NOTICE OF REJECTED FILING

Issue Date: November 4, 2026

On October 19, 2026, Brett Felber (Complainant) filed a complaint (Complaint) with the Commission against Spire Missouri Inc. d/b/a Spire. On November 3, 2026, Complainant submitted an item for filing. This Notice explains why it was rejected.

Complainant's Response to Notice of Rejected Filings and Request for Production of Written Denial of Service Notice Pursuant to 20 CSR 4240-13.035

Complainant submitted the above-titled document (Response). The Response stated that it is responding to the *Notice of Rejected Filings* issued on November 2, 2026, and requests the Commission order Spire to produce certain documents.

The portion of the Response that responds to the *Notice of Rejected Filings* states that the Notice was incorrect. By Commission rule, each pleading is required to include a clear and concise statement of the relief requested, a specific reference to the statutory provision or other authority under which requested, and a concise statement of the facts

entitling the party to relief.[1] This portion of the Response is not a motion and makes no request for Commission action.

The second portion of the Response requests that the Commission order Spire to produce certain documents. Requests for discovery must comply with Commission Rule 20 CSR 4240-2.090. A request for discovery is not a proper motion before the Commission.

For the above reasons and pursuant to 20 CSR 4240-2.080(12), the Complainant's Response was not accepted for filing.
