RE: Tempo Telecom, LLC d/b/a Tempo
Relinquishment of Designation as an Eligible Telecommunications Carrier

Dear Ms. Dippell:

This letter is submitted to the Commission to request relinquishment of the designation as an Eligible Telecommunications Carrier ("ETC") in the state of Missouri by Tempo Telecom, LLC d/b/a Tempo ("Tempo" or "Company").

Tempo, a provider of resold prepaid wireless Lifeline phone service, including calling, text messaging, and broadband access, along with handsets, tablets or hotspot devices, was granted designation an ETC by the Order in File No. TA-2013-0545. [1]

Tempo has only thirty-seven (37) customers within the state of Missouri. In anticipation of relinquishing its ETC designation, Tempo provided notice to its customers by text and by the attached letter notification in September 2026.

Due to the highly competitive nature of the telecommunications market, there are numerous alternative carriers available to Tempo's customers, including TAG Mobile, TruConnect Communications, Boomerang Wireless, Assurance Wireless, and others. To the best of Tempo's knowledge, the available alternative providers would not need to construct or purchase additional facilities in order to provide service to Tempo's customers.

The Company believes that this request to relinquish its designation as an ETC in Missouri is compliant with Section 214(e)(4) of the Comunications Act of 1934 and with the requirements of 47CFR 54.205 of FCC rules and requests approval of this relinquishment of the Company's designation as an ETC effective December 31, 2026, or earlier.

Any questions you may have regarding this filing should be directed to my attention with a copy to Carey Roesel at carey.roesel@jsitel.com. Thank you for your assistance in this matter.

Respectfully submitted,
