**Missouri Public  
Service Commission**

**Stipulation and Agreement**

(No. EO-2005-0329) (effective Aug. 23, 2005)

**Section III (B) (1) Experimental Regulatory Plan**

...

**c. Single-Issue Rate Mechanisms**

KCPL agrees that, prior to June 1, 2015, it will not seek to utilize any mechanism authorized in current legislation known as "SB 179" or other change in state law that will allow riders or surcharges or changes in rates outside of a general rate case based upon a consideration of less than all relevant factors. In exchange for this commitment, the Signatory Parties agree that if KCPL proposes an Interim Energy Change ("IEC") in a general rate case filed before June 1, 2015 in accordance with the following parameters, they will not assert that such proposal constitutes retroactive ratemaking or fails to consider all relevant factors: ....

**Section III (B) (12) The Terms of this Agreement**

The terms of this Agreement (once approved by the Commission) will be deemed to have become effective as of the date the Order of the Commission approving this Agreement becomes final, and will expire June 1, 2010, except where otherwise specified in this Agreement.
