Mylott for a Change of Electric Service) **File No. EO-2018-0118**
Supplier from The Empire District Electric)
Company to White River Valley Electric)
Cooperative, Inc.)

ORDER DIRECTING NOTICE, ADDING PARTIES, AND DIRECTING RESPONSES TO APPLICATION

Issue Date: November 6, 2017

Effective Date: November 6, 2017

On November 3, 2017, Matt Mylott filed an amended application with the Missouri Public Service Commission ("Commission") requesting that his electric supplier be changed from The Empire District Electric Company ("Empire") to White River Valley Electric Cooperative, Inc. ("White River").

The Commission will direct its Data Center to send notice of the application to Empire and White River. Because they are necessary parties, Empire and White River will be joined as parties to this proceeding and will be directed to file responses to the application. The Commission will also direct the Staff of the Commission to file a recommendation.

THE COMMISSION ORDERS THAT:

1. The Data Center of the Missouri Public Service Commission shall send this order, with a copy of the application, to The Empire District Electric Company and White River Valley Electric Cooperative, Inc.

2. The Empire District Electric Company and White River Valley Electric Cooperative, Inc. are made parties to this proceeding and shall each file a response to the application no later than December 6, 2017.

3. The Staff of the Commission shall file its recommendation or a status report indicating when it will file a recommendation no later than December 6, 2017.

4. This order shall be effective when issued.

safety, clarity, & reduction of total meters on property.

6. Applicant has taken the following steps in an attempt to work out electric service problems with the electric service provider: I just purchased this property
what a confusing mess with 2 providers on same property. Yes I have met
with both Empire & White River. White River can supply needs immediately,
Empire would be 2-6 mos before running new lines since 3ph. not currently available.
This would mean double costs for me to add 3ph. power to both buildings. I
have no issues with either provider but its not acceptable to
have 2 providers on same property. It adds time, cost, and complexity
to my power improvement project. Also not safe due to confusion
it gives when trying to identify power source.

WHEREFORE, Applicant requests the Missouri Public Service Commission to
issue an Order which changes the current electric service provider.

*If reason for change is poor service, outages, low voltage, etc., applicant should submit a record of service problems covering at least 90 days, including dates and times of problems to the extent possible. Applicant should also attempt to determine reasons for any service problems. For instance, if electric service was out or you are experiencing blinking lights, you should contact the supplier of electric service to determine the problem, and include this information with the application. (If the reasons from the supplier was a storm, car hitting pole, trees in line, conductor fell down, or whatever the supplier states for the problem, this should be noted.)
