Missouri-American Water Company for	)	File No. WR-2027-0038
Approval to Change a Water and Sewer	)	File No. SR-2027-0039
Infrastructure Rate Adjustment (WSIRA).	)	

**MAWC’S PETITION TO CHANGE A WATER AND SEWER
INFRASTRUCTURE RATE ADJUSTMENT (WSIRA)
AND MOTION FOR WAIVER**

COMES NOW Missouri-American Water Company (“MAWC”), pursuant to Sections 393.1500 through 393.1509, RSMo, and Rules 20 CSR 4240-2.060(1) and (6), 20 CSR 4240-10.185 and 20 CSR 4240-4.017(1)(D), and, for its *Petition to Change a Water and Sewer Infrastructure Rate Adjustment and Motion for Waiver (WSIRA)*, respectfully states as follows to the Missouri Public Service Commission (“Commission”):

BACKGROUND

1. Sections 393.1500 through 393.1509, RSMo, provide eligible water and sewer corporations with the ability to recover certain eligible infrastructure system project costs outside of a formal rate case filing via a Water and Sewer Infrastructure Rate Adjustment (WSIRA). A petition must be filed with the Commission for review and approval before an adjustment can be made to a water or sewer corporation’s rates and charges to provide for the recovery of the costs associated with eligible infrastructure system projects.

THE APPLICANT

2. MAWC is a Missouri corporation with its principal office and place of business at 727 Craig Road, St. Louis, Missouri 63141. MAWC is a Missouri corporation in good standing. A certified copy of MAWC’s certificate of good standing was filed with the Commission in its File No. WO-2021-0343 and is incorporated herein by reference. MAWC currently provides water

service to approximately 492,000 customers and sewer service to approximately 29,000 customers in several counties throughout the state of Missouri. MAWC is a “water corporation,” a “sewer corporation,” and a “public utility” as those terms are defined in Section 386.020 and 393.1000(7), RSMo., and is subject to the jurisdiction and supervision of the Commission as provided by law. Other than cases that have been docketed at the Commission, MAWC has no pending action or final unsatisfied judgments against it from any state or federal agency or court within the past three (3) years that involve customer service. MAWC has no annual report or assessment fees that are overdue.

3. Communications in regard to this Petition should be addressed to the undersigned counsel and:

Brian LaGrand
Director of Rates & Regulatory
Missouri-American Water Company
727 Craig Road
St. Louis, MO 63141
314-996-2357
brian.lagrand@amwater.com

THE WSIRA REQUEST

4. MAWC, per this Petition, seeks to change its WSIRAs to provide for the recovery of costs for infrastructure system projects eligible for WSIRA recognition. The proposed WSIRA rate schedules filed concurrently with this Petition reflect the appropriate pre-tax revenues necessary to produce net operating income equal to MAWC’s pretax weighted cost of capital multiplied by the net original cost of the eligible infrastructure system projects, including recognition of accumulated deferred income taxes and accumulated depreciation associated with eligible infrastructure system projects which are included in the petition to establish or change a WSIRA pursuant to Sections 393.1500 through 393.1509. MAWC also seeks to recover all state,

federal and local income or excise taxes applicable to such income and to recover all other costs such as depreciation expense and property taxes due within 12 months of this filing.

5. MAWC had its last general rate proceeding decided by Commission Order issued on May 7, 2025, effective May 17, 2025, in Case No. WR-2024-0320. Tariffs resulting from that case became effective on May 28, 2025 (JW-2025-0157 and JS-2025-0158).

6. Customers affected by the proposed WSIRA benefit from these eligible infrastructure system projects because: 1) the program accelerates the replacement of aging assets; 2) reduces the frequency of water and wastewater service interruptions; and 3) improves overall service reliability.

7. Attached hereto as **Appendix A** and **Appendix B** are the proposed rate schedules. Attached hereto as **Appendix C** are the supporting documents necessary to establish the WSIRA and to reflect recovery of eligible infrastructure system project costs.

8. The proposed water rate schedule, on an annualized basis, will produce WSIRA revenues of \$14,002,048, or an increase of 2.5%, based on the base water revenue level approved by the Commission in MAWC's most recently completed general rate proceeding.

9. The proposed sewer rate schedule, on an annualized basis, will produce WSIRA revenues of \$119,731, or an increase of 0.5%, based on the base sewer revenue level approved by the Commission in its most recently completed general rate proceeding.

10. The proposed WSIRA on an annualized basis does not produce revenues in excess of 15 percent (15%) of the base water or sewer base requirement approved by the Commission in Case No. WR-2024-0320.

11. The eligible infrastructure system projects for which MAWC seeks WSIRA recognition are set forth on **Appendix D-Water** and **Appendix D-Sewer**, which are attached

hereto and made a part hereof for all purposes. The eligible infrastructure system projects listed on **Appendix D-Water** and **Appendix D-Sewer** are water or sewer utility plant projects that replace or extend the useful life of existing infrastructure; are in service and used and useful; do not include projects intended solely for customer growth; and the costs of which were not recovered in MAWC's base rates established in Case No. WR-2024-0320. More specifically, these projects consist of the following:

- A. Replacement of or cleaning and relining of existing water and sewer pipes, and associated valves, hydrants, meters, service lines, laterals, sewer taps, curbstops, and manholes;
- B. Replacement of lead mains, lead goosenecks and lead service lines, and associated valves and meters;
- C. Replacement of booster station and lift station pumps, with equipment of similar capacity and operation, as well as related pipes, valves, and meters;
- D. Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain; provided that the costs related to such projects have not been reimbursed to the water or sewer corporation;
- E. Replacement of water and wastewater treatment mechanical equipment with equipment of similar capacity and operation, including well and intake pumps, transfer pumps, high service or discharge pumps, and metering pumps; and
- F. Replacement of Supervisory Control and Data Acquisition System (SCADA) components necessary for the operation and monitoring of remote installations

including radio and cellular communication equipment, and programmable logic controllers.

12. MAWC utilizes both internal and external resources to install the mains. In instances where external resources were utilized, a request for proposal (RFP) process is used. The American Water Procurement Department works with MAWC engineering personnel to identify contractors that are capable of installing water main across the state and provided a questionnaire regarding qualifications, safety, financial, equipment and manpower abilities to meet the anticipated workload. MAWC requests bids based on its standard bid process to some of the identified contractors along with utilizing the unitization process with contractors currently under contract to replace and or relocate water mains. The unitization process consists of procurement providing a bid document with nearly 600 line items for the contractors to provide unit costs associated with each line item provided and then pricing provided was evaluated against past projects to see if a cost advantage was recognized in order to validate the hiring of the contractor using this process. Once the evaluation was confirmed, MAWC's engineering and supply chain department enter into a contract with the contractor(s) to replace/relocate water mains utilizing this unitization pricing method. The other contractors not currently under contract using this unitization pricing method are sent RFPs for multiple projects and once bids are received back, they are evaluated against similar projects using the unitization pricing method for cost comparisons. The projects are then awarded based on costs and contractor availability to complete the projects in the time frame provided.

13. **Appendix D-Water** and **Appendix D-Sewer** provide the eligible infrastructure system projects by Task Order (work order) and identify and sub-total facility relocations on behalf of the State of Missouri, on behalf of a political subdivision of the State of Missouri, on behalf of

the United States and on behalf of an entity other than the United States, State of Missouri or a political subdivision of the State of Missouri.

14. Attached hereto as **Appendix E-Water** and **Appendix E-Sewer** are lists of infrastructure retirements and related annual depreciation expense associated with the retirements. **Appendix E-Water** and **Appendix E-Sewer** provide the original cost of the retired asset, depreciation rate, and the date the asset was removed from service.

15. Attached hereto as **Appendix F-Water** and **Appendix F-Sewer** are the lists of infrastructure contributions-in-aid-of-construction and related annual amortization expense associated with the contributions-in-aid-of-construction. **Appendix F-Water** and **Appendix F-Sewer** provide the original cost of the contributed asset, amortization rate, and the date the asset was placed in service.

16. Attached hereto as **Appendix G** is the reconciliation of WSIRA collections vs. amounts authorized by the Commission. This reconciliation includes an adjustment of \$191,392, to reflect an under collection from previous WSIRA surcharges.

17. In determining the appropriate pre-tax WSIRA revenues, the proposed rate schedules utilize current state and federal income tax rates of 3.5951% and 20.2450%, respectively. These rates represent the current statutory rates.

18. In determining the appropriate pre-tax WSIRA revenues, the proposed rate schedules utilize the overall after-tax weighted average cost of capital 7.00%, as agreed to in the Stipulation and Agreement filed on March 17, 2025, and approved by the Commission in Case No. WR-2024-0320.¹

¹ Approved by the Commission's *Report and Order*, issued May 7, 2025.

19. In determining the appropriate pre-tax WSIRA revenues, the proposed rate schedules include property taxes for assets placed in service in 2025, as those property taxes on the WSIRA investments will be due within 12 months of the filing of this Petition.

20. In determining the appropriate pre-tax WSIRA revenues, the proposed rate schedules utilize depreciation rates currently applicable to the aforelisted eligible infrastructure system projects as determined by the Commission.

21. In determining the appropriate pre-tax WSIRA revenues, the proposed water and sewer rate schedules utilize the applicable tariff group billing determinants utilized in designing MAWC's water and sewer customer rates in its most recent general rate proceeding and are allocated in a manner consistent with the rate design methodology utilized to develop MAWC's water and sewer base rates resulting from its most recent general rate proceeding.

22. MAWC filed with the Commission on March 4, 2026, a revised five-year capital expenditure plan as contemplated by Section 393.1509.1(3). Said plan was filed as a Non-Case Related Submission with tracking number BORD-2026-0582.

ADDITIONAL INFORMATION

23. MAWC will post information on its website to inform customers of the WSIRA. The WSIRA information will be posted to MAWC's website at or before the time the WSIRA appears on customer's bills. Refer to **Appendix H** for an example of the information to be included on the website.

24. Instructions and talking points regarding the WSIRA will be provided to personnel at MAWC's Call Center. Refer to **Appendix I** for the instructions to be provided to personnel at MAWC's Call Center.

25. MAWC has provided an initial, one-time notice to affected customers in conjunction with the establishment of the WSIRA. This notice explained the WSIRA program, explained how the surcharge is applied to different customer classes and identified the statutory authority under which the WSIRA is implemented. See **Appendix J** for an example of this notice.

26. MAWC will provide annual notice to affected customers each year a WSIRA is in effect, explaining the continuation of the program and the resulting WSIRA. See **Appendix K** for an example of this notice.

27. The WSIRA will be clearly identified on the customer's billing statement. It will appear as a separate charge under WSIRA. See **Appendix L** for an example of a customer bill showing how WSIRA will be described on a customer's bill.

MOTION FOR WAIVER

28. Commission Rule 20 CSR 4240-4.017(1) provides that "(a)ny person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case." A notice was filed on August 5th, 2026. However, 60 days has not passed since that filing and the filing of this Application. As such, MAWC seeks a waiver of the 60-day notice requirement.

29. Rule 20 CSR 4240-4.017(1)(D) provides that a waiver may be granted for good cause. In this regard, MAWC declares (as verified below) that it has had no communication with the Office of the Commission (as defined by Commission Rule 20 CSR 4240-4.015(10)) within the prior 150 days regarding any substantive issue likely to be in this case, other than those pleadings filed for record. Accordingly, for good cause shown, MAWC moves for a waiver of the 60-day notice requirement of Rule 20 CSR 4240-4.017(1) and acceptance of this Application at this time.

WHEREFORE, pursuant to Section 393.1509(2), MAWC respectfully requests the Commission grant MAWC's motion for a waiver of the 60-day notice requirement of Rule 20 CSR 4240-4.017(1) and issue an Order bearing an effective date of no later than March 15, 2027:

- A. Authorizing MAWC to recover the costs of its eligible infrastructure system project costs (as listed on Appendix D-Water and Appendix D-Sewer) through implementation of a WSIRA as requested herein and as proposed in the tariff rate schedules filed contemporaneously with this Petition; and,
- B. Granting such other relief as may be necessary and appropriate to accomplish the purposes of Sections 393.1500 through 393.1509, RSMo.

Rate W**Water & Sewer Infrastructure Replacement Surcharge (WSIRA)**

DESCRIPTION - Rate W is designed to recover costs associated with the Company's eligible infrastructure projects:

1) Replacement of or cleaning and relining of existing mains, hydrants, meters, service lines, laterals, sewer taps, curbstops and manholes, 2) Replacement of lead mains, goosenecks, lead service lines and associated valves and meters, 3) Replacement of booster station and lift station pumps, with equipment of similar capacity and operation, as well as related pipes, valves and meters, 4) Facilities relocations required due to construction or improvement of a highway, road, street, public way, or other public work by or on behalf of the United States, this state, a political subdivision of this state, or another entity having the power of eminent domain; provided that the costs related to such projects have not been reimbursed to the water or sewer corporation; 5) Replacement of water and wastewater treatment mechanical equipment with equipment of similar capacity and operation, including well and intake pumps, transfer pumps, high service or discharge pumps, and metering pumps, 6) Replacement of Supervisory Control and Data Acquisition Systems (SCADA) components necessary for the operation and monitoring of remote installations including radio and cellular communication equipment, and programmable logic controllers. The WSIRA rate is calculated and implemented in accordance with the provisions of sections 393.1500 to 393.1509 RSMO. Any future changes to this rate will also be made in accordance with those provisions.

APPLICABILITY - This rate is applicable to any customer class who benefits from the subject utility plant projects eligible for WSIRA recovery. The surcharge is calculated consistent with the customer class cost-of-service study recognized by the Missouri Commission in the Company's most recent general rate proceeding.

RATE COMPONENTS - In addition to the other charges provided for in the Company's tariffs, a separate charge for the WSIRA will apply for service rendered on and after the effective date.

<u>Customer Rate Class</u>	<u>Rate per 100 Gallons</u>	<u>Rate per 1,000 Gallons</u>	
Rate A	\$0.10829	\$1.08289	+
Rate B	\$0.03050	\$0.30505	+
Rate J	\$0.02733	\$0.27329	+

RULES AND REGULATIONS – The General Rules and Regulations set forth in this tariff shall govern the supply of service under this rate.

PAYMENT TERMS - All bills for service under this schedule will be rendered in arrears on a monthly or quarterly basis. The due date on the tariff shall be ten (10) days after the "date of rendition" of the bill to the customer. The customer's bill will be due and payable after this due date. The delinquent date printed on the bill will not be less than twenty-one (21) days after the date of the postmark of the bill. Any accounts remaining unpaid at the expiration of twenty-one (21) days shall be considered delinquent and the Company may take such action as specified in its filed rules and regulations.

TAXES - These rates do not include any municipal, state or federal taxes computed on either billing or consumption basis. Any such taxes applicable shall be added as separate items in rendering each bill.

Water and Sewer Infrastructure Rate Adjustment (WSIRA)

Passed in 2021 by the Missouri Legislature, funds from the WSIRA surcharge are used for the replacement of aging pipes, meters, valves, hydrants, service lines, sewer laterals, pumps, mechanical equipment, and system controls. These are all critical components of reliable water and wastewater systems.

How do customers benefit?

Replacing pipes and other key parts of aging water and wastewater systems as they near the end of their life expectancy improves system reliability, efficiency and performance. For example, new water mains are less likely to break and are typically larger in diameter than older mains, which increases water flow to better meet the needs of customers and fire fighters.

Additionally, planned replacement projects allow water companies to coordinate with local governments and large customers to minimize disruptions and maximize resources. For example, planning ahead allows us to replace water mains in conjunction with road repaving projects, target the replacement of lead service lines, and schedule major projects at night and on the weekends to avoid negative business impacts and traffic congestion.

How does it work?

MAWC can request recovery of eligible investments every six months. The replacement projects must be completed and serving customers, and reviewed and approved by the Missouri Public Service Commission, before they can be included in the surcharge.

How will it impact bills?

WSIRA is designed to be budget-friendly for our customers because it allows for smaller, more consistent increases to customers' bills. Because WSIRA adjustments are based on the amount of water used, customers can also lower their bill by using less water. Visit our website for Wise Water Use tips like using water-efficient appliances and only watering your lawn when needed.

How will it help my community?

Reliable water and wastewater systems are key to economic development and community growth. Efficiently replacing aging pipes and other critical assets improves service and reliability, both now and for future generations. These projects also support quality jobs, with an estimated six direct jobs and nine indirect jobs created for every \$1 million invested in water systems.

What are the WSIRA rates?

Following is a summary of the WSIRA, by customer class and service type.

WSIRA - Water Customers (per 1,000 gallons):

Customer Rate Class	St. Louis County	Other Missouri
Residential & Commercial (Rate A)	\$0.75071	\$0.80420
Sale for Resale (Rate B)	\$0.21710	\$0.21710
Large Industrial (Rate J)	\$0.18946	\$0.24292

WSIRA – Sewer Customers (Percent of Total Bill)

Customer Rate Class	Arnold	Other Missouri
Residential & Commercial (Rate A)	0.2287%	3.6937%

Missouri American Water Company
2026 WSIRA Filing
Instructions for Call Center Personnel

- 1) Each Call Center personnel will be required to read and be familiar with the WSIRA Filing and Reporting Requirements.
- 2) Call Center personnel will be required to respond to customer inquiries regarding the following:
 - a. Benefits of WSIRA Program
 - b. Proposed and authorized WSIRA rates
 - c. Calculation of WSIRA
 - d. Effective date of WSIRA
 - e. How long the rate will be in effect
- 3) Call Center personnel will understand the general nature of the WSIRA projects which will complement questions regarding the benefits of the program.

Missouri American Water

Initial WSIRA Customer Notice

SAMPLE WSIRA BILL MESSAGE – WATER

Effective 03/01/26, the Water and Sewer Infrastructure Rate Adjustment (WSIRA) per 1,000 gallons is \$0.3781 for Rate A (residential & commercial), \$0.0935 for Rate B (sale for resale), and \$0.0954 for Rate J (large industrial). The WSIRA funds completed water infrastructure replacements and related improvements for our Missouri customers. WSIRA is implemented pursuant to Sections 393.1500 through 393.1509, RSMo. Additional information is available on our website at www.missouriamwater.com

SAMPLE WSIRA BILL MESSAGE – SEWER

Effective 03/01/26, the Water and Sewer Infrastructure Rate Adjustment (WSIRA) for sewer customers will be 0.0249% of the total customer bill, before taxes. The WSIRA funds completed sewer infrastructure replacements and related improvements for our Missouri customers. WSIRA is implemented pursuant to Sections 393.1500 through 393.1509, RSMo. Additional information is available on our website at www.missouriamwater.com

INVESTING IN WATER AND WASTEWATER SYSTEMS

INFRASTRUCTURE INVESTMENT

The Missouri Water and Sewer Infrastructure Act (WSIRA) surcharge has funded over \$1.4 Billion in water and sewer system improvements since 2021.

The WSIRA charge on your water and/or wastewater bill helps fund completed improvements to the vast network of pipelines, fire hydrants, sewers and other critical components of our water and sewer systems. These ongoing improvements are designed to enhance system reliability, resiliency, and fire protection for residents and businesses in the communities we serve.

The typical residential water customer using 5,000 gallons per month pays an average WSIRA charge of \$3.75 per month in St. Louis County, and \$4.02 outside of St. Louis County. The WSIRA charge for wastewater customers is a percentage of the total bill: 0.2287% for customers in Arnold and 3.6937% for sewer customers outside of Arnold.

WSIRA WATER RATES (per 1,000 Gallons)

Customer Class	St. Louis County	Other Missouri
Residential, Commercial and Public Authority (Rate A)	\$0.75071	\$0.80420
Sale of Water for Resale (Rate B)	\$0.21710	\$0.21710
Large Quantity Users (Rate J)	\$0.18946	\$0.24292

WSIRA WASTEWATER RATES (Percent of Total Bill)

Customer Class	Arnold	Other Missouri
All users	0.2287%	3.6937%

WSIRA is implemented pursuant to section 393.1500 through 393.1509, RSMo.

Missouri American Water maintains about 7,500 miles of pipeline and 44,000 fire hydrants in 30 counties across the state. The WSIRA program helps accelerate our replacement of aging infrastructure to improve system reliability. Check out our Pipe Replacement Map at missouriamwater.com to see projects in your neighborhood.

Missouri American Water is proud to serve approximately 1.6 million Missourians with safe, clean, reliable and affordable water and/or wastewater service.

Messages from Missouri American Water

- *****IMPORTANT WATER QUALITY MESSAGE:** Your annual Water Quality Report can be viewed electronically at <http://www.amwater.com/ccr/Lawson.pdf>. If you prefer a paper copy to be sent to you, please contact our Customer Service Center at 1-866-430-0820.
- Effective 01/16/23, the Water and Sewer Infrastructure Rate Adjustment (WSIRA) per 1,000 gallons is \$0.7058 for Rate A (residential & commercial), \$0.2274 for Rate B (sale for resale), and \$0.2465 for Rate J (large industrial). The WSIRA funds completed water infrastructure replacements and related improvements for our Missouri customers. WSIRA is implemented pursuant to Sections 393.1500 through 393.1509, RSMo. Additional information is available on our website at www.missouriamwater.com

STAY ALERT WHEN WE'RE AT WORK

Each year, we invest millions in our infrastructure. That means we're on the road quite a bit.

Please keep yourself and our crews safe by slowing down, giving yourself some space, and staying alert when you see us at work.

the special rate. Customers can contact their local community action agency for more information.

SERVICES

Go Paperless: Save time. Save money. Sign up for **Paperless Billing and Auto Pay** on MyWater at amwater.com/mywater. Not registered? Log in and be sure to have your account number handy.

Water Quality: We take water quality seriously. When it comes to complying with federal drinking water standards, we consistently score better than the industry average. For a copy of the annual water quality report for your area, visit missouriamwater.com. Under Water Quality, select Water Quality Reports.

H₂O Help To Others: H₂O Help To Others is an emergency assistance program created by Missouri American Water and Missouri's Community Action Agencies. The program helps provide supplemental funding to Missouri American Water customers who would otherwise have trouble paying their bills. H₂O Help To Others is supported by contributions from Missouri American Water and voluntary contributions from customers.

Northwest Low Income Rate: To qualify for assistance, customers must be eligible for gas and/or electric utility assistance through the Low-Income Home Energy Assistance Program, or LIHEAP. Customers who qualify will see a reduction on the fixed rate, or customer charge portion of their bill. This reduction is approximately a discount of 80 percent. The usage charge is not affected by

EXPLANATION OF OTHER TERMS

Payment by Check: Paying by check authorizes American Water to send the information from your check electronically to your bank for payment. The transaction will appear on your bank statement. The physical check will not be presented to your financial institution or returned to you.

Estimated Bill: This occurs when we are unable to read the water meter. Your usage from the same billing period the prior year is used to calculate the estimated bill. The next actual meter reading corrects any over or under estimates.

Disputes: If you have questions or complaints about your bill, please call us at 1-866-430-0820 before the due date. If your bill is unusually high, it may indicate that there is a leak in your plumbing. For tips on how to detect leaks and use water wisely, visit us online. You'll find helpful tools under the Water Information menu. Every drop counts!

Rates: A detailed listing of charges that make up your bill is available upon request by contacting Customer Service or visiting us online at missouriamwater.com. Under Customer Service & Billing, select Your Water and Sewer Rates.

Correspondence: Please send written correspondence to PO Box 2798, Camden, NJ 08101. Be sure to include your name, account number, service address, mailing address and phone number including area code. Please do not send correspondence with your payment, as it may delay processing your payment and correspondence.

Understanding Your Bill

The information below defines some of the new terms you may find on your bill:

- **Service Related Charges:** This section includes charges for services related to water (or wastewater) service. If applicable, credits and debits for correction to previously billed charges are itemized in this section.
- **Fees and Adjustments:** This section provides details related to additional charges or adjustments for the service period referenced. Fees, when applicable, would include items such as service activation and late payment charges.
- **Surcharges:** Surcharges are used to recover charges to costs that occur between ratemaking cycles. Common surcharges include Purchased Water, Consolidated Expenses, Conservation, Intervenor Compensation and Payment Assistance.
- **Billing Units:** One billing unit equals 100 gallons of water used. If the meter serving your property measures your water use in cubic feet or a different unit of measure, we convert the usage to gallons to make it easier to understand.
- **Average Daily Use:** The gallons shown in the water droplet above represent your average daily water use for the current billing period. Tracking the amount of water you use can help you manage your overall water use from month to month.
- **Still have questions?** We are here to help. Our customer service representatives are available M–F, 7 a.m. to 7 p.m. More information on understanding your bill and charges can also be found on our website. See the link below.

Para obtener asistencia con la traducción de su factura, comuníquese con nuestro Centro de Servicio al Cliente, de lunes a viernes de 7 a.m. a 7 p.m.

For more information about your charges and rates, please visit:
<https://amwater.com/moaw/rates>

- Effective 01/16/23, the Water and Sewer Infrastructure Rate Adjustment (WSIRA) for sewer customers will be 5.6572% of the total customer bill, before taxes. The WSIRA funds completed sewer infrastructure replacements and related improvements for our Missouri customers. WSIRA is implemented pursuant to Sections 393.1500 through 393.1509, RSMo. Additional information is available on our website at www.missouriamwater.com
