

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Application of Evergy Metro, Inc.,
d/b/a Evergy Missouri Metro and Evergy Missouri West, Inc.,
d/b/a Evergy Missouri West, for Permission and Approval of
Certificates of Convenience and Necessity

Case No. EA-2026-0343

**MOTION FOR PROTECTIVE ORDER REGARDING PERSONAL CONTACT
INFORMATION**

COMES NOW Matthew Roach, appearing pro se, and respectfully requests limited confidential treatment of certain personal contact information contained in his Application to Intervene.

1. Applicant is an individual Buchanan County resident and property owner seeking to intervene in this proceeding in his personal capacity.
2. The Commission's intervention rules require an individual seeking intervention to provide contact information, including a street or mailing address, email address, and telephone number.
3. Applicant has therefore provided his complete contact information to the Commission in an unredacted version of his Application to Intervene.
4. Applicant respectfully requests that his exact residential street address, personal telephone number, and personal email address be protected from unrestricted public display in the Commission's online docket.
5. Applicant is not seeking to conceal his identity, his general residence in the Gower, Missouri area, his ownership of property in Buchanan County, his approximate proximity to the proposed Buchanan Bluffs Energy Center, or the factual basis for his intervention.
6. Applicant seeks only to avoid unnecessary aggregation and unrestricted online publication of his exact home address, personal telephone number, and personal email address in connection with his participation as a private citizen in a contested Commission proceeding.
7. Applicant recognizes that portions of his residential information may otherwise be obtainable from public records. Nevertheless, publication of his residential address together with his personal telephone number, email address, identity, and participation in this proceeding would unnecessarily consolidate personal contact information in a publicly searchable case docket.
8. Applicant has therefore filed a public redacted version of his Application to Intervene and an unredacted confidential version containing the information required by the Commission's intervention rules.
9. Applicant respectfully requests that the Commission permit the unredacted version to remain confidential and make the redacted version available for public inspection.
10. Applicant requests protection only for the limited personal contact information identified above and does not request confidential treatment of the substantive allegations or issues contained in his Application to Intervene.

WHEREFORE, Matthew Roach respectfully requests that the Commission enter a protective order permitting his exact residential street address, personal telephone number, and personal email address to remain confidential, permit the public redacted version of his Application to Intervene to serve as the publicly accessible version, and grant such other relief as the Commission deems appropriate.

Respectfully submitted,

/s/ Matthew Roach
