Thank you for your application for Liberty Utilities – Empire District’s Commercial and Industrial Energy Efficiency Rebate Program. Due to the overwhelming success of the program, we have reached the budget limit for the 2018-19 program year. The next program year will begin on June 1, 2019, at which time Liberty – Empire will begin taking new applications for this program. Your application will be placed on our pending list. If additional funds are allocated to the program prior to June 1, 2019, applications will be processed in the order they were received.
