Held to rigorous standards at both the Federal and State level, manufactured homes are the most regulated form of housing in today's market. In 2025, 1768 manufactured homes were shipped into Missouri, with the MO Public Service Commission only receiving 12 consumer complaints. That's an over 99% satisfaction rate with our homeowners. American Family Home Sales supports fair, clear and accurate enforcement of the federal standards but unnecessary regulation is the last thing that's needed at a time when there is an extreme affordable housing crisis.(see attached PDF)
