OF THE STATE OF MISSOURI**

In the Matter of the Application of Spire Missouri)	
Inc. d/b/a Spire for a Permanent Waiver from the)	
Requirement to use a “device” for Overpressure)	File No. GE-2023-0112
Protection in 20 CSR 4240-40.030 (4)(12) and)	
(13) for Certain Spire East Facilities)	

QUARTERLY UPDATE

COMES NOW Spire Missouri Inc. (“Spire Missouri” or “Company”) and submits this Quarterly Update in accordance with the *Full and Unanimous Stipulation and Agreement* (“Stipulation”) filed in this docket, stating the following:

1. This Quarterly Update provides Spire Missouri’s progress on the installation of temporary stations at or abandonment of Reynolds regulator stations. The information provided is current as of the date of this filing.

2. Spire Missouri has completed the installion of all temporary stations contemplated by this replacement program and completed the abandonment of all but three of the Reynolds regulator stations. The three remaining stations have been taken offline, and with the installation of the temporary stations, will not be brought online until they are abandoned. The only reason the stations are not yet abandoned is because the abandonments occur with Spire Missouri’s grid replacement program. Once Spire Missouri reaches the area in which the stations are located, the stations will be abandoned. The attached **Exhibit A** provides the estimated abandonment dates.

3. As the only remaining work is abandonments of stations with the grid replacement program, and these stations will not be coming back online, Spire Missouri submits that the Reynolds regulator station project has been substantially completed and no further status updates are necessary and the docket may be closed. The Company is amenable to continue providing Staff updates as requested, or providing a final update to Staff once the abandonments are completed.

WHEREFORE, Spire Missouri respectfully requests that the Commission accept this Quarterly Update, close this docket, and order any other relief as is just and reasonable.

Respectfully submitted,

/s/ J. Antonio Arias
