ORDER GRANTING APPLICATION TO INTERVENE

Issue Date: September 24, 2014

Effective Date: September 24, 2014

On August 29, 2014, The Empire District Electric Company ("Empire") filed revised tariff sheets. The Commission issued an order suspending the tariff sheets and setting a deadline for entities to file applications to intervene.

The City of Joplin, Missouri, ("Joplin") filed a timely application to intervene. Commission Rule 4 CSR 240-2.075(3) authorizes the Commission to grant an application to intervene if the party has an interest different from that of the general public which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. Joplin is a municipality in which Empire operates. Joplin has a policing power interest in the Franchise it granted Empire. In addition, Joplin's citizens receive service from Empire. Joplin's interests are different than that of the general public. Furthermore, Joplin's interests may be adversely impacted by a final order in this matter. The Commission finds Joplin's intervention may serve the public interest.

Upon review of the unopposed application, the Commission finds Joplin meets the standards set in Commission Rule 4 CSR 240-2.075(3). Therefore, the Commission will grant the application to intervene.

THE COMMISSION ORDERS THAT:

1. The City of Joplin's application to intervene is granted.
2. This order shall become effective immediately upon issuance.
