True-up Rebuttal Testimony of
Cary G. Featherstone

1 Q. What is the purpose of your true-up rebuttal testimony?

2 A. The purpose of this testimony is to advise the Commission and the parties that on
3 March 1, 2011, Staff will file updates to the true-up revenue requirement calculations Staff
4 submitted as part of its true-up direct filings it made on February 22, 2011, in File
5 Nos. ER-2010-0355 and ER-2010-0356. The Company and Staff have continued to review their
6 revenue requirement models for KCPL, MPS and L&P, and Staff has made significant updates to
7 all three of these models. They are continuing their reviews and, to determine the impacts of all
8 the updates on the Staff's revenue requirement recommendations, Staff will need to re-run its
9 Exhibit Modeling System ("EMS") for each revenue requirement. Therefore, Staff will re-file
10 on March 1, 2011—the same date Staff will file true-up reconciliations of the parties' cases—
11 updated Staff true-up accounting schedules based on updates to its updated EMS runs for KCPL,
12 MPS and L&P. The Commission ordered that updates to the reconciliations be made on March 1
13 in its order of February 23, 2011.

14 The March 1, 2011, update to Staff's true-up revenue requirement will update the results
15 of Staff's true-up of both the KCPL and the GMO cases that Staff presented in its true-up direct
16 testimony filed on February 22, 2011. The true-up period is the twelve months ended
17 December 31, 2010, except for Iatan 2 and Iatan Common Plant costs, which have a true-up
18 cutoff date of October 31, 2010. With regard to the Iatan 2 and Iatan Common Plant costs, in its
19 August 18, 2010, Orders in each case titled, *Order Approving Nonunanimous Stipulation and*
20 *Agreement, Setting Procedural Schedule and Clarifying Order Regarding Construction and*
21 *Prudence Audit*, in ordered paragraph 5 the Commission, in part, ordered:

22 A true-up period of the 12 months ending December 31, 2010, and Iatan 2
23 and Iatan Common Plant cutoff period of October 31, 2010, is ordered,
24 assuming that the actual in-service date of Iatan 2 is projected to occur no
25 later than December 31, 2010...

True-up Rebuttal Testimony of
Cary G. Featherstone

1 Staff, KCPL and GMO agree the actual in-service date of Iatan 2 was August 26, 2010. Since
2 August 26, 2010, is prior to December 31, 2010, the true-up cutoff date for Iatan 2 and
3 Iatan Common Plant is October 31, 2010.

4 Because GMO has different rates in MPS and L&P, Staff filed three separate
5 revenue requirement runs—one for KCPL, one for MPS and one for L&P as part of its true-up
6 direct filing. Each is based on the above cutoff time periods of December 31 for non-Iatan plant
7 and October 31 for Iatan 2 and Iatan Common Plant. Staff will update each in its March 1, 2011,
8 filing.

9 Q. Does this conclude your true-up rebuttal testimony?

10 A. Yes.
