Subject: Canton trunks...

John: Century just called and told me the route to Canton is available now. As you recall, we had to take just 48 trunks (24 OT and 24 TT, should have been 72 TT) on the initial turnup, due to route exhaust from WNVL to Canton, MO.

Century wants to know if you still want the other 48 terminating. I told them yes, and can always stop them if you don't want the trunks anymore. They're on 606/T3Z - slots 25 and 26.

They said FOC would show up on 10/12/04. Couldn't tell me the DD, but I would guess 10/22 - 10/26 interval.

Let me know if you have any questions. I will send FOC as soon as they get it to me next week.

Linda
