOOPS (RATES INCLUDE NID CHARGE) | MRC | NRC |
| | | Sub-Loops Interconnection (Stub Cable) | | ICB |
| | | 2 Wire Voice Grade and Digital Data Distribution | | |
| SB002 | | Band 1 | \$13.40 | |
| SB003 | | Band 2 | \$23.54 | |
| SB004 | | Band 3 | \$31.65 | |
| | SB010 | First Line | | \$85.10 |
| | SB011 | Second Line and Each Additional Line (same time) | | \$28.88 |
| | SB012 | Disconnect | | \$46.43 |
| | | 4 Wire Voice Grade and Digital Data Distribution | | |
| SB006 | | Band 1 | \$26.60 | |
| SB007 | | Band 2 | \$46.71 | |
| SB008 | | Band 3 | \$62.80 | |
| | SB013 | First Line | | \$107.13 |
| | SB014 | Second Line and Each Additional Line (same time) | | \$50.92 |
| | SB015 | Disconnect | | \$46.43 |
| | | DEDICATED INTEROFFICE TRANSPORT | MRC | NRC |
