### INFORMATION REQUEST

Company Name: Kansas City Power & Light Greater Missouri Operations

Case: EC-2019-0200

Requested By: Rob Hack  
Requested From: Nathan Williams

Date Requested: 4/26/2019  
Date Response Needed: 5/16/2019

#### Question No. : KCPL-3

1. a. Is Mr. Schallenberg aware of any order or decision by any federal or state utility regulatory body in the United States granting or denying a request to establish regulatory accounting for the purpose of deferring capital costs (i.e., return on investment) and non-fuel operating and maintenance expenses included in rates for a generating unit (or units) retired by the utility?  
b. If so, please identify and provide all such orders.

#### RESPONSE:

No. Mr. Schallenberg is not aware of any order or decision by any federal or state utility regulatory body in the United States granting or denying a request to establish regulatory accounting for the purpose of deferring capital costs (i.e., return on investment) and non-fuel operating and maintenance expenses included in rates for a generating unit (or units) retired by an utility.
