ORDER RESOLVING FIFTH TRUE-UP FILING

Issue Date: May 1, 2012

Effective Date: May 22, 2012

On March 23, 2012, Union Electric Company d/b/a Ameren Missouri filed direct testimony and schedules in support of its fifth true-up filing as required by Commission rules 4 CSR 240-3.161 and 20.090. Commission rule 4 CSR 240-20.090(5)(D) requires the Commission's Staff to analyze the information Ameren has submitted and to submit a recommendation to the Commission not later than 30 days after Ameren's filing. Also under the rule, the Commission must within 60 days approve, reject, or suspend Ameren's true-up filing.

In its recommendation filed on April 23, 2012, Staff states that the true-up amount for Recovery Period 5 (billing months February 2011 through January 2012) is an under-collection by Ameren of \$4,725,389 plus interest. Staff therefore recommends that the Commission approve Ameren's fifth true-up filing for inclusion in the company's 9th recovery period fuel and purchased power adjustment rates for the billing months of June 2012 through January 2013. Ameren has filed, in File No. ER-2012-0319, a tariff reflecting this calculation.

Based on the calculations set out in Staff's Memorandum in File No. ER-2012-0319, the Fuel Adjustment Charge of a residential customer consuming 1,100kWh per month will increase by approximately \$1.43 per month. Based on the verified recommendation of its Staff, the Commission will approve Ameren's request.

THE COMMISSION ORDERS THAT:

1. The true-up amount for Recovery Period 5 is established as an under-collection by Union Electric Company d/b/a Ameren Missouri of \$4,725,389 plus interest, to be included in its FPA rate adjustment filing.
2. This order shall become effective on May 22, 2012.

BY THE COMMISSION
