

THE EMPIRE DISTRICT ELECTRIC COMPANY d.b.a. LIBERTY

P.S.C. Mo. No. 6 Sec. 4 1st2nd Revised Sheet No. 22dCanceling P.S.C. Mo. No. 6 Sec. 4 1st Original Revised 22dFor ALL TERRITORY

LIMITED LARGE CUSTOMER ECONOMIC DEVELOPMENT RIDER Schedule SBEDR
--

- b. (Tier 2) When the new load is reasonably projected, and annually verified after the first 12 months, to be more than ten (10) megawatts and have a load factor of at least fifty-five (55) percent, the discount percentage, rounded to the nearest one (1) percent, shall be determined such that the applicant's total bill is expected, as of the date the discount percentage is determined, to provide revenues equal to one hundred twenty (120) percent of the electrical corporation's variable cost to serve the applicant's account or accounts that are to receive the discount. Such discount shall apply for ten (10) years.
- c. To obtain one of the discounts set forth in subdivision (a) Tier 1 or (b) Tier 2 of this subsection, the customer's load shall be incremental net of any associated offsetting load reductions due to the termination of other accounts of the Customer or an affiliate of the Customer within twelve (12) months prior to the commencement of service to the new load, the customer shall receive an economic development incentive from the local, regional, state, or federal government, or from an agency or program of any such government, in conjunction with the incremental load, and the customer shall meet the criteria set forth in this Economic Development Rider Schedule SBEDR, as approved by the Commission.
- d. The projected annual Customer load factor shall be determined by the following relationship: Load Factor = $PAE / (PCD \times HRS)$
- where:
- PAE = Projected Annual Energy (kWh)
HRS = Hours in year (8760 or 8784)
PCD = Projected Customer Peak Demand (kW)
- e. The same Load Factor formula will apply for annual verification with actual Annual Energy (kWh) and actual Customer Peak Demand (kW)
5. Prior to execution of a Contract for Service under this Rider, the Customer shall provide sufficiently detailed information and documentation to enable the Company to determine whether the incremental load is qualified for service under this Rider;
6. The Customer shall execute a Contract for Service under this Rider. In the case of a Customer locating a new facility in the Company's service territory or expanding an existing facility in the Company's service territory, the contract will contain a statement that the Customer would not locate new facilities in the Company's service territory or expand its existing facilities in the Company's service territory but for receiving service under this Rider along with other incentives; and
7. The Customer is otherwise qualified for service under the Company's NS-LG, NS-SP, TC-LG, TC-SP, LP or TS, TS-LL rate schedules.
