Every FLEXLinx customer can select from a wide-range of features and benefits:

**Internet**

- High-speed Internet access - 64kbps dedicated Internet bandwidth increments up to 240 channels
- Unlimited Internet usage - offers you the ability to access the Internet as often as you like
- Web hosting solutions - provides you the ability to market your business online
- Domain name registration - allows you to personalize your web presence (www.yourcompany.com)
- 20 email accounts - allows you to increase productivity through this global communication tool and guard against unwanted email using NuVox's spam filter and anti-virus scanning

**Local**

- You may select from business lines, trunks, or ISDN PRI channels
- Feature-rich local lines offer robust calling features to enhance your communication capabilities

**Long Distance**

- Outbound and inbound services –

enables you to call anywhere in the world

- 1,000 minutes of long distance per month (includes interstate, intrastate, local toll, and 8XX calls - calling card and international calls are not included)
- Option to purchase additional 1,000 minute buckets for highly competitive rates
- Both your unused free minutes and buckets of minutes will rollover for an entire year
- Calling cards - makes it possible for you to call long distance from any location in the U.S., at any time of day
- Account codes – allows you to track long distance billing information

#### Networking

- Private Line data connectivity solutions
- Point-to-Point voice connectivity solutions

#### And, More

- You will receive 100 free Reservationless conferencing minutes per month
- Router and CSU/DSU installation and administration
