**MISSOURI DIVISION OF ENERGY’S
MOTION TO INTERVENE**

COMES NOW the Missouri Department of Economic Development –
Division of Energy¹ (“DE”) and, pursuant to Commission Rule 4 CSR 240-2.075,
respectfully requests that the Missouri Public Service Commission (“Commission”) grant
intervention to DE in the above-styled matter. For its Motion to Intervene, DE states as
follows:

1. On July 1, 2016, Union Electric Company d/b/a Ameren Missouri (“Ameren”) filed with the Commission tariffs to implement a general rate increase for its electric service.

2. On July 12, 2016, the Commission issued its *Notice of Contested Case and Order Suspending Tariff and Delegating Authority* and *Notice of Hearing; Order Setting Conference Date, Directing Notice of Action, Establishing Intervention Date, and Directing Filings* which set an intervention deadline of July 25, 2016.

3. DE is a state agency vested with the powers and duties set forth in, *inter alia*, §§ 640.150 and 640.676 RSMo.

¹ On August 28, 2013, Executive Order 13-03 transferred “all authority, powers, duties, functions, records, personnel, property, contracts, budgets, matters pending, and other pertinent vestiges of the Division of Energy from the Missouri Department of Natural Resources to the Missouri Department of Economic Development . . . ”

4. DE's interests are different than those of the general public, as illustrated by its statutory authority to plan for future energy needs and energy resource development; develop, promote, administer and monitor energy conservation programs;² consult and cooperate with all state and federal governmental agencies on matters of energy research and development, management, conservation and distribution; and analyze the potential for increased use of energy alternatives and make recommendations for the expanded use of such alternate energy sources and technologies.³ DE's intervention, moreover, will serve a public interest, as DE will evaluate the filings from a formal state policy and planning perspective consistent with its interests in clean, affordable, abundant energy, and its efficient use.

5. DE expects to develop its positions on specific issues as this case proceeds.

6. Communications, correspondence, orders, and decision in this matter should be addressed to the undersigned with a copy to DEDEnergyCases@ded.mo.gov

WHEREFORE, the Missouri Department of Economic Development – Division of Energy respectfully requests that it be allowed to intervene in this case.

Respectfully submitted,
