Adjustment Relating to MEEIA EEIC Rider )      Tracking No. JE-2026-0075

## ORDER APPROVING RIDER ENERGY EFFICIENCY INVESTMENT CHARGE TARIFF SHEET

Issue Date: January 9, 2026

Effective Date: February 1, 2026

On December 1, 2025, Union Electric Company d/b/a Ameren Missouri filed a tariff sheet, with supporting testimony, to adjust the rate of its Missouri Energy Efficiency Investment Act (MEEIA) Rider, Energy Efficiency Investment Charge (EEIC Rider). The terms of the EEIC Rider require a filing at least once per calendar year to be effective with the subsequent calendar year's February billing month. Ameren Missouri's annual filing to adjust its EEIC Rider bears an effective date that coincides with the start of the company's February billing month – February 1, 2026. The tariff sheet has been assigned Tracking No. JE-2026-0075 by the Commission.

Ameren Missouri's proposed EEIC Rider adjustment decreases the MEEIA revenue requirement from \$64.6 million to \$55.5 million, with specific rate classes being impacted differently. If approved, an average residential customer would experience a \$0.27 decrease in the EEIC Rider charge on their monthly bills.

The Commission issued notice of the filing and directed the Staff of the Commission (Staff) to submit a recommendation. Staff conducted a full review of the tariff revisions and accompanying testimony.

On December 29, 2025, Staff recommended the Commission approve Ameren Missouri's EEIC Rider tariff sheet. Staff also verified that Ameren Missouri is not

delinquent on any assessment and has filed its Annual Report. No other responses were filed.

Having reviewed Staff's recommendation, the Commission will approve the proposed tariff sheet. Since the EEIC Rider is unopposed and Ameren Missouri seeks to have the revised tariff sheet go into effect at the start of the February billing month, the Commission finds it reasonable to make this order effective in less than 30 days.
