**ORDER APPROVING RESRAM TARIFF FILING**

Issue Date: December 8, 2022

Effective Date: February 1, 2023

On September 28, 2022, Union Electric Company d/b/a Ameren Missouri filed a revised tariff sheet and supporting testimony to adjust charges related to the company's approved Renewable Energy Standard Rate Adjustment Mechanism (RESRAM). The revised tariff sheet bears an effective date of February 1, 2023. The Commission directed notice, set an intervention deadline, and ordered its Staff to file a recommendation.

On November 10, 2022, Staff recommended the Commission either allow the substitute revised tariff sheet to take effect on February 1, 2023, or issue an order approving the substitute revised tariff effective February 1, 2023. Ameren Missouri's total RESRAM expense balance as of July 31, 2022, was \$19,971,040, which includes (\$54,673,537) of Production Tax Credit benefits. Total Renewable Energy Standard Costs Recovered for the same accumulation period were \$10,100,629. The annual RESRAM Revenue Requirement going forward is \$687,443. Total RESRAM Recoveries to be recovered from February 1, 2023 through July 31, 2024 are \$10,576,713 which include the going forward revenue requirement of \$687,443, a true-up amount of

(\$12,918) and an under recovery of RESRAM expenses over the accumulation period of \$9,870,411.

Staff's report and Ameren Missouri's substitute tariff filing indicates the tariff will increase the RESRAM rate from a credit of (\$0.00050) per kWh to a charge of \$0.00035 per kWh. For a customer using 1,000 kWh per month, a RESRAM rate of \$0.00035 will result in an increase of \$0.85 per month. Staff reports application of the rate will not exceed the annual cap required by Section 393.1655, RSMo. The Commission has received no other responses to Ameren Missouri's filings in this case or to Staff's recommendation.<sup>1</sup>

On the basis of Staff's examination of Ameren Missouri's uncontested proposed substitute revised tariff sheet, the Commission finds the substitute revised tariff sheet conforms to Commission Rule 20 CSR 4240-20.100. The Commission concludes that the proposed RESRAM adjustment tariff should be approved to become effective on February 1, 2023.
