1 Q. Has Staff updated the MEEIA annualization adjustment for the true-up
2 period for the residential (“Res”), Small General Service (“SGS”), Medium General
3 Service (“MGS”), and Large General Service (“LGS”) classes?

4 A. Yes. Staff updated adjustments for true-up for these classes using the
5 same calculation methodology used in the direct workpaper. However, the time frame is
6 updated for the true-up period.

7 Q. What is the reason for not performing MEEIA adjustment for the
8 Large Power Service (“LPS”) class?

9 A. In response to Staff Data Request No. 0344T, EMM stated that there were
10 no LPS class customers in MEEIA between July 1, 2024, and June 30, 2026.
11 Therefore, Staff did not perform MEEIA annualization for the LPS class.

12 Q. What is Staff’s recommended MEEIA adjustment to be applied to the level
13 of current revenues and billing determinants for the true-up period?

14 A. Staff’s total MEEIA adjustment is *** [REDACTED] *** for the true-up period
15 ending June 30, 2026, for the RES, SGS, MGS, and LGS classes.

16 Q. Has Staff’s position been updated to reflect changes to the MEEIA
17 annualization adjustments for EMM through the end of the true-up period?

18 A Yes. Staff’s position on the MEEIA annualization adjustments for energy
19 usage are aligned with EMM. Staff does not have any positional differences compared to
20 EMM on this issue.

21 Q. Through this testimony, do you describe the development of a work product
22 that you provided to other Staff witness for the development of an issue?

1 A. Yes. Staff witness Kim Cox used the MEEIA adjusted amount to calculate
2 revenue billing determinants. To reflect the impact of the energy efficiency programs on
3 EMM's revenue, the energy efficiency adjustment is applied to revenue billing
4 determinants.

5 **EDR ANNUALIZATION ADJUSTMENT**

6 Q. How has Staff performed EDR discounts in the true-up filing?

7 A. Staff reviewed four¹ active EDR agreements and EDR calculations.
8 Staff annualized the EDR discount credits for the true-up period ending on June 30, 2026.
9 The rate classes for participating EDR tariff customers are Small General Service ("SGS"),
10 Large General Service ("LGS"), and Large Primary Service ("LPS") rate classes.

11 Q. Did Staff perform EDR annualization for the true-up period?

12 A. Yes. It is Staff's general practice to annualize data to better model the
13 impact of known changes.

14 Q. How is the cost of the discounts recovered by EMM?

15 A. With each rate case, EMM submits EDR credit for discounts provided to
16 customers utilizing this incentive. Staff's annualized EDR discount is ** [REDACTED] ** for
17 the true-up period.

18 Q. Did Staff identify any compliance issues in relation to the EMM's
19 EDR analysis?

¹ EMM's response to Staff's Data Request No. 0368.1 Conf.

1 A. Staff determined that EMM is generally in compliance with the EDR tariff
2 sheets.² Customers appear to receive discounts under the EDR that satisfy the required
3 load factor requirements.

4 **CONCLUSION**

5 Q. Does this conclude your true-up direct testimony?

6 A. Yes it does.

² JE-2020-0045 Sheet No. 32E, 32F, 32G, 32H, 32I, 32J.
