November 9, 2007

Mr. Gary Roof
P. O. Box 153
Excelsior Springs, MO 64024

Dear Mr. Roof:

Platte-Clay Electric placed a voltage recorder on your meter this fall to monitor your service. Your meter loop was changed over the summer, and your transformer was changed on October 9.

You have indicated you are no longer experiencing flickering lights. The monitor that was placed on your meter will be removed in the near future.

Please do not hesitate to call if you have any questions or concerns.

Sincerely,

Tina Pachl
Staff Engineer
