Effective Date: July 8, 2017

The Commission's Renewable Energy Standard (RES) rule, 4 CSR 240-20.100(8), requires each electric utility to file an annual RES compliance report providing information about the most recently completed calendar year. KCP&L Greater Missouri Operations Company (GMO) filed the required report on April 13, 2017.

Subsection 4 CSR 240-20.100(8)(D) requires the Commission's Staff to examine each report and to file a report of its findings within 45 days. Staff's report is to identify any deficiencies in the utility's compliance with the RES. Subsection 4 CSR 240-20.100(8)(E) allows Public Counsel and other interested persons or entities to file comments based on their review of the utility's compliance report. Subsection 4 CSR 240-20.100(8)(F) provides that the Commission may direct the electric utility to "provide additional information or to address any concerns or deficiencies identified in the comments of staff or other interested persons or entities."

Staff filed its report regarding GMO's compliance report on May 25. Staff did not identify any deficiencies in GMO's compliance report.<sup>1</sup> No other comments were filed, and no one filed a response to Staff's report.
