COMPANY MO PSC Tribunal FAX # [REDACTED]

From: Elizabeth Peterson Total pages, including cover sheet 6

Message: Currently these Issues are Not ready for ^{But} ALJ Clark there are 2 more emerging Safety Issues

Request for Extension for Counsel & State Safety

Request for addition of pending outcomes from
2 other Agency of the State regarding "Safety"
of Advanced Meter that have been submitted

MO PSC ALJ Clark Case #EC-2026-0150 Claimant Elizabeth Peterson

Request for Time Extension on HEARING for Good Cause

#1 There is a Protection and Advocacy Group in MO that I was just able to learn about. As a disabled household the non profit has my form now as of Dec. 26. Their Agency should be getting back to me.

It would also be likely they will have their own AMICUS BREIF

So, there would be new entry of appearance and of course a new Brief provided on the case. I was under duress of not having any injunction in place after the informal complaint with PSC ended unfavorably. I was not expecting the informal unfavorable outcome as I was trying diligently to work with the Utility Vendor staff throughout the process. I was also involved in a Rule making hearing process and did my best not to go on record about the informal hearing as I felt it could have breached your Commissioners awareness of my informal complaint. So, I did gag my concerns about ADA during the Advanced Rule Making hearing.

Explanation of two STRIKES:(Contrary to the strikes I now see are placed on my Case for ex parte I was trying to resolve why I was not being provided an alternative FAIR STATE HEARING PROCESS) This was answered verbally by the Liaison Ethan last Thursday. That query had been going on for a number of years. I did not understand that your Commission does not have a 3rd party Tribunal process. The Asst. to Commissioner Doug Anderson used to be the Liaison and so since he was privy in that former position I actually did reach out to him in desperation thinking he would have been already recused from this matter?

Continuing with extension request I have new evidence that I need to add as an additional complaint in regards to SAFE equipment as far as safety issues which that is not in my original hurried initial brief that I was on a deadline to submit in 3 days.

The **Additional safety issue in regards to the equipment in question. The outcome of that safety issue is pending as it regards outside public initiatives for an investigations by two STATE of MO entities that in particular have not concluded my evidence is founded. It was originally not concluded as unfounded according to my Municipal level government and so I checked with those Officials prior to turning it over to the STATE of MO.

The other collections of evidence is also for FULL investigatory going to require a entity of the original health concerns matter that my initial brief expounds upon. But, as it stands now I do not see that the State of MO has proven to me or to PSC as the regulator that the equipment is to be propagated as SAFE. As these equipment also have an outstanding Federal order from a Judge in DC Circuit Court of Appeal whereby those 11,000 white pages showing records of evidence of harm were admissible and the Governing Safety Agency the FCC lost

satisfy that your Administrative Tribunal can update and properly enforce the Tariff statute regulatory in place as per the Defendants desire to remove a safe equipment would compromise as to impose unsafe equipment regardless that is is on current Tariff. That is why the Tribunal needs to help satisfy there would only be safe equipment ever upon the dwelling as the patient as disabled is basically homebound and so the environment is not a choice to just leave to live elsewhere. There is crucial safety concerns that I need to bring additionally as they have emerged.

The holidays is making it difficult to get ahold of Counsel and it would be preferred to be given due process with equity in standards to the Utility Vendor.

Thank you for your time and consideration

Elizabeth Peterson claimant POA for disabled person in household
