Case No. EX-2010-0169

Dear Mr. Reed;

I live in Northwest Missouri and the Lost Creek Wind Farm project has left a positive impact on me. The wind farm has been a good source of income and employment for me and my family. Not only has it impacted me, it has also helped boost the local economy with local businesses and local farmers in the community of Northwest Missouri. The wind farm has created several much needed jobs for Northwest Missouri. I live about 45 minutes from the wind farm and would like to see more in the near future.

Sincerely,

Ronnie Booher
