RE: Case No. TO-98-115

Dear Mr. Roberts:

Enclosed for filing in the above-captioned case are an original and fourteen (14) conformed copies of an **AMENDED PAGE 97 OF SECTION XI OF THE STATEMENT OF ISSUES REMAINING** which was filed on November 24, 1997. Please substitute the corrected page 97 for the previously filed page in the amended document. The only change is the deletion of SWBT's language mistakenly placed with AT&T's language. The deleted language exists as SWBT's proposed language on page 96 of Section XI.

This filing has been mailed or hand-delivered this date to all counsel of record.

Thank you for your attention to this matter.

Sincerely yours,

Dana K. Joyce
Special Master/General Counsel

cc: Counsel of Record

of AT&T; that such space may be close to the Collocated Space, possibly including space adjacent to the Collocated Space and/or with access to the outside of the Collocated Space; and that the cage around the Collocated Space is a permeable boundary that will not prevent the Others from observing or even damaging AT&T's equipment and facilities.

Note: This issue is still in dispute. SWBT's proposed language is bolded. AT&T's proposed language is bolded and underlined. AT&T opposes inclusion of SWBT's language.

Special Master Recommendation:

The Commission should adopt the AT&T proposed language without the additional language proposed by SWBT. The SWBT language is unreasonably overbroad in seeking to insulate SWBT for its own actions as well as that of all Others, not just those acting for AT&T. SWBT should not be allowed to evade responsibility for its own culpable acts and that of its agents.
