

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company)
d/b/a Ameren Missouri's Tariff to Adjust its)
Revenues for Electric Service)

File No. ER-2026-0291

APPLICATION TO INTERVENE OUT OF TIME OF RENEW MISSOURI
ADVOCATES

COMES NOW Renew Missouri Advocates d/b/a Renew Missouri (“Renew Missouri”), and pursuant to 20 CSR 4240-2.075, applies to intervene in the above-captioned case. For its *Application to Intervene Out of Time of Renew Missouri Advocates* Renew Missouri states:

1. Renew Missouri is a non-profit corporation organized under the laws of Missouri with its principal place of business at 501 Fay Street, Suite 206, Columbia, Missouri 65201. Renew Missouri is a registered fictitious name of Renew Missouri Advocates under § 417.200, RSMo. Renew Missouri is a non-profit policy group whose mission is to transform Missouri into a leading state in renewable energy and energy efficiency.

2. As advocates for renewable energy and energy efficiency efforts in Missouri, Renew Missouri’s interests are different than those of the general public and may be adversely affected by a final order arising from this case if policies hindering those efforts are adopted.

3. Due to an error, Renew Missouri inadvertently mistook the test year response date of July 22, 2026, for the intervention deadline, which was July 15, 2026. In preparing its intervention request, this misreading was discovered, and Renew Missouri respectfully requests that it still be permitted to intervene in the rate case. Renew Missouri accepts whatever procedural schedule, test year, and other procedural matters as agreed to by the parties or otherwise ordered by the Commission as currently stands. Renew Missouri does not intend unduly burden, delay, or

harm other parties, as it will accept the case as it currently stands. Furthermore, granting Renew Missouri intervention will serve the public interest by assisting the Commission's record for decision in this case.

4. Renew Missouri has not yet taken a final position in this specific case based on the application and forthcoming evidence, but generally advocates for policies that promote the transition to more reliance on renewable energy, as well as energy efficiency efforts that encourage energy savings, decreased reliance on fossil fuel generation, and increased affordability. Renew Missouri also advocates for sensible transmission policies that support increased reliability and access to renewable energy. Renew Missouri takes no position at this time regarding the relief sought by Ameren. Currently, Renew Missouri is not certain how the relief sought by Ameren may impact, directly or indirectly, policies impacting energy efficiency efforts and/or the transition to renewable energy. Renew Missouri anticipates it will be able to assert a position in either its direct or responsive testimony, as appropriate, after reviewing and analyzing the filed testimony, and obtaining more information through the discovery process.

5. Pleadings, notices, and other correspondence in this case should be directed to:

Nicole Mers

WHEREFORE, Renew Missouri respectfully requests that the Commission grant this *Application to Intervene Out of Time of Renew Missouri Advocates*, along with any further relief the Commission deems proper.

Respectfully,

/s/ Nicole Mers
