MOTION FOR REVISED ORDER GRANTING
EXPANDED DESIGNATION AS AN
ELIGIBLE TELECOMMUNICATIONS CARRIER

COMES NOW Northeast Missouri Rural Telephone Company d/b/a NEMR Telecom (“Applicant” or “NEMR”) and for its Motion for Revised Order Granting Expanded Designation as an Eligible Telecommunications Carrier states to the Missouri Public Service Commission (“Commission”) as follows:

INTRODUCTION AND SUMMARY

1. On February 24, 2021, the Commission issued its Order Granting Expanded Designation as an Eligible Telecommunications Carrier to NEMR. The Commission notes that NEMR was awarded federal Rural Digital Opportunity Fund (“RDOF”) support to build broadband facilities in more rural areas. Specifically, NEMR was granted ETC designation in Census Block Groups described in Exhibit 2 to its Application.

2. Recently, representatives of the Federal Communications Commission (“FCC”) contacted NEMR to advise it that the Census Block Groups for which it was designated by the Commission to be an ETC did not match the Census Block Groups for which it has been (or will be) awarded RDOF support.

3. Accordingly, NEMR requests the Commission to issue a revised Order granting expanded designation as an Eligible Telecommunications Carrier in all Census Block Groups described in Revised Exhibit 2 to this Motion.

4. In addition, NEMR requests the Commission to rescind its grant of expanded designation as an Eligible Telecommunications Carrier in those Census Block Groups listed in Exhibit 2 to its original Application.

Respectfully submitted,
