MOTION FOR EXTENSION

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri") and, pursuant to 20 CSR 4240-4.017 and 20 CSR 4240-2.050, requests a 30-day extension of time. In this regard, Ameren Missouri respectfully states as follows to the Missouri Public Service Commission ("Commission"):

1. On March 31, 2026, Ameren Missouri submitted its Notice of Case Filing pursuant to Commission Rule 4.017(1), regarding an expected application for a Certificate of Convenience and Necessity ("CCN") for a new distribution substation to serve an existing Ameren Missouri customer in a neighboring utility's service territory and request for waiver of certain tariff provisions.

2. Commission Rule 4.017(1) provides that “[i]f the expected case filing is not made within one hundred eighty (180) days, the noticed case shall close.”

3. Commission Rule 2.050(3) provides that “(w)hen an act is required or allowed to be done by order or rule of the commission at or within a specified time, the commission may -
(A) Order the period enlarged before the expiration of the period originally prescribed . . .”

4. The 180th day following March 31, 2026, will be September 27, 2026. As such, this request for a 30-day extension of time is being filed before the expiration of the period originally prescribed by Commission rule.

5. An additional 30-day period is needed to coordinate with the customer and finalize the filing. A 30-day extension of the 180-day deadline prescribed by Rule 4.017(1) will not harm or prejudice any party to this case and would serve the public interest.

WHEREFORE, Ameren Missouri respectfully requests an order extending the 180-day period set forth in Rule 4.017(1) for an additional 30 days, to October 27, 2026; and Ameren Missouri requests such other and further relief as is just and proper under the circumstances.

Respectfully submitted,
