At a session of the Public Service Commission held by telephone and internet audio conference on the 12th day of May, 2021.

In the Matter of the Application of Union Electric Company d/b/a Ameren Missouri for Approval to Expand Its Community Solar Pilot Program and Associated Tariff	)))))	**File No. ET-2020-0022**

ORDER APPROVING JOINT MOTION TO SLIGHTLY MODIFY UNANIMOUS STIPULATION AND AGREEMENT AND TARIFF REVISION

Issue Date: May 12, 2021 Effective Date: May 30, 2021

On April 30, 2021, the Signatories filed a Joint Motion to Slightly Modify Unanimous Stipulation and Agreement and Tariff Revision (Motion).[1] The Signatories note that the currently effective tariff is not workable because it would yield the inappropriate result of Ameren Missouri having to refund enrollment fees to all participants who seek to participate in the Company's expansion of Community Solar. The tariff language made sense under the circumstances of File No. EA-2016-0207, but no longer makes sense in the context of File No. ET-2020-0022.[2]

Therefore, the Signatories agree to slightly modify the Stipulation in this case to allow for revisions of paragraph 4d of the tariff. The first sentence of paragraph 10 of the Stipulation should be modified to read as follows [additions in bold font and brackets]:

> The Signatories agree that paragraphs 8 of the Second Amended Stipulation and paragraphs 8, 10, 12[**A-C & E**] , 13, 15, and 16 of the First Stipulation will continue to apply to the original approximately 1 MW solar, the Ameren Lambert

[1] The Commission approved a Unanimous Stipulation and Agreement on May 13, 2020.
[2] File No. EA-2016-0207 granted Ameren Missouri a certificate of convenience and necessity to construct a solar facility at Lambert International Airport in St. Louis.

> Community Solar Energy Center, except portions regarding the Solar Tariff specifically amended by this Stipulation and Agreement. Ameren Missouri will not construct future Program resources or expansions of existing resources until it has received customer subscriptions totaling 90% of the planned resource's capacity (or expansion capacity) and obtained Commission approval of any required Certificates of Convenience and Necessity ("CCN")….

Furthermore, the revised tariff sheet, Exhibit 1 to the Motion, and denominated Tariff No. YE-2021-0193, revises paragraph 4d of the tariff to remove parts 4d(i) and 4d(ii), and changes the deadline for refund purposes from October 13, 2021 to March 31, 2022.

The Commission may resolve any part of this proceeding on the basis of a stipulation and agreement.[3] After reviewing the Motion, the Commission finds and concludes that the Motion is a reasonable resolution of the issues. The Commission will grant the Motion.

THE COMMISSION ORDERS THAT:

1. The Joint Motion to Slightly Modify Unanimous Stipulation and Agreement and Tariff Revision is granted. The May 13, 2020 Unanimous Stipulation and Agreement is modified as described above.

2. The tariff sheets file by Ameren Missouri on April 30, 2021, and assigned Tariff Tracking Number YE-2021-0193 are approved to go into service on May 30, 2021.

3. This order shall be effective on May 30, 2021.

4. This file shall be closed on June 1, 2021.
