Increase for Water and Sewer Service Provided in) File Nos. WR-2015-0301
Missouri Service Areas) and SR-2015-0302

**AMENDED AND RESTATED APPLICATION TO INTERVENE BY STONEBRIDGE
VILLAGE PROPERTY OWNERS’ ASSOCIATION (“ASSOCIATION”)**

The Association, pursuant to 4 C.S.R. 240-2.075 amends and restates its Application to Intervene and become a party in the above-referenced consolidated cases. In support of its Application, the Association states as follows:

1. The Association is comprised of members that own property and live in StoneBridge Village in Stone County, Missouri. The Association also operates and manages common areas and amenities that support the Member Association. The Missouri American Water Company (“MAWC”) is the exclusive provider of water and sewer services within StoneBridge Village. Both the Association and Members of the Association are customers of MAWC.

2. The MAWC has filed proposed tariffs reflecting increases in rates for water and sewer services for areas that it serves including, but not limited to, StoneBridge Village. These proposed increases will directly impact the Association and Members of the Association.

3. Although the Association has not received notice or explanation by MAWC, it has seen media coverage concerning the proposed increase in rates.

4. The Association requests it be allowed to participate in this process for further explanation regarding the following:

- a. It is unclear how the proposed increase in sewer and water rates is calculated;

- b. It is unclear what services and repairs are being used as justification for the rate increase;
 - c. It is unclear what improvements, if any, will be constructed by MAWC in the event a rate increase is approved;
 - d. The Association has received complaints from its Members regarding MAWC's service and there are documented leaks and service issues that have not been addressed;
 - e. The Association has received complaints from Members with regard to billing for service issues.
5. The Association timely filed its Application to Intervene on August 25, 2015 and requests this Amended Application relate back to the original filing. The granting of the proposed intervention is in the public interest.

6. Correspondence, communications, and orders in this matter should be addressed to:
