

Educational Background and Work Experience of Angela Schaben

My educational background includes a Master of Business Administration degree from Columbia College in Columbia, Missouri and a Bachelor of Science degree in Accounting from Lincoln University in Jefferson City, Missouri.

Prior to joining the Office of the Public Counsel in December 2021, I held various fiscal, administrative, and information technology related positions within Missouri Government totaling seventeen years.

Highlights of my Missouri Government career include the following:

- From 2019 to 2021, I oversaw the fiscal responsibilities of several programs within the Department of Health and Senior Services (DHSS). These responsibilities included grant management, budget/ expenditure approval and tracking, and liaising with managers of grant programs awarded over \$9 million in funding.
- Prior to the Department of Health, I was employed within the Information Technology Services Division (ITSD) of the Department of Administration (OA) from 2016 to 2019. During this period, I held positions in both application development and server administration.
- Preceding ITSD, I held positions of progressive responsibility within the Department of Social Services (DSS) and again with the Department of Health and Senior Services between the years of 2008 to 2016. During these years, responsibilities included:
 - Approximately four and a half years of auditing which required statewide travel to various locations with the goal of ensuring Departmental, State, and Federal policies were followed.
 - Oversight of data and expenditure reporting on a variety of different levels. I assisted with the State budgetary process and utilized several different software programs for the purpose of extracting data to support managerial decisions in budget and grant management.
- Prior to 2008, I held various entry level accounting, auditing, and administrative positions.
