Low Income Weatherization Kind/Rebuttal Public Counsel ER-2012-0166

REBUTTAL TESTIMONY

OF

RYAN KIND

Submitted on Behalf of the Office of the Public Counsel

UNION ELECTRIC COMPANY D/B/A AMEREN MISSOURI

Case No. ER-2012-0166

August 14, 2012

Date 9-37-12 Reporter XE File No. E.C. 2012-0166

BEFORE THE PUBLIC SERVICE COMMISSION OF THE STATE OF MISSOURI

In the Matter of Union Electric Company d/b/a Ameren Missouri's Tariffs to Increase Its Revenues for Electric Service

File No. ER-2012-0166

AFFIDAVIT OF RYAN KIND

)

)

)

STATE OF MISSOURI)) COUNTY OF COLE)

Ryan Kind, of lawful age and being first duly sworn, deposes and states:

SS

- 1. My name is Ryan Kind. I am a Chief Utility Economist for the Office of the Public Counsel.
- 2. Attached hereto and made a part hereof for all purposes is my rebuttal testimony.
- 3. I hereby swear and affirm that my statements contained in the attached affidavit are true and correct to the best of my knowledge and belief.

Kar Kol

Subscribed and sworn to me this 14th day of August 2012.

JERENE A. BUCKMAN My Commission Expires August 23, 2013 Cole County Commission #09754037

man Jerene A. Buckman

Notary Public

My commission expires August 23, 2013.

REBUTTAL TESTIMONY

OF

RYAN KIND UNION ELECTRIC COMPANY CASE NO. ER-2012-0166

Q. PLEASE STATE YOUR NAME, TITLE, AND BUSINESS ADDRESS.

 A. Ryan Kind, Chief Energy Economist, Office of the Public Counsel, P.O. Box 2230, Jefferson City, Missouri 65102.

Q. PLEASE SUMMARIZE YOUR EDUCATIONAL AND EMPLOYMENT BACKGROUND.

- A. I have a B.S.B.A. in Economics and a M.A. in Economics from the University of Missouri-Columbia (UMC). While I was a graduate student at UMC, I was employed as a Teaching Assistant with the Department of Economics, and taught classes in Introductory Economics, and Money and Banking, in which I served as a Lab Instructor for Discussion Sections.
- My previous work experience includes several years of employment with the Missouri Division of Transportation as a Financial Analyst. My responsibilities at the Division of Transportation included preparing transportation rate proposals and testimony for rate cases involving various segments of the trucking industry. I have been employed as an economist at the Office of the Public Counsel (Public Counsel or OPC) since 1991.

A. Yes, prior to this case I submitted written testimony in numerous electric and gas rate cases, several electric rate design cases and other miscellaneous gas, water, electric, and telephone cases.

Q. HAVE YOU PROVIDED COMMENTS OR TESTIMONY TO OTHER REGULATORY OR LEGISLATIVE BODIES ON THE SUBJECT OF UTILITY REGULATION AND RESTRUCTURING?

A. Yes, I have provided comments and testimony to the Federal Energy Regulatory Commission (FERC), the Missouri House of Representatives Utility Regulation Committee, the Missouri Senate's Commerce & Environment Committee and the Missouri Legislature's Joint Interim Committee on Telecommunications and Energy.

11 Q. HAVE YOU BEEN A MEMBER OF, OR PARTICIPANT IN, ANY WORK GROUPS, 12 COMMITTEES, OR OTHER GROUPS THAT HAVE ADDRESSED ELECTRIC AND GAS UTILITY 13 REGULATION AND POLICY ISSUES?

A. Yes. I am currently a member of the National Association of State Consumer Advocates (NASUCA) Electric Committee, one of the end user representatives for the Stakeholder Steering Committee (SSC) of the Eastern Interconnection Planning Collaborative (EIPC), and an alternate representative for the Midwest ISO's (MISO's) Advisory Committee. I have served on the Missouri Department of Natural Resources Weatherization Policy Advisory Committee, the MISO's Advisory Committee and on both the North American Electric Reliability Council (NERC) Operating Committee and the NERC Standards Authorization Committee. During the early 1990s, I served as a Staff Liaison to the Energy and Transportation Task Force of the President's Council on Sustainable Development.

Rebuttal Testimony of Ryan Kind

Q. WHAT IS THE PURPOSE OF YOUR REBUTTAL TESTIMONY?

- A. The purpose of my rebuttal testimony is to respond to the direct testimony filed by the Missouri Commission Staff (Staff) and the Missouri Department of Natural Resources (MDNR) regarding the Union Electric Company (UE or the Company) low income weatherization (LIWX) program.
- 6

7

11

Q.

1

2

3

4

5

PLEASE IDENTIFY THE WITNESSES WHO PROVIDED TESTIMONY REGARDING THE LIWX PROGRAM THAT IS FUNDED IN THE ELECTRIC RATES PAID BY CUSTOMERS OF UE.

 A. The LIWX program was addressed in the testimony of Staff witness Henry Warren and MDNR witness Adam Bickford.

Q. WHAT ARE YOUR REMARKS IN RESPONSE DR. WARREN'S TESTIMONY REGARDING THE UE LIWX PROGRAM?

A. Dr. Warren addresses this program at pages 136 – 139 of the Staff's July 6, 2012 report
 on revenue requirement and cost of service (Staff Report). I will respond to the testimony
 that Dr. Warren provided regarding: (1) the amount of funding for the LIWX program
 that should continue to be part of UE's revenue requirement and (2) the type and
 frequency of future evaluations of the UE LIWX program.

 17
 Q.
 What is the staff's position regarding the amount of funding for the

 18
 LIWX PROGRAM THAT SHOULD CONTINUE TO BE PART OF UE'S REVENUE

 19
 REQUIREMENT?

A. At line 18 on page 136 of the Staff Report, Staff witness Henry Warren states that the
 Staff recommends that "Ameren Missouri continue to collect \$1.2 million in rates
 annually, of which \$1.14 million will be for low-income weatherization as currently

1		allocated between the Weatherization Agencies, and \$60,000 allocated annually to the
2		biennial evaluation of the low-income weatherization program."
3	Q.	DOES PUBLIC COUNSEL AGREE WITH THE STAFF'S POSITION REGARDING THE TOTAL
4		AMOUNT OF FUNDING FOR THE LIWX PROGRAM THAT SHOULD CONTINUE TO BE PART
5		OF UE'S REVENUE REQUIREMENT?
6	А.	OPC agrees that \$1.2 million in funding for UE's LIWX program should continue to be
7		included in the Company's revenue requirement. However, Public Counsel does not
8		agree that a portion of the \$1.2 million should be allocated away from providing
9		weatherization services for the purpose of funding biennial evaluations of the LIXW
10		program that could be done "at the discretion of the Company" after the second required
11		evaluation of electric and gas program impacts recommended by the Staff is completed.
12	Q.	WHAT DOES STAFF WITNESS HENRY WARREN RECOMMEND FOR THE SECOND
12 13	Q.	WHAT DOES STAFF WITNESS HENRY WARREN RECOMMEND FOR THE SECOND EVALUATION OF UE'S LIWX PROGRAM?
	Q . A.	
13		EVALUATION OF UE'S LIWX PROGRAM?
13 14		EVALUATION OF UE'S LIWX PROGRAM? At line 22 on page 136 of the Staff Report, Staff witness Henry Warren recommends that
13 14 15		EVALUATION OF UE'S LIWX PROGRAM? At line 22 on page 136 of the Staff Report, Staff witness Henry Warren recommends that "the second evaluation of Ameren Missouri's weatherization program include a

13 14 15 16 17 18	Α.	EVALUATION OF UE'S LIWX PROGRAM? At line 22 on page 136 of the Staff Report, Staff witness Henry Warren recommends that "the second evaluation of Ameren Missouri's weatherization program include a component that evaluates the impact on the gas service of the weatherization of the Company's low-income customers that are provided both natural gas and electricity from Ameren Missouri."
13 14 15 16 17 18	Α.	EVALUATION OF UE'S LIWX PROGRAM? At line 22 on page 136 of the Staff Report, Staff witness Henry Warren recommends that "the second evaluation of Ameren Missouri's weatherization program include a component that evaluates the impact on the gas service of the weatherization of the Company's low-income customers that are provided both natural gas and electricity from Ameren Missouri."
13 14 15 16 17 18 19 20	A. Q.	EVALUATION OF UE'S LIWX PROGRAM? At line 22 on page 136 of the Staff Report, Staff witness Henry Warren recommends that "the second evaluation of Ameren Missouri's weatherization program include a component that evaluates the impact on the gas service of the weatherization of the Company's low-income customers that are provided both natural gas and electricity from Ameren Missouri." DOES PUBLIC COUNSEL SUPPORT STAFF'S RECOMMENDATION FOR THE SECOND EVALUATION OF UE'S LIWX PROGRAM?

11

12

13

evaluation focus on the combined impact that the program has on reductions of both electric and natural gas usage in homes that are weatherized as part of UE's LIWX program. Public Counsel supports this recommendation because a large portion of the homes in UE's electric service territory use electricity for space cooling (air conditioning) and natural gas for most or all of their space heating needs. When homes use both fuel sources for their space conditioning end uses, then the benefits of the thermal shell enhancements that result from participating in the UE LIWX program include reductions in both gas and electric usage. The combined impact of reductions in the usage of both fuels are benefits to program participants and to ratepayers and society as a whole that can be assessed and compared to the costs of LIWX with the various cost benefit tests (Total Resource Cost Test, Utility Cost Test, etc.).

Q. PLEASE DESCRIBE THE "MINOR MODIFICATION" TO THE STAFF PROPOSAL THAT YOU REFERENCED AT THE BEGINNING OF YOUR PRIOR ANSWER.

14 Α. Dr. Warren recommends that the natural gas portion of the evaluation of homes 15 weatherized in the UE LIWX program be limited to those homes where UE is also 16 providing the natural gas service. Public Counsel recommends that this part of the Staff's 17 proposal be modified so that it includes a representative sample of homes that use both 18 electricity and natural gas for space conditioning, regardless of whether the natural gas 19 service is provided by UE or Laclede Gas Company (Laclede). The inclusion of homes 20 where natural gas usage is provided by Laclede will provide a more complete picture of the combined electric and gas impact that the UE LIWX program has throughout UE's 21 service territory, including the Missouri portion of the St. Louis metropolitan area 22 where most customers receive natural gas service from Laclede. During preliminary 23 discussions that I've had with Laclede energy efficiency personnel regarding a combined 24 25 electric and gas impact evaluation of the UE LIWX program, Laclede indicated that it

2

3

4

5

6

7

8

9

would be willing to provide the natural gas billing data necessary to perform a combined impact evaluation.

Q. YOU STATED EARLIER THAT PUBLIC COUNSEL DOES NOT AGREE THAT A PORTION OF THE \$1.2 MILLION SHOULD BE DEDICATED TO BE ALLOCATED FOR THE PURPOSE OF BIENNIAL EVALUATIONS OF THE LIXW PROGRAM THAT COULD BE DONE "AT THE DISCRETION OF THE COMPANY" AFTER THE SECOND REQUIRED EVALUATION OF ELECTRIC AND GAS PROGRAM IMPACTS RECOMMENDED BY THE STAFF IS COMPLETED. PLEASE EXPLAIN WHY YOU DISAGREE WITH THIS STAFF RECOMMENDATION.

If a portion of the \$1.2 million in funding for the LIWX program is taken away from Α. 10 being used to weatherize additional homes in order to be used for evaluating the program, 11 then there should be sufficient justification for doing so. Once a current evaluation has 12 been performed, then an assessment should be made of the incremental costs and 13 incremental benefits of performing additional evaluations. If a credible evaluation has 14 already been performed recently, then the incremental benefits of performing additional 15 evaluations will be lower than the benefits that resulted from the first evaluation. The 16 Staff has recommended that a second evaluation be performed that focuses on assessing 17 the total usage reductions (both electric and gas instead of electric only) and Public 18 19 Counsel recognizes that a second evaluation with this different focus will provide 20 substantial incremental benefits relative to the benefits that were achieved by only assessing impacts on electric usage in the first evaluation. However, once this second 21 evaluation is completed, parties and the Commission should assess the value of any 22 additional evaluations in UE's next rate case. 23

23

24

Q. WHAT IS YOUR GENERAL KNOWLEDGE OF THE FREQUENCY WITH WHICH EVALUATIONS HAVE BEEN PERFORMED OF THE LIWX PROGRAMS FOR OTHER **REGULATED GAS AND ELECTRIC UTILITIES IN MISSOURI?**

Α. Almost all of the regulated gas and electric utilities in Missouri have LIWX programs. 4 5 Some of these programs have never been evaluated, especially for the smaller gas utilities. The frequency of evaluations for other electric and gas utilities tends to be about 6 7 every five to ten years based on my general knowledge of when such evaluations have 8 occurred. In addition to the evaluations that have been performed of specific ratepayer funded LIWX programs in Missouri, the Department of Energy has performed nationwide evaluations of its Low Income Weatherization Assistance Program (WAP) (see http://weatherization.ornl.gov/evaluation past.shtml) and since the ratepayer funded programs in Missouri have generally followed the program guidelines for the taxpayer 12 funded WAP programs, these evaluations also contribute to the knowledge base 13 regarding the impacts, potential process issues/improvements and safety benefits of 14 LIWX programs. A new nationwide evaluation of the WAP is also currently under way. (See http://weatherization.ornl.gov/evaluation nr.shtml)

Q. PLEASE DESCRIBE RECOMMENDATION MADE BY DEPARTMENT OF NATURAL RESOURCES (MDNR) WITNESS ADAM BICKFORD IN HIS TESTIMONY REGARDING THE **UE LIWX PROGRAM?**

In his testimony, Dr. Bickford "requests that the Commission approve an increase [of A. \$120,000] in Ameren's funding for low income weatherization to include MDNR's related administrative expenses." If the Commission approves this request, the funding level for the UE LIWX program will increase from \$1.2 million/year to \$1.32 million/year and UE would make annual payments of \$120,000 to MDNR.

2

3

4

5

6

7

8

9

Q. DID DR. BICKFORD INDICATE THAT MDNR WOULD MAKE SIMILAR REQUESTS TO THE COMMISSION FOR OTHER ELECTRIC AND GAS UTILITIES?

A. Yes. At line 19 on page 9 of his testimony, Dr. Bickford states "it is our intention to attempt to resolve this issue via negotiation with each utility for whom MDNR is administering a utility Weatherization program."

Q. WHAT IS PUBLIC COUNSEL'S RESPONSE TO THE REQUEST THAT MDNR IS MAKING IN THIS CASE FOR COLLECTING ADDITIONAL DOLLARS FROM UE RATEPAYERS IN ORDER TO HELP COVER A PORTION OF THE COSTS THAT MDNR INCURS TO ADMINISTER RATEPAYER-FUNDED LIWX PROGRAMS IN THE STATE OF MISSOURI?

A. Public Counsel readily acknowledges that MDNR provides a necessary and vital service 10 that helps enable Missouri utility customers to receive additional ratepayer-funded LIWX 11 services by assisting in the administration of these programs. We do however have some 12 13 concerns with the MDNR proposal because: (1) it is not clear that MDNR has exhausted all other alternatives for sources of funding through the reallocation of unspent ARRA 14 federal stimulus funds that has already occurred or reallocations that could still occur, (2) 15 the timing of the funding request may not match the time periods during which MDNR 16 has shortfalls in US Department of Energy (DOE) funding of its administrative expenses, 17 and (3) MDNR has not fully explained why Missouri did not receive WAP funding from 18 19 DOE for this year (which would have included some funding for MDNR administrative costs) when some other states apparently did. 20

21 22

23

Q.

PLEASE EXPAND UPON THE SECOND CONCERN THAT YOU RAISED REGARDING THE TIMING OF FUNDS THAT MDNR WOULD RECEIVE FROM UE AND HOW THAT TIMING MAY OR MAY NOT COINCIDE WITH THE TIME PERIOD DURING WHICH ANY POSSIBLE

Rebuttal Testimony of Ryan Kind

SHORTFALL IN DOE FUNDING OF MDNR ADMINISTRATIVE COSTS WOULD ACTUALLY OCCUR.

A. The WAP program year which MDNR identifies as providing no direct allocation of administrative funds from DOE is the 12 months ending June 30, 2013. MDNR witness Adam Bickford acknowledges on page 6 of his testimony that the amount of funding that MDNR may receive from DOE to cover its administrative costs for the 12 months ending June 30, 2014 is unknown at this time. Dr. Bickford also acknowledges on page 12 of his testimony that "if this issue is not resolved through stipulation prior to November 2012, the earliest that any Commission decision on providing administrative support for MDNR Weatherization activities could be implemented is with the Fall 2013 payment to EIERA." If the Commission does approve MDNR for its expenses to help administer the UE LIWX, the Commission should be careful to ensure that such payments correspond with the time periods during which shortfalls in DOE's funding of MDNR administrative expenses actually occur.

Q. DOES THIS CONCLUDE YOUR REBUTTAL TESTIMONY?

A. Yes.
