MGU'S REVISED MOTION FOR LEAVE TO AMEND APPLICATION

Comes now Missouri Gas Utility, Inc. (MGU OR Company), and, as its Motion for Leave to Amend Application, states as follows to the Missouri Public Service Commission's (Commission):

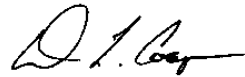

1. On December 22, 2009, MGU filed an Application for a certificate of convenience and necessity.¹ **Appendix B** to the Application was a feasibility study.
2. Commission Rule 4 CSR 240-2.080(20) states that "Any pleading may be amended within ten (10) days of filing, unless a responsive pleading has already been filed, or at any time by leave of the commission."
3. MGU seeks the Commission's leave to amend the Application by replacing Appendix B to the Application with the Amended Appendix B attached to this pleading. The Amended Appendix B attached hereto corrects certain matters associated with an estimated usage error.
4. Staff was previously informed of the proposed amendment and Staff was provided with a copy of the Amended Appendix B prior to the filing of its Status Report on January 27, 2010.

¹ MGU's Motion for Leave to Application filed on January 31, 2010, contained an erroneous description of the application in this case. That description has been corrected in the Revised Motion for Leave.

5. MGU believes that good cause exists for a grant of the requested motion for leave to amend as a grant of the motion will provide more accurate information for the consideration of the parties and the Commission in regard to MGU's application.

WHEREFORE, MGU respectfully requests that the Commission issue its order granting MGU leave to amend its Application as described herein.

Respectfully submitted,
