Brief Description Staff position  
Description Is it Staff's position that the acquisitions requested by Osage Utility Operating Company, Inc. would be unlikely to occur without the probability of obtaining acquisition incentives?  
Response Staff does not take a position on whether the acquisitions would be unlikely to occur without the probability of obtaining acquisition incentives. Commission Rule 4 CSR 240-10.085 states that, "When submitting an application for an acquisition incentive to acquire a nonviable utility, the acquiring utility has the burden of proof and shall demonstrate the following: ... The acquisition would be unlikely to occur without the probability of obtaining an acquisition incentive." Staff based its recommendation on an evaluation of each of the criteria of 4 CSR 240-10.085 and considered the history of each of the systems OUOC seeks to acquire in this matter. Data Request Response provided by Natelle Dietrich (natelle.dietrich@psc.mo.gov) and Jim Busch (jim.busch@psc.mo.gov).
