(A) The variance request shall be filed in writing and directed to the secretary of the commission; **and**

(B) If the commission deems it in the public interest, a hearing may be held by the commission as in complaint hearings before the commission[; and

(C) *A variance committee consisting of two (2) members of the commission's utility staff and a member of the commission's general counsel's office shall be established by the commission within thirty (30) days from September 28, 1981. The public counsel shall be an ex officio member of this committee.*

1. The variance committee shall consider all variance applications filed by utilities and shall make a written recommendation of its findings to the commission for its approval.

2. Each applicant for a variance shall have ten (10) days from the date of the variance committee's findings to either accede or request a formal hearing before the commission.

3. If applicant accedes, the commission may adopt the variance committee's findings or set the matter for formal hearing upon the application of any interested person or upon the commission's own motion.].
