NOTICE OF SUBSTITUTION OF NON-PROPRIETARY VERSION OF TESTIMONY

It has been brought to the Commission's attention that the NP version of the rebuttal testimony of Ameren Missouri witness Robert Mudge contained certain unredacted tables and graphs that were designated as HC in the highly confidential version of that testimony. Consequently, a revised copy of the NP version of the testimony with the HC information properly redacted has been substituted for that testimony in the Commission's electronic filing and information system (EFIS). The information in question was properly designated in the HC version of the testimony and the HC version of the testimony has not been changed.
