In the Matter of Missouri-American Water )  
Company's Request for Authority to )  
Implement a General Rate Increase )  
For Water and Sewer Service Provided in )  
Missouri Service Areas )

**Missouri Public  
Service Commission**

Case No. WR-2010-0131

**VERIFIED APPLICATION OF ST. LOUIS AREA FIRE SPRINKLER ASSOCIATION  
TO INTERVENE**

Comes now, St. Louis Area Fire Sprinkler Association, an unincorporated association, by counsel and applies for permission to intervene in the above captioned case per the rules of this Commission. In support of its application the applicant states:

1. This case involves a request for a general rate increase.

2. Application is an unincorporated association of fire sprinkler businesses in Missouri. The Applicant provides private commercial and residential fire sprinkler systems to customers of Missouri-American Water Company. The General Rate Increase requested in this case impacts detrimentally on members of the association and their customers. The proposed tariffs and rules of Missouri-American Water Company affects the safety of the public and the business relationships of the Applicant, are not reasonable and unreasonably discourages the public from protecting their homes with private fire sprinkler systems.

3. Those wishing to contact the Applicant may contact Mr. Stan Shiner, Chairman of the Government and Legislative Committee, St. Louis Area Fire Sprinkler Association, 4316 Bridgeton Industrial Drive, Bridgeton, Mo 63044, Telephone 314 486 3433, Fax 314 739 6401.

4. As an association the Applicant submits herewith a list of its membership (Exhibit 1) as it is required by the Commission's rules and regulations. (The members in Exhibit 1 are also the same members of the St. Louis Fire Sprinkler Alliance, a companion group.)

5. All correspondence communications, orders and decisions of the Commission herein should be sent to:

Terry C. Allen, Mo Bar 19894  
Allen Law Offices, LLC  
612 E. Capitol Ave., PO 1702  
Jefferson City, Missouri 65102  
Tele 573 636 9667 Fax 573 636 4667  
terry@tcallenlawoffices.com

6. There are no pending actions or final unsatisfied judgments or decisions against the Applicant.

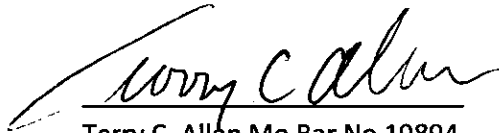

7. Applicant has no annual reports or assessments overdue.

8. Applicant seeks to intervene pursuant to 4 CSR 240-2.075

9. Applicant's interest is clearly different from those of MAWC, the general public, or any other party. Any final order of this Commission could affect the viability of the members of the Applicant, its right and ability to contract with the public to provide private fire sprinkler protection and prevent fire loss. At issue are metering, connections, standby, rental, or annual water meter fees for meters or service taps which are 2" or less that are in connection to or with any water service into residential structures throughout the entire state. There are other issues that may arise from these proceedings that may also impact of the Applicant and its members to which no party has any interest except the applicant.

10. No other party can adequately represent and protect the additional legitimate concerns of the Applicant and its members.

WHEREFORE, APPLICANT, St. Louis Area Fire Sprinkler Association, an unincorporated association respectfully requests that the Commission grant its application to intervene.
