True-Up Direct Testimony of
Michael L. Stahlman

1 Q. Was the Net System Input analysis performed in the same way as
2 discussed in your direct testimony?

3 A. Yes. For true-up, I removed the Large Load class (LLPS) from the 20 CSR
4 4240-3.190(1)(C) data set. The LLPS class was also not included in the Net System Input
5 analysis performed for my direct testimony. Annualization and treatment of LLPS energy
6 requirements is addressed in the testimony of Staff witness Sarah Lange.

7 Q. Does this conclude your true-up testimony?

8 A. Yes it does.
