**MOTION TO REMOVE CASE FROM SMALL FORMAL COMPLAINT  
PROCEDURE AND PROCEED UNDER STANDARD FORMAL RULES**

**COMES NOW** Complainant, Micha Davis, appearing pro se, and pursuant to the Commission’s Order dated March 24, 2026, and Commission Rule **20 CSR 4240-2.070(15)**, respectfully moves the Commission to remove this matter from the small formal complaint procedure and place it under the standard formal complaint procedure. In support of this Motion, Complainant states:

1. On March 24, 2026, the Commission issued an Order Giving Notice of Case Filing, which designated this case as a small formal complaint because a specific amount in dispute was not alleged in the initial complaint.
2. Commission Rule 20 CSR 4240-2.070(15) provides that any dispute involving \$ [REDACTED] or more shall proceed under the standard formal complaint procedure, rather than the small formal complaint procedure.
3. Complainant hereby clarifies for the record that the total damages, equipment losses, and financial impact resulting from the incident described in the Complaint exceed the \$ [REDACTED] threshold.
4. Due to the value of the claim and the technical nature of the negligence involved, Complainant believes the standard formal procedure is necessary to ensure a full and fair investigation, proper discovery, and a complete adjudication of the facts.

**WHEREFORE**, Complainant respectfully requests that the Commission grant this motion, remove this case from the small formal complaint track, and direct that this matter proceed under the standard formal complaint rules.

Respectfully Submitted,

**Micha Davis**
