ORDER APPROVING TRUE-UP AND TARIFF TO CHANGE FUEL ADJUSTMENT RATES

Issue Date: September 14, 2026

Effective Date: October 1, 2026

On July 31, 2026, in Case No. ER-2027-0032, Evergy Metro Inc., d/b/a Evergy Missouri Metro submitted a tariff sheet, Tracking No. JE-2027-0015, revising its Fuel Adjustment Rate (FAR) of its Fuel Adjustment Clause (FAC) for its 22nd Accumulation Period (AP) ending June 30, 2026. In Case No. EO-2027-0031, Evergy Missouri Metro also submitted its 19th true-up filing for its FAC. Evergy Missouri Metro requests the Commission authorize a true-up adjustment and implement it under its FAC tariff sheet, which bears an effective date of October 1, 2026.

FAC True-Up

The true-up amount identified in Case No. EO-2027-0031 is the result of Evergy Missouri Metro's under-recovery of \$8,408 from its customers during the 19th Recovery Period (RP) of April 2025 through March 2026. The true-up amount of \$466,000 and the interest amount for AP22 of \$126,683 are included in the

calculation of the Fuel and Purchased Power Adjustment included in Evergy Missouri Metro's AP22 adjustment filing in Case No. ER-2027-0032.

On August 26, 2026, Staff filed its recommendation regarding Evergy Missouri Metro's true-up. Staff's recommendation indicated that Staff examined the direct testimony of Linda Nunn, supporting schedules, workpapers Evergy Missouri Metro provided with its application and the monthly reports Evergy Missouri Metro submitted to the Commission. Staff reviewed the calculations including the interest amounts and agreed with those calculations.

FAC Tariff Sheet

With regard to the FAC tariff sheet in Case No. ER-2027-0032, the calculated Fuel and Purchased Power Adjustment (FPA) amount is (\$9,127,640) for AP22, which ended on June 30, 2026. The FPA amount is calculated as the sum of: 1) the fuel and purchased power amount to be recovered from customers for AP22 of (\$9,262,731; 2) interest of \$126,683, and 3) the true-up amount from RP19, without interest, of \$8,408.

The FPA amount of (\$9,127,640) results in a Fuel Adjustment Rate (FAR) for the recovery period following AP22 of (\$0.00084)/kWh. Because of the differences in line losses, there are different FARs for service taken at the Secondary, Primary, Substation, and Transmission voltage levels. Based on a monthly usage of 1,000 kWh, the proposed change to the Secondary FAR would decrease the FAC of an Evergy Missouri Metro's residential customer's monthly bill by \$1.63, from \$1.42 to (\$0.21) per month.

On August 26, 2026, Staff recommended the Commission issue an interim rate adjustment order to approve Evergy Missouri Metro's tariff sheet to be effective on October 1, 2026, subject to true-up and prudence review. Time was allowed for responses to Staff's recommendation and memorandum, but no responses or objections were received. Commission Rule 20 CSR 4240-20.090(8)(G) also allows parties 40 days from filing to respond to an FAR adjustment. More than 40 days have elapsed and no party other than Staff has responded to either Case No. ER-2027-0032 or Case No. EO-2026-0031.

The Commission has reviewed Evergy Missouri Metro's true-up filings and Staff's verified recommendation and memorandum and finds that the true-up filing is correct. Further, the Commission has reviewed Evergy Missouri Metro's tariff filings and Staff's verified recommendation and memorandum and finds that the tariff sheet implementing the FAC rate adjustment is in compliance with the Commission's Order establishing the FAC and with all applicable statutes and regulations. Therefore, the Commission will approve Evergy Missouri Metro's unopposed true-up filing and proposed tariff.

To allow the tariff sheet to take effect on October 1, 2026, the Commission finds it reasonable to make its order effective less than 30 days after issuance.

THE COMMISSION ORDERS THAT:

1. The true-up amount for RP19 is established for Evergy Missouri Metro as an under-recovery of \$8,408 from its customers and shall be reflected in the rate adjustment in File No. ER-2027-0032.
2. Evergy Missouri Metro's tariff filing in File No. ER-2027-0031, filed July

31, 2026, and assigned Tracking No. JE-2027-0015 is approved to be effective October 1, 2026, as an interim rate adjustment, subject to true-up and prudence reviews. The tariff is:

P.S.C. Mo. No. 7

7th Revised Sheet No. 50.42, Canceling 6th Revised Sheet No. 50.42

3. This order shall become effective on October 1, 2026.
4. These files shall close on October 2, 2026.
