BILLING AND PAYMENT- Non-Standard Metering Service (Opt-Out)

- (1) Non-Standard Metering Service is available for any individual Residential Customer whose premise(s) is metered with a Company standard meter with wireless communications (Standard Meter) and requests to have metering service utilizing a Company Non-Standard digital meter without wireless communications (Non-Standard Meter) in accordance with 20 CSR 4240-10.035.
- (2) In order to begin receiving Non-Standard Metering service under this Rule, the Customer must complete the following requirements:
- (a) The Customer must sign and return to the Company the Residential Non-Standard Metering Service Acknowledgment Form (Acknowledgement Form) accepting all fees, requirements, and limitations of this Rule. The Acknowledgement Form can be obtained from the Company website or by contacting the Company Customer Care Center and requesting a hard copy be mailed to their premise(s).
 - (b) The Customer must pay a required, and non-refundable, Non-Standard Meter Initial Setup Charge per Non-Standard Meter as shown on UTILITY RELATED CHARGES on Sheet 21.
 - (c) The Customer must pay a monthly recurring Non-Standard Meter Charge per Non-Standard Meter as shown on UTILITY RELATED CHARGES on Sheet 21 in addition to their applicable residential rates.
- (3) Once the Company has received the signed Acknowledgement Form from the Customer and payment of the Non-Standard Meter Initial Setup Charge has been processed by the Company, the Company will, within 20 business days, furnish, and install, a Non-Standard Meter to be used for billing purposes and service under this Rule. The Non-Standard Meter Charge will then be added to the customer's monthly bill.
- (4) All Company rules shall apply under this Rule. For meter placement practices, please see Rules and Regulations, Tariff Sheet 97. This service is not eligible for customers who have a net metering arrangement or customers who have selected a rate that requires interval billing.
