RE: HT-2026-_____ – for service provided Q1 2026

Dear Ms. Dippell:

Filed through EFIS is the following steam tariff sheet for filing on behalf of Evergy Missouri West, Inc. d/b/a Evergy Missouri West – For St. Joseph, Missouri and Environs, providing the current Quarterly Cost Adjustment (“QCA”) per the Stipulation and Agreement in Case No. HR-2009-0092, and adjusted in Case No. HR-2018-0231.

The tariff sheet, listed below, has a proposed effective date of June 1, 2026. The proposed QCA rate of \$0.7473 as compared to the current effective rate of \$0.6266 is an increase driven by higher fuel costs in Q1 2026 compared to Q1 2025. Workpapers in support of the calculation are included with this filing.

At the proposed QCA rate of \$0.7473 per mmBtu, customers will be charged \$747.30 for every 1,000 mmBtu. This reflects an increase of \$120.70 compared to the current QCA charge of \$626.60 for every 1,000 mmBtu.

Evergy Missouri West, Inc. d/b/a Evergy Missouri West, PSC Mo. No. 1, Steam Rates, Effective June 1, 2026 – 68th Revised Sheet No. 6.10, canceling 67th Revised Sheet No. 6.10.

Respectfully,

Linda J. Nunn
