<u>Item No.</u>	<u>Description</u>
270.	(DR #19 Supplement): Please provide a copy of any internal emails or other electronic communications that refer to or mention any of the meetings identified in response to DR #14 Supplement.

Response: See attachment.

Please consider page 20 of 37 as highly confidential.

Praxair Exhibit No. 135
Case No(s). 28-2006-0315
Date 9-12-06 Rptr. AF

The attached or above information provided to the requesting party or parties in response to this data or information request is accurate and complete and contains no material misrepresentations or omissions, based upon present facts to the best of the knowledge, information or belief of the undersigned. The undersigned agrees to immediately inform the requesting party or parties if during the pendency of this case any matters are discovered which would materially affect the accuracy or completeness of the attached information and agrees to regard this as a continuing data request.

As used in this request the term "document" includes publications in any format, work papers, letters, memoranda, notes, reports, analyses, computer analyses, test results, studies or data recordings, transcriptions and printer, typed or written materials of every kind in your possession, custody or control or within your knowledge. The pronoun "you" or "your" refers to the party to whom this request is tendered and named above and includes its employees, contractors, agents or others employed by or acting in its behalf.

Subject: RE: forecast

The projected refund is approx. \$12.4 million in year three. I am planning a study to show the refund in March 2008. Also, in continuing the IEC, we will use the net amount with no refund as if it were a fuel adjustment clause in 2008 and 2009. I'll keep you posted. Let me know if you have any thoughts on this.

I understand Kelly is projecting a continuation of IEC. So are you just talking about the 3rd year true-up? What is the projected amount of refund? It is important to show, but may be immaterial?
Greg

Subject: forecast

Greg,

I will receive the revenue numbers in the morning and have a question regarding the IEC. I can easily provide, by end of day Tuesday, the forecast using net IEC, as we did in the forecasts last week. If we want to show the Provision for Refund and the effect on the cash flow in year three, that will take a bit more time to verify that everything is flowing correctly. It could be Wednesday before that one is ready. Which do you want to take to NY?

- Sherry
