OF THE STATE OF MISSOURI**

In the Matter of the Application of Evergy)
Metro, Inc., d/b/a/ Evergy Missouri Metro)
for Permission and Approval of)
Certificates of Convenience and Necessity)
Authorizing them to Construct, Install,)
Own, Operate, Manage, Maintain, and)
Control Natural Gas Electrical Production)
Facilities)

Case No. EA-2026-0154

**PUBLIC COUNSEL’S REPLY TO
EVERGY METRO, INC.’S RESPONSE TO ORDER**

COMES NOW the Office of Public Counsel (Public Counsel) and for its reply to Evergy Metro, Inc.’s response to order with its local public hearing notice states that the notice should include both the size and nature of the power plant, and that Evergy Metro, Inc. is seeking Commission authority to recover construction work in progress before that plant is fully operational and used for service. Public Counsel suggests the following changes (tracked) to Evergy Metro, Inc.’s notice language:

Evergy Metro, Inc. (“Evergy Missouri Metro”) has filed with the Missouri Public Service Commission (“PSC”) an application for a Certificate of Convenience and Necessity (“CCN”) to construct, install, own, operate, manage, maintain, and control one 440 MW natural gas fired simple-cycle generating turbine plant in Nodaway County, Missouri, and is seeking Commission authorization to recover construction work-in-progress through general rates before that plant is fully operational and used for service.

Respectfully,

/s/ Nathan Williams

Nathan Williams
Chief Deputy Public Counsel
